PRESIDENT'S MESSAGE

Pres. Robert Andrade

Dear Life changing Rotarians,

October is indeed a colorful month. We started celebrating with the color PINK for our advocacy on breast cancer awareness “ Early Detection Saves Lives” then we turned RED for World Polio Day. Thank you to the rotarians who supported our projects with their attendance last Sunday, October 24, 2021. Your presence made our motorcade a huge success with more than 30 cars on the road.

Our country has been Polio free for quite a number of years but in 2019, Polio virus was again detected. Globally, it is the countries of Pakistan and Afghanistan wherein polio disease is still very active. Eradicating Polio is the main goal of Rotary and until we achieve this, let all be vigilant and continue to support this fight.

An update on our district grant project, we have finally completed this with the information campaign we combined into our motorcade last Sunday. Vaccine awareness, call to get vaccinated thru a very up beat song that got the residents all around the city along the motorcade route dancing to the tune. What a way to catch their attention and deliver our message “Pagpabakuna” “Protektahi an Imo Pamilya”

Another project on awareness of Polio virus and vaccination to prevent such disease was implemented in Robinsons North Mall with the END POLIO NOW standees in all ingress and egress. Our club was also allocated two spaces in the waiting shed area where streamers were installed.

On Tuesday October 26, 2021, I together with DS/COS Cay and Sec. Mark represented our club in donating care kits for 21 pediatric patients from all over the region, who were recipients of a Global Grant applied thru the efforts of PP Jaena Jimenez of the Rotary Club of Metro Pasig in partnership with the Philippine Heart Center and numerous Rotary clubs and rotarians who pitched in their financial support to makes this grant possible.

PRESIDENT'S MESSAGE

Pres. Robert Andrade

It is evident that our donation to The Rotary Foundation, is instrumental in changing the lives of the children and their parents, giving them an opportunity to live a normal life. The care kits distributed were personalized according to age of the patients ranging from 1 year old to 19 years old. It contains milk, multi-vitamins, diapers, bath soap, shampoo, alcohol, face masks, biscuits and of course toys to perk up the mood of the children while recuperating. Indeed a life changing experience for us to visit EVMC, converse with them and turn over the said items to the mother and child.

With only three days to go before the month ends, we still have another project which is the cooking contest to be held on Saturday, October 30, 2021 at 9:00 a.m. at City Hall Extension at Tacloban North. It is a two storey newly completed building along the highway, a few minutes after GMA Village. Hope to see you all as we culminate the month with our project on Community and Economic Development.

Cheers to October as we successfully completed our projects with the participation of an increasing number of our members. Thank you Thank you for your support.

November is the Rotary Foundation month. We have been campaigning for early donations to allow our club and the members to be included in the recognitions to be awarded of TRF night this coming November 13, 2021. The cut-off date to deposit donations is tomorrow October 29, the last banking day of the month. To those who have already turned over the contributions, a BIG THANK YOU for your generosity. To those who have pledged to donate to TRF. I hope you can turn over the soonest to meet the cut off.

Yours in Rotary Service,

Bobby

SECRETARY'S MESSAGE

Sec. Mark Esperancilla

Birth defects of the heart known as congenital heart defects or CHD, are birth defects that can affect the structure of a baby's heart and the way it functions. It can affect how the blood flows through the heart and out to the rest of the body. CHD's can vary from mild, such as a small hole in the heart, to severe, such as missing or poorly formed parts of the heart. Some severe forms of CHD's can be detected during pregnancy while others are diagnosed later in life if having symptoms such as rapid breathing, rapid heartbeat, extreme tiredness and fatigue and a blue tinge to the skin or lips, commonly known as a "blue baby".

Last Tuesday October 26, 2021 I was able to witness firsthand the struggles of the child and the parent who have experienced trying to raise a kid with Congenital Heart Disease. The stress and financial burden it puts on the family can sometimes be so drastic that lifestyle of the entire family has to be adjusted to fit the needs of the ailing. As a father, I cannot imagine myself being subjected to witnessing your child not being able to live a normal active life. Bearing witness to a mother's tears of joy, for having been chosen as one of the recipients to Rotary's Global Grant project of a cardiovascular surgical mission, while waiting for his son to come out of the surgery room was very moving to say the least. District Governor Anna Bumagat was able to talk to one mother whose son was already 19 years old and having the surgery at that very moment. Hearing their struggles and the gratitude she was feeling towards Rotary, I was able feel the impact we create on somebody's life through our club giving to the Rotary Foundation.

All in all, a total of 21 heart surgeries were performed by the good doctors from the Philippine Heart Center at EVMC, with 13 open heart surgery and 8 closed heart procedure. Thanks to our contributions to Rotary International, life-changing projects like this become a reality in our community.

Yours in Rotary Service,

Mark
