# PRESIDENT'S MESSAGE

## *Pres. Robert Andrade*

### **Rotary International Presidents Message for December 2021**

Public health is on everyone's mind due to the global pandemic that still threatens the safety of ourselves and our loved ones. In a sense, COVID-19 has made all of us much more aware of the roles and responsibilities of medical professionals than we were before we had to wear masks and maintain social distance. In addition, while moving through this pandemic, we have also learned about the role we can play in keeping others safe.

December is Disease Prevention and Treatment Month in Rotary. The pandemic unfortunately has schooled most people on the toll that disease takes on our communities. But fighting disease is something that Rotarians around the world have been doing for decades. In fact, it is one of Rotary's seven areas of focus.

As Rotarians, we believe that good health and well-being is a human right — even though 400 million people across the globe do not have access to essential health services. The work we do in establishing clinics, eye hospitals, and blood banks, as well as in building infrastructure for medical facilities in underserved communities, all returns to a central belief that access, prevention, and education are the keys to stopping deadly outbreaks that harm the most vulnerable.

My exposure to health work began with my Rotary club, Calcutta-Mahanagar. There, among other things, I helped pioneer a

program called Saving Little Hearts that over the years has provided more than 2,500 free heart surgeries for children from India, Pakistan, Bangladesh, Nepal, and Africa. Before the program went international, it started locally with the goal of performing just six surgeries within our community. Today, our goal is to complete another 20,000 surgeries over the next five years.

The world relies on Rotary to tackle challenges like these and to set an example for others. Over the past decade, medical professionals and government workers have provided free health services to 2.5 million people in 10 countries during Family Health Days, which are organized by Rotarians around the world. Similar health camps in India also provide thousands of surgeries to those in need. Medical missions from India to Africa each year are an excellent example of hands-on service in disease prevention and treatment. Rotary members can also get involved at a local level; clubs in the United States and Mexico, for example, fund a free health clinic in Guerrero, a small town in Mexico.

And of course, our effort to eradicate polio is by far the best story in civil-society health care.

This month, think about how your club can focus on preventing and fighting disease. This is the time to take a bigger, better, bolder approach through both club and district projects that can impact more people. Re-evaluate where you are with your goals. Create strategies that can sustain change over years, not months.

Everyone deserves a long, healthy life. When you Serve to Change Lives, your actions today can help extend the lives of others.

# SECRETARY'S MESSAGE

## *Sec. Mark Esperancilla*

Good day fellow Rotarians!

Last November 28, 2021 we held our “Ride To End Polio” project, which was a great success, thanks to the efforts of our life-changing President Robert Andrade with spouse District Secretary Caroline Andrade, project chair Past President Bonifacio Tordillo, Vice President Jonathan Calvara, our master Architect treasurer Malcom Ching and The Rotaract Club of Tacloban who helped organized the event. With over three hundred riders who participated I believe we have created a buzz on Rotary’s main goal to eradicate the deadly disease. To our major partners, Petron Blaze, Petron Sprint and Smart Communications thank you so much for your support, without you this would not have been possible.

The calendar year is coming to a close, as we spend time with our families this Christmas season let us not forget to be grateful for the blessings we have received this year. Indeed, this year has continued to be challenging for all of us as a club, travel is restricted, large gatherings are still limited, the fear of Covid 19 still lingers. But like most dark times this is always a light at the end of tunnel. Let this season be filled with hope, a revival of who we were before all of this, an outlook with a greater sense of positivity. Let us all claim the year ahead to be the resurgence of humanity, let us take the lessons from the past two years of being constrained to build a better way of fellowship and find ways to keep the connection with each other.

The much-awaited Awards Night and Christmas Party is fast approaching, so mark your calendars!

Yours in Rotary Service,

Mark

## Project Lifecycle Resources

(Series 1)

From planning and supporting your effort to promoting and evaluating its impact, these resources can help ensure success throughout the lifecycle of your project:

### Planning & Organizing

Well-planned service projects are more likely to have a strong impact and create effective and transparent communication between your community and club. Every community has its own unique assets and concerns. Learn about Rotary's six causes to help address some of the world's most critical needs.

### Leverage your District's Local Expertise

Many districts maintain networks of local experts (district resource network) with technical and project-planning expertise. Download our infographic to take the first step to planning sustainable, successful projects and grants. Ask your district international service chair to help you get in touch with them early in the planning process and how to connect with resources to improve projects and global grants. Your district or regional experts can serve as advisors to help your club:

- Align a project with Rotary's areas of focus
- Obtain assistance with project design/planning and implementation
- Learn about the global grant process
- Conduct a community assessment
- Identify international partners
- Secure funding
- Ensure the sustainability of the project
- Establish measurement and evaluation benchmarks

You can also identify local and international experts from the Rotary family through your district's resource network, Rotary Action Groups, or the TRF Cadre of Technical Advisors. Learn more about the support each of these groups can offer your clubs. Read how clubs can leverage member expertise to plan more impactful and sustainable service projects.

### Exchange Ideas in the Online Community

Share your ideas and get advice by asking the experts in our Cadre-led Area of Focus discussion groups and exploring groups facilitated by members involved in RAGs, RCCs, global grants and more.

### Conduct a Community Assessment

Work with your community to identify a need, how best to address it, and what resources are available. A Rotary Community Corps can help you build a relationship with stakeholders.

### Set Service Goals

Use Rotary Club Central to set and track your project's goals. If you plan to apply for a global grant to fund your project, consult the Monitoring and Evaluation Plan Supplement for suggested project measures and sample project monitoring plans.

### Create a Project Plan

A comprehensive project plan will help you manage your resources, anticipate problems, and evaluate your project's success. Form a club service projects committee to oversee your projects.
