## **INVOCATION**

Today we pray that we receive Your special blessing because we are committed to be a real service organization to help humankind. May each of us in our daily routine come to know the joy of caring and sharing with others not as fortunate as we are. May our motto that includes serving, caring and sharing be for us life in service. Amen.

# THE FOUR-WAY TEST

The test which has been translated into more than 100 languages, asks The Following questions:

Of the things we think, say or do

- Is it the **TRUTH**?
- Is it **FAIR** to all concerned?
- Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
- Will it be **BENEFICIAL** to all concerned?

## The Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- FIRST.** The development of acquaintance as an opportunity for service;
- SECOND.** High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- THIRD.** The application of the ideal of service in each Rotarian's personal, business, and community life;
- FOURTH.** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

## PHILIPPINE NATIONAL ANTHEM

Bayang magiliw  
Perlas ng silanganan  
Alab ng puso  
Sa dibdib mo'y buhay

Lupang Hinirang  
Duyan ka nang magiting  
Sa manlulupig  
Di ka pasisiil

Sa Dagat at bundok sa simoy  
At sa langit mo'y bughaw  
May dilag ang tula  
At awit sa paglayang minamahal  
Ang kislap ng watawat mo'y  
Tagumpay na nagniningning  
Ang bituin at araw niya'y kailan  
Pama'y di magdidilim

Lupa ng araw ng luwalhati't pagsinta  
Buhay ay langit sa piling mo  
Aming ligaya nang pag  
May mang-aapi  
Ang mamatay ng dahil sayo

## BOHOL PROVINCIAL HYMN

Yuta kong minahal,  
Hatag ni Bathala;  
Sa adlaw'g gabi-i,  
Taknang tanan  
Dinasig sa kinaiyahan  
Sa mga bayaning yutawhan  
Imong kalinaw gi-ampingan  
Lungsod sa bungtod nga  
matunhay  
Ug matam-is nga kinampay

Puti ang kabaybayunan  
Walog sa suba binisbisan  
Bahandi sa dagat ug kapatagan  
Gugma ang tuburan  
Sa kagawasan sa tanan  
Panalanginan ka  
Ihalad ko lawas ug kalag  
Sa mutya kong Bohol.

*I want to be, A Rotarian for the world  
Make the Rotary flag, be the flag of  
peace unfurled*

*I will serve my community  
Help to seek international unity  
Thru Rotary, I will dedicate my all  
World understanding shall be my  
cherished goal*

*Refrain :*

*With the Four Way Test  
I'll pursue my quest  
And I in a way help obtain  
Peace in the world  
Then I won't have lived in vain.*

*I'll observe Service Above Self  
Lend a hand to all who'll need my  
help*

*I'll get my spouse to involve in Rotary  
And in Rotary ways, I will train my  
family*

*(Repeat Refrain - substitute "I" with  
"We")*

*Build a bridge for tomorrow's youth  
Strengthened by nothing but the truth  
Let's join our hands, there's no  
reason to divide*

*We shall all understand, while the  
good Lord is our guide*

*(Repeat Refrain - substitute "I" with  
"We")*

## How to Start an Eco club

**Start small:** “Start with small groups of interested individuals,” says Tom Gump, a past governor of District 5950 (Minnesota). “Lunches work best. Save the big organizational meeting until you have 30 or so individuals interested in joining. You need 20 members to register a new club and additional members are encouraged.”

**Get social:** “Social media has been a huge factor,” says Steve Solbrack, a charter member and director of the Rotary Club of Twin Cities Eco, Minnesota. “At least 12 of our members found us on Facebook or Meetup.”

**Cast a wide net:** “I co-founded the Rotary Club of Duluth Superior Eco, Minnesota, in 2008,” says District 5580 Governor Kay Biga. “My goal was to start a club that was attractive to women and younger members. We learned that an environmental theme appeals to a wide variety of people.”

**Keep it fun:** “We plan for a minimum of six social and recreational events each year,” says Solbrack. “Snowshoeing, hiking, kayaking, film discussion, lawn bowling, and social gatherings at members’ homes are a few examples.”

**Don’t get discouraged:** “You need enthusiasm and patience,” says Eco Milano member Franz Müller. “Especially, I would say, enthusiasm.”

## Glimpse of Us Song by Joji

She'd take the world off my shoulders  
If it was ever hard to move  
She'd turn the rain to a rainbow  
When I was living in the blue  
Why then, if she is so perfect  
Do I still wish that it was you?  
Perfect don't mean that it's working  
So what can I do? (Ooh)

When you're out of sight  
In my mind

'Cause sometimes I look in her eyes  
And that's where I find a glimpse of us  
And I try to fall for her touch  
But I'm thinking of the way it was  
Said I'm fine and said I moved on  
I'm only here passing time in her arms  
Hoping I'll find  
A glimpse of us

Tell me he savors your glory  
Does he laugh the way I did?  
Is this a part of your story?  
One that I had never lived  
Maybe one day you'll feel lonely  
And in his eyes, you'll get a glimpse  
Maybe you'll start slipping slowly  
And find me again

When you're out of sight  
In my mind

'Cause sometimes I look in her eyes  
And that's where I find a glimpse of  
us  
And I try to fall for her touch  
But I'm thinking of the way it was  
Said I'm fine and said I moved on  
I'm only here passing time in her  
arms  
Hoping I'll find  
A glimpse of us

Ooh, ooh-ooh  
Ooh, ooh-ooh  
Ooh, ooh, ooh

'Cause sometimes I look in her eyes  
And that's where I find a glimpse of  
us  
And I try to fall for her touch  
But I'm thinking of the way it was  
Said I'm fine and said I moved on  
I'm only here passing time in her  
arms  
Hoping I'll find  
A glimpse of us

## **DOH RECORDS LOWER DENGUE CASES FOR THE FIRST HALF OF 2022**

The Department of Health (DOH) reports recent increases in dengue cases observed starting the end of March 2022.

Based on data gathered by the Epidemiology Bureau (EB), a six percent (6%) decrease has been recorded - from 27,010 last year, down to 25,268 this year for the said period. However, for March 20 to April 30, also known as Morbidity Weeks 12 to 17, the reported 11,435 dengue cases was 94% higher than the cases reported during the same specific time period in 2021 (5,901).

Also, in the most recent reported period, from April 10 to May 7, 2022 where 6,622 cases were reported, most of the cases were from Region IX making up 14% (908 cases), Region VII at 13% (881 cases), and Region III at 9% (593).

To avoid the continuous increase in dengue cases, the DOH reminds the public of the need to practice the following 4S behaviors, which stands for Search and destroy breeding places, Secure self-protection, Seek early consultation, and Support fogging/spraying in hotspot areas - especially as the country is experiencing the rainy season.

“As the rainy season approaches, many diseases spread - and one of those is Dengue. We are taking proactive actions in preventing outbreaks and raising awareness to curb the increase in the number of cases. Rest assured that the DOH is closely monitoring every disease trend, and is well-prepared to respond to any healthcare aid any Juan or Juana may need,” said Dr. Maria Rosario Singh-Vergeire, Undersecretary of Health and Official DOH Spokesperson.

# CONTINUING MAJOR DONORS

Club's first MAJOR DONORS

PAG Victor Bantol

PSAG Louella Bantol

#### PEACEBUILDING AND CONFLICT PREVENTION

Today, 42 million people are displaced by armed conflict or persecution. Through our partnerships with several leading universities, Rotary Peace Fellows develop the skills to strengthen peace efforts, train local leaders to prevent and mediate conflict, and support long-term peace building in areas affected by conflict. We provide up to 100 peace fellowships per year at Rotary Peace Centers.

#### DISEASE PREVENTION AND TREATMENT

More than 100 million people are pushed into poverty each year because of medical costs. We aim to improve and expand access to low-cost and free health care in underdeveloped areas. Our members educate and mobilize communities to help prevent the spread of major diseases such as polio, HIV/AIDS, and malaria. Many of our projects ensure that medical training facilities are located where the workforce lives.

#### WATER, SANITATION, AND HYGIENE

More than 2.5 billion people lack access to adequate sanitation facilities. At least 3,000 children die each day from diarrheal diseases caused by unsafe water. Our projects give communities the ability to develop and maintain sustainable water and sanitation systems and support studies related to water and sanitation.

#### MATERNAL AND CHILD HEALTH

At least 7 million children under the age of five die each year due to malnutrition, poor health care, and inadequate sanitation. To help reduce this rate, we provide immunizations and antibiotics to babies, improve access to essential medical services, and support trained health care providers for mothers and their children.

#### BASIC EDUCATION AND LITERACY

Sixty-seven million children worldwide have no access to education and more than 775 million people over the age of 15 are illiterate. Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

#### COMMUNITY ECONOMIC DEVELOPMENT

Nearly 1.4 billion employed people live on less than \$1.25 a day. We carry out service projects that enhance economic and community development and develop opportunities for decent and productive work for young and old. We also help strengthen local entrepreneurs and community leaders, particularly women, in impoverished communities.

#### ENVIRONMENT

We are committed to supporting activities that strengthen the conservation and protection of natural resources, advance ecological sustainability, and foster harmony between communities and the environment. We empower communities to access grants and other resources, embrace local solutions, and spur innovation in an effort to address the causes and reduce the effects of climate change and environmental degradation.
