PRESIDENT'S MESSAGE

JUDE A. DUARTE
President, RY 2025-2026

Esteemed Rotarians,

Good day to everyone. I hope the week has been going well for all of you as we continue with our regular club activities.

For our upcoming regular meeting, we will have Mr. Friedreik E. Esquierdo as our guest speaker. He will share his thoughts on the present economic situation of the country. His discussion will touch on how recent developments in the global energy market affect everyday life. Recent tensions and conflict in the Middle East have disrupted oil supply routes and raised concerns about fuel availability. Because a large portion of the world's oil passes through that region, disruptions there often push oil prices upward and affect transportation costs, goods, and services in many countries (Reuters, 2026).

Mr. Esquierdo will help us understand these developments in simpler terms and explain how global events connect to the rising costs we are experiencing locally. His talk should give us a clearer view of the economic environment that businesses and households are currently navigating. I encourage everyone to attend and take part in the discussion.

On another matter, the assessment for the second semester dues has already been distributed. Kindly take time to settle your accounts early. Our club is preparing to complete our commitments for EREY and the PolioPlus Fund within this month. Early settlement of dues will help us meet these goals without difficulty.

Please also remember that March 31 is the deadline for early bird registration for DISCON 2026 in Cebu City. Members who plan to attend are encouraged to register early in order to avail of the discounted rate. The district conference is a valuable gathering where Rotarians from different clubs meet and receive updates on district initiatives.

Finally, this is also a general reminder regarding our obligations in Rotary. These include our RI dues and other commitments that allow Rotary programs to continue operating across different parts of the world. Regular support from members keeps these programs active and ensures that our club remains in good standing.

Thank you for your continued participation in the club's activities. Your presence in meetings and your support for our commitments help keep the work of the club moving steadily. I look forward to seeing many of you in our upcoming meeting.

United in Service,

JUDE A. DUARTE
President, Rotary Club of Tacloban

SECRETARY'S MESSAGE

ROMER S. SERNA
Secretary, RY 2025-2026

Dear Fellow Rotarians,

Last week's regular meeting was presided over by PE/VP Neil Sia. I would like to thank him for stepping in and guiding the meeting. His presence ensured that the club continued with its regular schedule and that important matters were still discussed.

Attendance was understandably lighter than usual since many members had other commitments that required their attention. There are times when work or other responsibilities take priority, and that is part of the rhythm of our busy schedules. Even so, I would like to express my appreciation to the members who were able to attend the meeting despite their own responsibilities. Your effort to make time for the club is always valued.

The discussion during the meeting continued to touch on current club matters and upcoming activities. These gatherings allow us to stay informed about the direction of the club and the plans that are gradually taking shape for the coming weeks. Even with a smaller group present, the conversation remained productive.

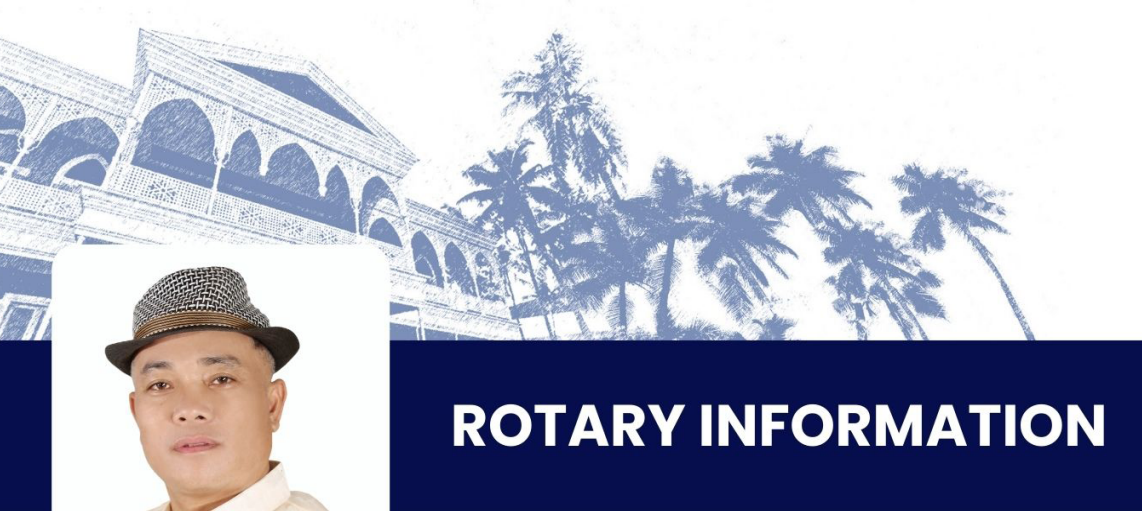

Our regular meetings also serve as an avenue for members to reconnect and stay updated on what is happening within the club. Each meeting helps maintain communication among members and ensures that everyone remains aware of ongoing commitments and activities.

As we move into the next meetings, I hope more members will be able to join again as schedules allow. The presence of each Rotarian contributes to the discussions and decisions that guide the work of the club.

Thank you again to PE/VP Neil Sia for presiding over the meeting, and to the members who made time to attend. We look forward to having more of you with us in the activities ahead.

Respectfully in Rotary Service,

ROMER S. SERNA
Secretary, Rotary Club of Tacloban

ROTARY INFORMATION

NEIL M. SIA
President Elect/Vice President, RY 2025-2026

Rotary International Presidents message for March 2026

Water connects us all. From a river in a remote forest to a stream running past a city neighborhood, freshwater ecosystems sustain humanity. Yet these waters are increasingly under strain. Pollution, overuse, and climate pressures remind us that protecting freshwater is a global challenge.

Rotary has always believed change begins within communities. Now we are working to see how far the impact of community action can travel. When local service is connected, measured, and shared, it becomes a force that extends beyond geography and borders.

A water project led by the Rotary Club of Panamá Nordeste exemplifies this idea. The project served Indigenous communities in Panama's Darién province, a region accessible only by canoe and small boat. With no roads, limited electricity, and reliance on untreated river water, families faced serious health risks.

To reach these communities, Rotarians had to rethink how supplies and services could be delivered. Working with a partner club in the United States and a specialized water organization, they introduced solar-powered water treatment systems for an area without access to an electrical grid. Local leaders were trained to operate and maintain the system, ensuring that clean water would continue flowing long after installation crews departed.

The results were immediate. Children who once missed school due to illness returned to classrooms. No longer needing to haul water from rivers, adults gained time and strength to work and support their families. What began as a water project became a foundation for healthier, more resilient communities.

This is how we extend our reach: combine local leadership with global partnerships, technical expertise, and long-term thinking.

That same spirit is at the heart of Rotary's partnership with the United Nations Environment Programme through the Community Action for Fresh Water initiative. Around the world, Rotary and Rotaract clubs are restoring waterways, protecting wetlands, and safeguarding vital freshwater sources. By collecting data to map and measure this work, we can better understand its impact and show how local service contributes to worldwide solutions.

Data is not an end. It is a tool that helps us learn and improve so that Rotary's service delivers real, measurable change. Each project entered and each waterway restored adds to a shared story of stewardship and responsibility. You can learn more and get involved at communityactionforfreshwater.org.

As we observe Water, Sanitation, and Hygiene Month, I encourage you to reflect on the freshwater systems that sustain your community and the role Rotary can play in protecting them.

When we connect local action to a global vision, we strengthen Rotary's ability to make lasting change. Together, by extending our reach and working side by side, we truly Unite for Good.

OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster

- 1. The development of acquaintance as an opportunity for service;**
- 2. High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;**
- 3. The application of the ideal of service in each Rotarian's personal, business, and community life;**
- 4. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.**

THE FOUR WAY TEST OF THE THINGS WE THINK, SAY OR DO

- 1. Is it the TRUTH?**
- 2. Is it FAIR to all concerned?**
- 3. Will it build GOODWILL and BETTER FRIENDSHIPS?**
- 4. Will it build BENEFICIAL to all concerned?**
