Invocation

LORD JESUS, Son of God, You humbled Yourself
 to become man in order to serve and not to be served.

We humbly ask You to teach us the ideals of
 service: that what matters most is not how much have
 we got, but how much we have given; not how we
 have won, but how much we have done; not how
 much we have saved, but how much we have
 sacrificed; not how much were we honored but how
 much have we served. Amen.

Nigeria reaches crucial polio milestone

By Ryan Hyland

It's been three years since health officials last reported a case of polio caused by the wild poliovirus in Nigeria. The milestone, reached on 21 August, means that it's possible for the entire World Health Organization (WHO) African region to be certified wild poliovirus-free next year.

Nigeria's success is the result of several sustained efforts, including domestic and international financing, the commitment of thousands of health workers, and strategies to immunize children who previously couldn't be reached because of a lack of security in the country's northern states.

"Rotary, its Global Polio Eradication Initiative partners, and the Nigerian government have strengthened immunization and disease detection systems," says Michael K. McGovern, chair of Rotary's International PolioPlus Committee. He adds: "We are now reaching more children than ever in some of the hardest-to-reach places in Nigeria."

McGovern says Rotary members in Nigeria play an important role in ridding the country of the disease. "Rotarians have been hard at work raising awareness for polio eradication, advocating with the government, and addressing other basic health needs to complement polio eradication efforts, like providing clean water to vulnerable communities."

Nigeria is the last country in Africa where polio is endemic. Once Africa is certified as free of the wild poliovirus, five of the WHO's six regions will be free of wild polio. Polio remains endemic in Afghanistan and Pakistan, which means transmission of the virus has never been stopped.

Dr. Tunji Funsho, chair of Rotary's Nigeria National PolioPlus Committee, acknowledges the milestone but cautions Rotary members about celebrating too soon. He cites the challenge of making certain that routine immunizations reach every child in Nigeria.

"It's paramount that we ensure all doors are locked to the re-entry of the wild poliovirus into our country," says Funsho.

Funsho says to achieve this, Rotary needs to maintain strong advocacy efforts, continue to increase awareness of immunization campaigns, and ensure members raise necessary funds. Rotary has contributed \$268 million to fight polio in Nigeria. "As the first organization to dream of a polio-free world, Rotary is committed to fulfilling our promise," says McGovern. "Our progress in Nigeria is a big step toward that goal, but we need to maintain momentum so that Pakistan and Afghanistan see the same level of progress."

Join Rotary on [World Polio Day](#), 24 October, to celebrate our progress. Help us reach our goal of a polio-free world by [donating](#) today.

Greetings!

Last week was a very productive week. Thursday we accompanied the reigning Mrs. International Universal 2019 Lovely Gervacio Tajan in handling out milk and diapers to the children in the Missionaries of Charity and the feeding of street children at the Elpidio Quirino Elementary School.

There was also the food packs that were handed out to the flood victims in Talomo area. A total of 600 plus food packs were distributed last Saturday to the said victims. Shout out of thanks to PDG Nonoy and Family, PP JL, PP Maeng, PDDG Arthur, PP Jacob for your donations.

And last but not the least, I was approached by DGE Riezl last Thursday during the ACOM meeting. He told me about the status of the Global Grant that IPP Norma applied for. I have some good news to announce but that will be done later during the meeting.

Good day and God bless!
