# RI PRESIDENTIAL MESSAGE

When I stepped into the role of Rotary International president, the moment came swiftly and unexpectedly. It got me thinking how the world can change in an instant, and how Rotary has the power to be a steady force for good in that change. This month, Rotary's Basic Education and Literacy Month, we have a clear call to action: to strengthen the foundation of learning in every community we serve.

Millions of people worldwide remain unable to read. Millions of children lack access to basic education. And yet, we know the solution: sustainable, inclusive, and equitable education, especially for girls and marginalized youths. Literacy is more than the ability to read and write. It is the key to human dignity, economic mobility, and peace. Every book opened, every classroom supported, and every teacher trained becomes a building block of peace.

This year, our message is Unite for Good. "Unite" speaks to the strength we find in each other. When we unite our talents and resources — not only among our clubs but across partners, organizations, and communities — we expand our reach. And when we do so consistently over time, we create lasting change. Rotary service cannot be measured only in annual goals. Our work in education must extend beyond a single year. Literacy projects take time to take root, grow, and bear fruit.

Now is the time to think boldly and creatively. New types of clubs can help us engage educators, students, and advocates in new ways. Let us use this month to welcome new members with a passion for education and empower existing ones to lead service projects that reflect local needs. Whether you're building libraries, distributing textbooks, or mentoring students, your actions matter.

Education is also peacebuilding. Every scholarship we provide, every early childhood program we support, every adult literacy class we fund is an act of peace. And Rotary has been building peace in this way for more than a century.

Let us not forget that the fight for literacy is not only about access, it's about equity. It is about ensuring every learner, regardless of background, has the opportunity to reach their potential. And it is about standing together — across borders, languages, and generations — to say that education is a right, not a privilege.

Let's Unite for Good by committing to literacy that lasts. Let's dream of a world where every child learns to read. And then, as people of action, let's work together to make that dream a reality.

Together, we can change lives, starting with the power of education. Together, we Unite for Good.

**FRANCESCO AREZZO**

# PRESIDENT'S NOTES

There is a tendency to equate learning with progress—but learning, without application, is simply accumulation.

The Vibrant Club Seminar held on September 13, 2025, offers a more critical lens: how do we translate insight into execution? Because the value of spaces like this is not in the volume of ideas generated, but in the discipline of implementing them within our own club systems. The emphasis on Rotary as People of Action is both affirming and demanding. Affirming, because it reflects what we aspire to be. Demanding, because it raises the standard—action must now be intentional, measurable, and sustainable.

Our representatives—Secretary Zarah A. Mercado, Public Image Chair Carl Aldrich, PAG/PP Editor, and RTN Raissa—return not just with learnings, but with a responsibility. The question now is not what did we learn? but what will we change?

Because strengthening a club is not conceptual—it is structural. It requires refining processes, clarifying roles, and building systems that outlast individual terms. Innovation in service projects is important, but without operational consistency, even the most creative initiatives lose momentum.

This is where many organizations fall short—they prioritize inspiration over infrastructure. So the challenge moving forward is precise: how do we embed what we have learned into the way we plan, execute, and evaluate our initiatives? How do we ensure that member engagement is not episodic, but sustained? And how do we leverage public image not just for visibility, but for credibility and trust?

Attending the seminar is a step. Implementation is the real work. If we are to truly embody People of Action, then our leadership must be defined not by what we know, but by what we consistently do—and more importantly, by what continues to function even in our absence.

**WINSTON U. YAO CABIGON**
