# Presidential Message

**R. Gordon R. McInally**

President 2023-2024

## DECEMBER 2023

In December, I will attend the United Nations COP28 climate change summit in Dubai, United Arab Emirates. There, I will speak about the convergence of two global crises: climate and mental health. As the World Health Organization has noted, climate change worsens risk factors — such as disruptions to homes and livelihoods — for mental health problems. The emotional distress of a disaster also makes it difficult for people to recover and rebuild.

Rotary partner ShelterBox is an international disaster relief charity that has helped more than 2.5 million displaced people in approximately 100 countries with emergency shelter, essential household items, and technical support. I wish to share this month's column with their CEO, Sanj Srikanthan, who explains that the words we choose to describe disasters matter.

— Gordon McInally

The term "natural" disaster has long been used to describe tropical storms, floods, earthquakes, and volcanic eruptions, but there needs to be an urgent shift in the language we use. While the term may seem harmless, and we've not always gotten it right, we've learned through our work with disaster-affected communities how it perpetuates a dangerous myth that nothing could have been done to prevent people being so badly affected. This misleading and harmful narrative can lead to a lack of action to help people who need it.

The language we use matters. When we frame disasters as natural, we fail to acknowledge the complex interplay between nature and the role of human actions and how they impact communities around the world.

Earthquakes, tsunamis, volcanic eruptions, and extreme storms, drought, and flooding occur because of natural processes on Earth. But it is how these events affect people or the environment that has the potential to make them a disaster — outcomes influenced by human factors like where people live, what types of homes they have, political instability, and the lack of proactive measures to protect vulnerable communities. A disaster is the result of systemic inequalities in access to resources and power. Where we live and how much money we have often determines our ability to recover. The people worst affected are those living in poverty, with the least means to protect themselves and few resources to withstand the next event.

By framing these events as natural, we undermine the need for proactive measures to protect vulnerable communities, masking the underlying social, economic, and political instability that makes marginalized and disadvantaged communities disproportionately affected. Our teams see firsthand how issues like inequality, poverty, urbanization, deforestation, and the climate crisis can make communities more vulnerable.

At ShelterBox, we simply say "disaster" or are more specific, describing the extreme weather, earthquake, tsunami, or volcanic eruption. I urge everyone to help us in breaking this cycle by committing to language that accurately reflects why people are affected so badly.

Only then does it pave the way to address the underlying causes of vulnerability and work toward a more just and equitable future for all, with the necessary investment, resources, and proactive measures to help protect affected communities.

Disasters are not natural. Let's stop saying they are.

## Empowering Minds: The Role of Knowledge in Combating Ignorance

### EDITOR'S NOTE

Angelisa R. Sator, PHF  
*Editor-in-Chief*

In the age of technological marvels, the power of knowledge has never been more crucial in combating the growing menace of ignorance. While the ease of access to information through technology is unprecedented, the misuse and abuse of this knowledge persist, often leading individuals down a perilous path due to ignorance.

A notable example is the misguided belief that technology can swiftly deliver justice. Unfortunately, many individuals find themselves vulnerable to prosecution, having misused technology with the false assumption of invincibility. From intentional cybercrimes to unwitting participation in acts like cyber libel, ignorance becomes a dangerous ally in the digital age.

Education emerges as the key to empowering individuals and communities to wield technology responsibly. The Rotary Club of Tagum Golden LAC-ES (RCTGL) recognizes this imperative and plays a pivotal role in fostering literacy advocacy through initiatives like Knowledge on Wheels. While the club provides a platform for education and literacy, it acknowledges the importance of substantive pedagogy and relevant learning materials in shaping informed minds.

In a world where technology's potential is limitless, the need for comprehensive education is more pressing than ever. RCTGL's commitment to literacy advocacy serves as a commendable starting point, emphasizing that knowledge is not only about acquiring information but also about understanding and responsibly applying it. By promoting education, we can arm individuals and communities with the tools they need to navigate the digital landscape, ensuring that technological advancements contribute to progress rather than exploitation.

As we champion the power of knowledge, let us remember that true empowerment lies not just in access to information but in the wisdom to use it judiciously. Education stands as a beacon, guiding us away from ignorance and towards a future where technology becomes a force for good in the hands of the informed.

With your help, we can make lives better in your community and around the world

**Why should I donate to The Rotary Foundation?**

Giving works because Rotary works. We are proud that 90.8 percent of donations go straight to supporting our service projects.

**How does The Rotary Foundation use donations?**

Our 35,000 clubs carry out sustainable humanitarian service projects. Using donations like yours, we've wiped out 99 percent of all polio cases. Your donations train future peacemakers, support clean water, and strengthen local economies.

**What impact can one donation have on the world?**

It can save a life. A child can be protected from polio with as little as 60 cents. Our partners make your donation go even farther. For every \$1 Rotary commits to polio eradication, the Bill & Melinda Gates Foundation has committed \$2.

## Club Health Check

The doctor will see your club now

Just as routine doctor visits help people identify health risks before they become serious, Rotary's club health check can diagnose problem areas and prescribe remedies. Club leaders will find a checklist to assess their club's well-being in the areas of club experience, service and social events, members, image, and business and operations, along with an array of resources to treat any problem areas. Regularly consulting those resources can help maintain your club's health and preserve its value for club members and the community. A few examples follow, but review the entire document to ensure you're taking full advantage of these valuable tools.

### **CLUB EXPERIENCE**

The problem: Members don't feel they are participating in the Rotary experience beyond the club.

The prescription: Connect members with various Rotary programs. For instance, encourage them to sponsor an Interact club, organize a Rotary Youth Leadership Awards event, or create a scholarship. And remind members they might want to join a Rotary Fellowship or a Rotary Action Group.

### **SERVICE AND SOCIAL**

The problem: Members feel there are not enough regular occasions for socializing and networking.

The prescription: Put one or two members in charge of organizing social events throughout the year.

The problem: Members worry about the effectiveness of the club's projects.

The solution: Connect with members of The Rotary Foundation Cadre of Technical Advisers to get guidance on service projects.

### **MEMBERS**

The problem: Club membership is stagnant or declining.

The prescription: Create a membership development plan, while teaching members your club's process for proposing new members and explaining that they can also refer qualified prospects to other clubs. Online resources also provide tools to help diversify club membership and connect with prospective members.

### **IMAGE**

The problem: The club has an anemic online presence.

The prescription: Find a member with the skills and the time to create and manage your club's website and social media pages.

### **BUSINESS AND OPERATIONS**

The problem: The club has difficulty planning and setting goals.

The solution: Have the club board meet at least quarterly to review the club's strategic plan, measure its progress toward established goals, and adjust bylaws and other documents as needed.

The idea of organizing an all-female Rotary Club of Tagum was thought of as early as 1989 by the Rotarian and Anns of RC Tagum North. The initial organizing of the club however started only sometime in the first week of February 1991.

The names of 28 selected ladies were first floated by the Rotarians & Anns of RC Tagum North. Out of this number, 16 responded by attending the first organizational meeting held at Magnolia Kiosk along Quezon St., Tagum. # SATELLITE CLUB HISTORY

“Destiny is the push of our instincts to the pull of our purpose”. This quote from an American bishop and author aptly describes the creation of the Rotary Satellite Club of Tagum Golden LACES Compostela.

It all started when Judy Marie Rapista- Tan, at that time the incumbent President of the Rotary Club of Tagum Golden LACES, mentioned in passing to her cousin Joji Bernadette Ancog – Casidsid that her club was planning to go to a neighboring town of Compostela, Davao de Oro to help revive an ailing Rotary club. Ancog-Casidsid then broached the idea of organizing a satellite club in Compostela instead, herself being a member of an informal group of men and women in Compostela engaged in outreach programs and civic works. Propelled by the desire to serve, this group of volunteers would gather their resources, solicit from generous townmates from in and out of the country to help out communities in remote barangays, particularly when Typhoon Pablo devastated the area. It has always been a dream for these volunteers to give a more effective and sustainable service to the community.

RCTGL set the ball rolling when it conducted an orientation to potential members on April 30, 2021 at Legacy College of Compostela. Thereafter, ten members were recruited to form the Rotary Satellite Club of Tagum Golden L.A.C.E.S. Compostela with Joji Bernadette Ancog-Casidsid as Chairperson and Corazon Nerves as Secretary.

On May 12, 2021, during the 18th Regular Meeting, the Satellite Club was introduced to the members of RTCGL and its sister club Rotary Club of Loyola Heights. Again, as fate would have it, present during the meeting was Past President Nilo Rapista, an active member of Rotary Club of Loyola Heights and himself a native of Compostela. Elated by the news that a Rotary satellite club was finally formed in his hometown, which was dream come true for him, PP Nilo Rapista pledged financial support to the fledgling satellite club by shouldering its first annual dues. In his message to the satellite club members, he emphasized the value of service and the advantages of being a Rotarian - “Fall in love with service, fall in love with Rotary”.

On May 26, 2021, the satellite club was officially recognized by the Rotary International and on July 10, 2021, the Satellite Club Members were inducted during the RCTGL 30th Hand-over Ceremony and 1st Induction of Satellite Club Members.

Not long after, the Satellite Club had its first project and contribution not only to Compostela but to the whole Davao de Oro province through the District-funded Knowledge on Wheels project. One unit of the Knowledge on Wheels Motorcycle edition was turned over last August 10, 2021 to the Department of Education – Davao de Oro Division for the benefit of its 13,000 Alternative Learning System (ALS) learners.

An active, dynamic and nurturing Rotary club meets a group of volunteers, a generous Rotarian patron, a project granted right after the satellite’s creation. indeed, it was the hand of destiny.

# CREATE HOPE IN THE WORLD

Look and you can find how you can serve our land  
If truth is left behind, will you make a stand  
Days will be bright when the wall between us fall  
We will brave the darkness night hear us sound the call

Chorus:

Turn the page, Turn the tide  
Turn the world to face the light  
Through rotary, our hopes fly high  
To where dreams touch the sky  
Turn the page, turn the tide  
Turn the world to face the light  
Through rotary, we all will show  
where hope is planted, love is sure to grow

Battles may rage hiding the voices of the small  
We Rotarians rise as one giving strength and peace to all  
Hearts are ablaze spreading joy when all seems lost  
Drawing courage from each other for what matters is the  
cause

Repeat Chorus 2x

Where hope is planted
