Host of the Day

INVOCATION

For friends, good, fun and fellowship, especially the fellowship of Rotary we give our sincere thanks. May these tokens of your bounty nourish our physical bodies in preparation for the challenges that are ours in Rotary. Keep us always mindful of the needs of others and keep us always attuned to our calling in Rotary. We ask these things in the Name of your Eternal Truth. Amen.

THE FOUR-WAY TEST

The test which has been translated into more than 100 languages, asks The Following questions:

Of the things we think, say or do

- Is it the **TRUTH**?
- Is it **FAIR** to all concerned?
- Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
- Will it be **BENEFICIAL** to all concerned?

The Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- FIRST.** The development of acquaintance as an opportunity for service;
- SECOND.** High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- THIRD.** The application of the ideal of service in each Rotarian's personal, business, and community life;
- FOURTH.** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

PHILIPPINE NATIONAL ANTHEM

Bayang magiliw
Perlas ng silanganan
Alab ng puso
Sa dibdib mo'y buhay

Lupang Hinirang
Duyan ka nang magiting
Sa manlulupig
Di ka pasisiil

Sa Dagat at bundok sa simoy
At sa langit mo'y bughaw
May dilag ang tula
At awit sa paglayang minamahal
Ang kislap ng watawat mo'y
Tagumpay na nagniningning
Ang bituin at araw niya'y kailan
Pama'y di magdidilim

Lupa ng araw ng luwalhati't pagsinta
Buhay ay langit sa piling mo
Aming ligaya nang pag
May mang-aapi
Ang mamatay ng dahil sayo

BOHOL PROVINCIAL HYMN

Yuta kong minahal,
Hatag ni Bathala;
Sa adlaw'g gabi-i,
Taknang tanan
Dinasig sa kinaiyahan
Sa mga bayaning yutawhan
Imong kalinaw gi-ampingan
Lungsod sa bungtod nga
matunhay
Ug matam-is nga kinampay

Puti ang kabaybayunan
Walog sa suba binisbisan
Bahandi sa dagat ug kapatagan
Gugma ang tuburan
Sa kagawasan sa tanan
Panalanginan ka
Ihalad ko lawas ug kalag
Sa mutya kong Bohol.

*I want to be, A Rotarian for the world
Make the Rotary flag, be the flag of
peace unfurled*

*I will serve my community
Help to seek international unity
Thru Rotary, I will dedicate my all
World understanding shall be my
cherished goal*

Refrain :

*With the Four Way Test
I'll pursue my quest
And I in a way help obtain
Peace in the world
Then I won't have lived in vain.*

*I'll observe Service Above Self
Lend a hand to all who'll need my
help*

*I'll get my spouse to involve in Rotary
And in Rotary ways, I will train my
family*

*(Repeat Refrain - substitute "I" with
"We")*

*Build a bridge for tomorrow's youth
Strengthened by nothing but the truth
Let's join our hands, there's no
reason to divide*

*We shall all understand, while the
good Lord is our guide*

*(Repeat Refrain - substitute "I" with
"We")*

Register now for World Polio Day 2022

World Polio Day 2022 and Beyond: A healthier future for mothers and children, will be held virtually and in-person on 21-22 October in Geneva, Switzerland. The event will highlight the status of polio eradication and address the potential for community-based solutions that go beyond immunizations to enhance the health of mothers and their children. Following the announcement of Rotary's [pledge of an additional US\\$150 million](#) toward future polio eradication efforts, Rotary International President Jennifer Jones will join Dr. Tedros Adhanom Ghebreyesus, director-general of the World Health Organization (WHO) in discussing the state of polio eradication and its broader relevance to global health. [Register now to attend in-person](#). (Registration not required to take part virtually) The recent detections of the poliovirus in New York and UK have increased awareness of the disease's continued threat. Earlier this year, an unvaccinated man in New York was paralyzed and poliovirus was detected in sewage in London. The moment presents an opportunity to highlight the importance of vaccinations as the only form of protection against polio and many other diseases. At the Geneva event, experts in polio, vaccines and maternal and child health will also discuss the benefits of going "beyond" immunization efforts to invest in the children protected by these vaccines and their mothers. Building on the current investments will ensure that the mothers and children saved from vaccine-preventable diseases can benefit from other preventative and life-saving services, enabling mothers to have a positive experience with their pregnancy and empowering young children to achieve their full potential. The event will be held in English with French and Spanish interpretation.

We've Only Just Begun

Song by Carpenters

Lyrics

We've only just begun to live
White lace and promises
A kiss for luck and we're on our way
(We've only begun)
Before the risin' sun, we fly
So many roads to choose
We'll start out walkin' and learn to run
(And yes, we've just begun)
Sharing horizons that are new to us
Watchin' the signs along the way
Talkin' it over, just the two of us
Workin' together day to day
Together
And when the evening comes, we smile
So much of life ahead
We'll find a place where there's room to grow
(And yes, we've just begun)
Sharing horizons that are new to us
Watchin' the signs along the way
Talkin' it over, just the two of us
Workin' together day to day
Together
Together
And when the evening comes, we smile
So much of life ahead
We'll find a place where there's room to grow
And yes, we've just begun

Creative Ways to Teach Handwashing to Kids

1. Behavioral Nudges: Though many children know why and how to wash hands, a common reason children fail to do so is because they forget. Nudges are visual cues that can "move" children to wash hands with soap at the very time that they need to. Nudges such as colorful footprints from the toilet leading to the handwashing sink, an arrow pointing to the soap, eye stickers and posters have been tested and found effective in increasing handwashing rates among Filipino school children. These colorful nudges can easily be drawn together with your kid and placed in your home as Reminders.

2. Storytelling: There are several story books about handwashing in the market, or you can also make your own. These stories usually evoke emotions in children rather than simply stating facts. These emotions include disgust for germs, affiliation or social acceptance and being seen as attractive that can motivate children to wash their hands.

3. Singing and Dancing: Washing hands to a beat or tune can help children practice washing for 20 seconds or until the song ends and remember steps. Again, there are several songs on handwashing for children available or you can switch some lyrics from their favorite songs to add messages on handwashing with soap. The familiarity with the song or dance and its lingering effect help the child internalize the handwashing message.

4. Games: One of the fun ways to introduce handwashing is through games. You can ask the child to identify different objects that are in a circle shape in a room and connect those with the idea of bubbles that we get when we wash hands. Creating bubbles during handwashing is important as it would require rubbing hands together and lathering soap which kills germs. You can also give them blow bubbles that they can use to form bubbles in the air and relate it to handwashing.

5. Experiments: Banking on children's curiosity, simple experiments can be used to show the importance of using soap when hand washing. One example is having a child apply soap on a finger and dipping this into a shallow bowl with water and a sprinkling of black pepper over it. The movement of the pepper from the finger simulates how soap (through handwashing) expels the germs (from the hands). The wonder of the discovery makes for a significant experience that helps retain the intended message.

CONTINUING MAJOR DONORS

Club's first MAJOR DONORS

PAG Victor Bantol

PSAG Louella Bantol

**PEACEBUILDING AND
CONFLICT PREVENTION**

Today, 42 million people are displaced by armed conflict or persecution. Through our partnerships with several leading universities, Rotary Peace Fellows develop the skills to strengthen peace efforts, train local leaders to prevent and mediate conflict, and support long-term peace building in areas affected by conflict. We provide up to 100 peace fellowships per year at Rotary Peace Centers.

**DISEASE PREVENTION
AND TREATMENT**

More than 100 million people are pushed into poverty each year because of medical costs. We aim to improve and expand access to low-cost and free health care in underdeveloped areas. Our members educate and mobilize communities to help prevent the spread of major diseases such as polio, HIV/AIDS, and malaria. Many of our projects ensure that medical training facilities are located where the workforce lives.

**WATER, SANITATION,
AND HYGIENE**

More than 2.5 billion people lack access to adequate sanitation facilities. At least 3,000 children die each day from diarrheal diseases caused by unsafe water. Our projects give communities the ability to develop and maintain sustainable water and sanitation systems and support studies related to water and sanitation.

**MATERNAL AND
CHILD HEALTH**

At least 7 million children under the age of five die each year due to malnutrition, poor health care, and inadequate sanitation. To help reduce this rate, we provide immunizations and antibiotics to babies, improve access to essential medical services, and support trained health care providers for mothers and their children.

**BASIC EDUCATION
AND LITERACY**

Sixty-seven million children worldwide have no access to education and more than 775 million people over the age of 15 are illiterate. Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

**COMMUNITY ECONOMIC
DEVELOPMENT**

Nearly 1.4 billion employed people live on less than \$1.25 a day. We carry out service projects that enhance economic and community development and develop opportunities for decent and productive work for young and old. We also help strengthen local entrepreneurs and community leaders, particularly women, in impoverished communities.

ENVIRONMENT

We are committed to supporting activities that strengthen the conservation and protection of natural resources, advance ecological sustainability, and foster harmony between communities and the environment. We empower communities to access grants and other resources, embrace local solutions, and spur innovation in an effort to address the causes and reduce the effects of climate change and environmental degradation.
