EDITOR'S NOTE:

ARTEMIO IAN D. PALIJO III
EDITOR-IN-CHIEF

Rotary Connects The World: this rotary years theme aims to lead and live as an inspiration to humanities. We connect passionate people with diverse perspectives to exchange ideas, forge lifelong friendships, and, above all, take action to change the world.

The Rotanews of Rotary club of Tagum North provides information and activities of the club. This is also one of our avenue to provide information to people of the different activities and information about Rotary.

Similarly, in the human society, civilisation can evolve only if people with the right thought and right action pool in their resources together to move towards the right direction. When an engineer takes care of the construction of the new cellphone tower, he needs the cooperation of the associate engineers, product suppliers, transporters, people in the vicinity of the tower and of course, his friends and family. Once again, we are talking about togetherness making a difference.

When people come together for the right purpose and under the right leadership, what results is sheer magic. Right values are necessary if togetherness or unity is to yield the right results.

The Golden ROTANEWS is the official weekly magazine of the Rotary Club of Tagum North. It is regularly distributed during weekly club meetings. Members are encouraged to compose and submit articles, stories, features, and digital photographs. Correspondence can be addressed by email to ianpalijo@gmail.com on or before Friday of each week. The manuscript shall observe copyright laws. Excerpts shall recognize and the Golden ROTANEWS as the original source.

The Cover

The Golden ROTANEWS cover showcases The Human Pink Ribbon Formation effort to raise awareness and reduce the stigma of breast cancer through education on symptoms and treatment. ... The pink ribbon is the most prominent symbol of breast cancer awareness.

Editorial

October

Economic and Community Development is one such area of focus that Rotary has asked all clubs to focus on, especially in October. What is your club doing?

Here are some ideas:

- 190 million people are funding their business endeavors through microfinance
 - o Partner with a local microlender to improve access to financial services and provide financial infrastructure in the community.
 - o Develop mobile banking resources in partnership with a microlender. Cell phones, which can be used to make deposits and transfer funds, can increase access to banking systems in developing communities
 - o When supporting service projects in a developing community, purchase goods and supplies locally to stimulate the economy and avoid unnecessary shipping fees
- 1.4 billion people — nearly half of them employed — live on less than \$1.25 a day
 - o Expand vocational training opportunities, including job placement programming, at local nonprofit organizations
 - o Send a vocational training team to teach business leaders in developing communities how to create a business plan and maintain accurate financial accounting.
 - o Partner with a cooperative that provides training, joint economic ventures, and ownership of assets to its members through a democratic structure
 - o Provide equipment or supplies to a cooperative to increase production and sales in the local market
 - o Support entrepreneurs and small businesses in developing communities. The success of local business leaders can multiply employment opportunities in the community

October 2019

Rotary's long-term, sustained battle against polio has defined our organization for decades. We have a right to be proud of all that we have accomplished through the years.

Our progress is real and noteworthy. In 1988, polio was endemic in 125 countries, with more than 350,000 new cases a year worldwide. Since then, Rotary and our Global Polio Eradication Initiative partners have reduced the incidence of polio by more than 99.9 percent, vaccinated more than 2.5 billion children against the virus, and prevented 18 million cases of paralysis. Over the years, Rotary has helped country after country move into the polio-free column. This includes India, which some considered impossible not long ago. Of the three types of poliovirus, type 2 has been eradicated and type 3 could soon be certified as eradicated. Nigeria has not reported a case of wild poliovirus in nearly three years. If this trend holds, we will be down to just one type of wild poliovirus in only one section of the world, Afghanistan and Pakistan.

There are major challenges in that region. But it is crucial that we remain optimistic. Look at all that we have accomplished so far. This is no time to get discouraged or to think that the task is impossible. We will end polio forever, but only if we remain steadfast and vigilant. World Polio Day is a time for Rotarians from all over the globe to come together, recognize the progress we have made in our fight against polio, and plan the action we must take to end polio forever. The key word is action, because we still have important work to do.

This year, we want to see as many Rotary clubs as possible holding World Polio Day events around the world. Need some ideas? How about organizing a viewing party for friends and club members to watch Rotary's Online Global Update? You could also dedicate a club meeting to World Polio Day or create a fundraising event. Remember, every dollar raised is matched 2-to-1 by the Bill & Melinda Gates Foundation.

Once you have created an event, register it at endpolio.org/register-your-event. Then promote it using the World Polio Day toolkit, available at endpolio.org/world-polio-day.

Mark your calendar to tune in to Rotary's World Polio Day Online Global Update on 24 October. This year we will stream our program on Facebook in multiple time zones around the world. Visit the Rotary International Facebook page to RSVP to your region's program. And do not forget to follow the event on social media and share it with your network.

When we reach our goal, polio will become only the second human disease eradicated on the planet, and Rotary will receive international acclaim. But what matters most is the children who will never again have to face this terrible, disabling virus. Rotary must continue to connect the world in the effort toward polio eradication. It is up to us. Let us finish the job.

Trustee chair's message

Gary C.K. Huang

Trustee Chair 2019-20

October 2019

Friends, World Polio Day is this month and we are facing a major challenge. The news out of Afghanistan and Pakistan tells us that we have more work to do. It tells us that polio will not die out quickly or easily.

Most of all, it tells us that we are needed now more than ever. Success will require us to remain steady and show that there is no time limit to our commitment. We are in this to the end, and we will conquer this terrible disease. We will give life back to children and families, and restore hope to communities.

We are fortunate to have great friends in the Global Polio Eradication Initiative — including the Bill & Melinda Gates Foundation, which continues to match every donation 2-to-1. We have already eradicated wild poliovirus type 2, and type 3 could soon be wiped out. India is polio-free. All of Africa may soon be polio-free.

The most important factor in ending polio forever is you. The people of Afghanistan and Pakistan have faced so much hardship in recent years. Polio is just one more challenge. To them, it could all feel overwhelming. But not to Rotarians. We do not feel overwhelmed. We feel challenged, and, as people of action, we rise to challenges.

In the words of Confucius: "If one is virtuous, one will not be left to stand alone. It is certain that associates of like mind will come and join with one." In Rotary, we understand these words very well. When we say "Service Above Self," we take a stand for this virtue. We know that our like-minded brothers and sisters around the world will join us. We have been drawn together by our need to do good in the world.

We can rid the world of a disease forever. And you will be the ones to do it, through your continued commitment and generosity.

Be a part of history! Help us overcome the final hardship, the final challenge. Make your donation at endpolio.org/donate.

Renie P. Siscon, PHF
Champion President

President's Corner

Breast cancer awareness is an effort to raise awareness and reduce the stigma of breast cancer through education on symptoms and treatment. ... The pink ribbon is the most prominent symbol of breast cancer awareness, and in many countries the month of October is National Breast Cancer Awareness Month.

The Rotary Club of Tagum North , a council member of Pink Tagum since 2005, This year a series of events will be conducted in different venues in Tagum City. Last October 1, 2019 we conducted the Pink Poster Making Contest at Robinson's Place Tagum as Rotary Club of Tagum North as events chair. Also, a Press Conference hosted by Davao del Norte & Compostela Valley Press Club last October 3, 2019 at City Mayors Office, followed by the Motorcade, Formation of Human Pink Ribbon at New City Hall Open Arena, Lighting of Pink Tagum Landmark and Pink Zumba. It was attended by Acting City Mayor Alderson Rellon , First Lady of Tagum Yora Rellon and Hon. Esther Angoy.

Last October 7, 2019 a Live TV and Radio Guesting at PTV48 and 91.1 FM with Breast Cancer Awareness & Prevention as Topic.

World Polio Day is celebrated on October 24th. World Polio Day was established by Rotary International to commemorate the birth of Jonas Salk, who led the first team to develop a vaccine against poliomyelitis

Also, to generate awareness towards eradication of polio as well as to commemorate the efforts of thousands of employees of WHO and other volunteers committed to the eradication of Polio

Rotary The Four Way Test

of the things we think, say and do

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

Five Avenues of Service

For years, Rotary's commitment to Service Above Self has been channeled through the five Avenues of Service, which form the foundation of club activity. To get started on a project, think broadly about how your club and its members could contribute within each avenue.

Club Service

Club Service focuses on strengthening fellowship and ensuring the smooth functioning of Rotary clubs. Learn about effective club service in Membership and Training.

Vocational Service

Vocational Service involves club members serving others through their professions and aspiring to high ethical standards. Rotarians, as business leaders, share skills and expertise through their vocations, and they inspire others in the process.

Community Service

Community Service is the opportunity Rotary clubs have to implement club projects and activities that improve life in the local community.

International Service

International Service encompasses efforts to expand Rotary's humanitarian reach around the world and to promote world understanding and peace. It includes everything from contributing to PolioPlus to helping Rotary Youth Exchange students adjust to their host countries.

New Generations Service

The Avenue of New Generations recognizes the positive change implemented by youth and young adults involved in leadership development activities, community and international service projects, and exchange programs that enrich and foster world peace and cultural understanding.

HISTORY OF ROTARY INTERNATIONAL

The first four Rotarians (from left): Gustavus Loehr, Silvester Schiele, Hiram Shorey, and Paul P. Harris, circa 1905-12.

The first four Rotarians (from left): Gustavus Loehr, Silvester Schiele, Hiram Shorey, and Paul P. Harris, circa 1905-12.

Paul P. Harris, an attorney, wanted to create a professional group with the same friendly spirit he felt in the small towns of his youth. On 23 February 1905, Harris, Gustavus Loehr, Silvester Schiele, and Hiram Shorey gathered at Loehr's office in Room 711 of the Unity Building in downtown Chicago. This was the first Rotary club meeting. They decided to call the new club "Rotary" after the practice of rotating meeting locations.

Within five years clubs had formed across the country, from San Francisco to New York.

In August 1910, Rotarians held their first convention in Chicago. The 16 clubs that existed at that time united to form the National Association of Rotary Clubs.

In 1912, the name changed to International Association of Rotary Clubs to reflect the addition of clubs in other countries. The name Rotary International was adopted in 1922.

By July 1925, Rotary had grown to more than 2,000 clubs and an estimated 108,000 members on six continents.

Rotary's reputation attracted presidents, prime ministers, and a host of other luminaries to its ranks — among them author Thomas Mann, diplomat Carlos P. Romulo, and composer Jean Sibelius.

As Rotary grew, members pooled their resources and used their talents to serve their communities. The organization's dedication to this ideal is best expressed in its motto: Service Above Self.

NOTABLE ROTARIANS

Rotarians are your neighbors, your community leaders and some of the world's greatest history-makers:

Warren G. Harding, U.S. president
Jean Sibelius, Finnish composer
Dr. Charles H. Mayo, co-founder of Mayo Clinic
Guglielmo Marconi, Italian inventor of the wireless radio and Nobel laureate
Thomas Mann, German novelist and Nobel laureate
Friedrich Bergius, German chemist and Nobel laureate
Admiral Richard E. Byrd, American explorer
Jan Masaryk, foreign minister of Czechoslovakia
H.E. Soleiman Frangieh, president of Lebanon
Dianne Feinstein, U.S. senator
Manny Pacquiao, Filipino world-champion boxer and congressman
Richard Lugar, U.S. senator
Frank Borman, American astronaut
Edgar A. Guest, American poet and journalist
Sir Harry Lauder, Scottish entertainer
Franz Lehar, Austrian composer
Lennart Nilsson, Swedish photographer
James Cash Penney, founder of JC Penney Co.

ROTARY HYMN

I want to be a Rotarian for the world,
Make the Rotary flag be a flag of peace unfurled;

I will serve my community,
Help to seek international unity.
Through Rotary, I will dedicate my all,
World understanding shall be my cherished goal.

Refrain: With the Four Way Test
I will pursue my quest
And if I, in a way help obtain
Peace in the world
Then I won't have lived in vain.

I'll observe service above self,
Lend a hand to all who need my help;
I'll get my spouse to involve in Rotary
And in Rotary ways I will train my family.

Refrain: With the Four Way Test
We'll pursue our quest
And if we, in a way help obtain
Peace in the world
Then we won't have lived in vain.

Build a bridge for tomorrow's youth,
Strengthened by nothing but the truth;
Let's join our hands, there's no reason to divide.

We shall all understand, while the good
Lord is our guide.

Refrain: With the Four Way Test
We'll pursue our quest
And if we, in a way help obtain
Peace in the world
Then we won't have lived in vain.

Peace be achieved,
So we won't have lived in vain.

Breast Cancer Awareness Month in October

The Breast Cancer Awareness Month, marked in countries across the world every October, helps to increase attention and support for the awareness, early detection and treatment as well as palliative care of this disease.

There are about 1.38 million new cases and 458 000 deaths from breast cancer each year (IARC Globocan, 2008). Breast cancer is by far the most common cancer in women worldwide, both in the developed and developing countries. In low- and middle-income countries the incidence has been rising up steadily in the last years due to increase in life expectancy, increase urbanization and adoption of western lifestyles.

Currently there is not sufficient knowledge on the causes of breast cancer, therefore, early detection of the disease remains the cornerstone of breast cancer control. When breast cancer is detected early, and if adequate diagnosis and treatment are available, there is a good chance that breast cancer can be cured. If detected late, however, curative treatment is often no longer an option. In such cases, palliative care to relieve the suffering of patients and their families is needed.

The majority of deaths (269 000) occur in low- and middle-income countries, where most women with breast cancer are diagnosed in late stages due mainly to lack of awareness on early detection and barriers to health services. Maria's story (see below) illustrates this dramatic situation common to thousands of women in resource constrained settings. A situation that can be reverted if adequate public health programmes are put in place.

WHO promotes comprehensive breast cancer control programmes as part of national cancer control plans. The recommended early detection strategies for low- and middle-income countries are awareness of early signs and symptoms and screening by clinical breast examination in demonstration areas. Mammography screening is very costly and is feasible only in countries with good health infrastructure that can afford a long-term programme.

WHO to send vaccines after polio resurgence

THE WORLD Health Organization (WHO) will send vaccines against Type 2 polio to the Philippines next month after the government reported at least two polio cases last week.

The Department of Health (DoH) confirmed the polio cases this month after 19 years since the country was declared free of the disease.

The Health department had asked the WHO to release their stock of oral polio vaccines that will prevent Type 2 polio, WHO Country Representative Rabindra R. Abeyasinghe said at a forum hosted by Foreign Correspondents Association of the Philippines.

“The government of the Philippines has now requested the WHO to release vaccines from that stockpile to protect the children,” he said.

The first polio case this month was from Lanao del Sur province in southern Philippines, while the second case was from Laguna province near the capital.

Health Secretary Francisco T. Duque III earlier urged parents and caregivers of children below five years old to take part in the polio vaccination to be scheduled in various communities nationwide. Type 2 Polio was eradicated in 2015, and vaccines produced since 2016 are only effective in preventing Type 1 and Type 3 polio.

Polio is caused by the poliovirus that infects the brain and spinal cord, causing paralysis or even death. There are no cures for polio but there are vaccines for its prevention. The vaccines will be shipped to the Philippines within seven to 10 days, Mr. Abeyasinghe said. The Type 2 oral polio vaccine will first be given to Lanao del Sur and Davao, then to the rest of the Mindanao region and Bangsamoro Autonomous Region in Muslim Mindanao for the second and third rounds.

More than having the vaccines, the Philippines must adopt a better strategy to improve the vaccination coverage, Mr. Abeyasinghe told reporters. For a country to be free from polio, the national vaccination coverage should be 95%. The Philippines had a vaccination coverage of 66% last year. “If we do the vaccination the way we normally do, you’re seeing another outbreak in another couple of years,” the WHO official said.

Improving hygiene and sanitation also helps because the polio virus thrives in dirty areas and is extremely infectious. DoH and Rotary International earlier signed a memorandum of agreement to increase polio awareness and strengthen a vaccination campaign against the resurgence of the virus. The agency said the Rotary’s 10 districts will support the polio vaccination campaign through fund raising, advocacy and volunteer recruitment. The DoH-Metro Manila Center for Health Development will conduct three rounds of supplemental oral polio immunization for children under five years old.

The Health department said it would intensify monitoring of children below five years who have developed sudden muscle weakness or paralysis of the upper and lower extremities.

Health officials on Tuesday told senators they lack manpower to enforce a nationwide immunization program, after reports that a lower vaccine coverage had led to outbreaks of certain diseases including polio.

During a Senate hearing on Tuesday, Health medical specialist Anthony Calibo said the agency has lacked technical assistance in its immunization programs for the past few years.

He said DoH had proposed to create an immunization unit to address the resurgence of diseases but this was disapproved. — Gillian M. Cortez

PINK POSTER SLOGAN
OCT 01

GUIDELINES IN POSTER MAKING CONTEST

1. All participating contestants must be pre-registered.
2. The main theme of the contest is: Together, we can Beat Breast Cancer Triumphantly.
3. Poster entries may include the aforementioned theme or a creative slogan related to the above, in English, but not necessary.
4. The registrants / participants will provide a drawing pad/illustration board (roughly measuring 15" x 20") and a 12 color Pastel. Sheets of bond paper will be provided to the contestants for sketching or drafting. All other materials must be brought by the individual contestant.
5. Materials allowed for poster-making to be brought and used by the individual contestants.

CRITERIA FOR JUDGING:

10.1 Theme Interpretation	40%
10.2 Color Harmony	30%
10.3 Unity of Idea/Symbolism	20%
10.4 Originality	10%
TOTAL	100%

Rotary:

Rotary International is an international service organization whose stated purpose is to bring together business and professional leaders in order to provide humanitarian service and to advance goodwill and peace around the world. Wikipedia

President: Mark Daniel Maloney (July 2019 - Present)

Motto: Service Above Self

Membership: 1.22 million

Publication: The Rotarian

Founder: Paul P. Harris

Founded: 23 February 1905, Unity Building, Chicago, Illinois, United States

Rotaract originally began as a Rotary International youth program in 1968 at Charlotte North Rotary Club in Charlotte, North Carolina, United States, and has grown into a major Rotary-sponsored organization of over 10,904 clubs spread around the world and 250,792 members in 184 countries. Wikipedia

Motto: Self Development - Fellowship Through Service

Membership: 291,006

Focus: Fellowship and Service

Origins: The Rotary International Family

Founded: 13 March 1968

Headquarters: Evanston, Illinois, United States

Interact clubs bring together young people ages 12-18 to develop leadership skills while discovering the power of Service Above Self. Find out how serious leadership can be seriously fun.

Founder: Rotary International

Founded: 28 October 1962

Rotary Community Corps is a group of people who share our commitment to changing the world through service projects. Rotary Community Corps members plan and carry out projects in their communities and support local Rotary club projects but are not members of a Rotary club

WHY THE ROTARY YEAR BEGINS 1 JULY?

Ever wonder why the Rotary year begins 1 July? The international convention initially played a key role in determining the start date of our fiscal and administrative year.

Rotary's first fiscal year began the day after the first convention ended, on 18 August 1910. The 1911-12 fiscal year also related to the convention, beginning with the first day of the 1911 convention on 21 August.

At its August 1912 meeting, the Board of Directors ordered an audit of the International Association of Rotary Clubs' finances. The auditors recommended that the organization end its fiscal year on 30 June to give the secretary and treasurer time to prepare a financial statement for the convention and board, and determine the proper number of club delegates to the convention.

The executive committee concurred, and at its April 1913 meeting, designated 30 June as the end of the fiscal year. This also allowed for changes to the schedule for reporting club membership and payments. Even *The Rotarian* changed its volume numbering system to correspond to the fiscal year (beginning with vol. 5, July 1914).

Rotary continued to hold its annual conventions in July or August until 1917. Delegates to the 1916 event in Cincinnati, Ohio, USA, approved a resolution to hold future conventions in June, mainly because of the heat in cities where most of them occurred. The next one was held 17-21 June in Atlanta, Georgia.

The term "Rotary year" has been used to signify Rotary's annual administrative period since at least 1913. An article in *The Rotarian* that July noted, "The Rotary year that is rapidly drawing to a close has been signaled by several highly successful joint meetings of Clubs that are so situated as to assemble together easily and conveniently."

Since the executive committee's decision in 1913, the end of the Rotary year has remained 30 June.

MISSION AND VISION OF ROTARY

The Mission of Rotary International, a worldwide association of Rotary Clubs, is to provide service to others, to promote high ethical standards, and to advance world understanding, goodwill and peace through its fellowship of business, professional and community leaders.

The Vision of Rotary International is to be universally recognized for its commitment to Service Above Self to advance world understanding, goodwill and peace

OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST: The development of acquaintance as an opportunity for service;

SECOND: High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD: The application of the ideal of service in each Rotarian's personal, business, and community life;

FOURTH: The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

of the things we think, say and do

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

AVENUES OF SERVICE

The RCTN has continuously lived its zeal to make water as a natural resource accessible to everyone. It all first started with a simple water pump project, which later expanded into a "Spring Water Impounding System" (SWIS) in Magdum, Tagum Davao. In its unending passion to provide potable water for indigent families in the remote barangays of Davao del Norte and Compostela Valley, the "Water For Life" became the Club's Centennial Project. It is a continuing project, which aims to install 100 water pumps these communities. To date, RCTN has installed a total of 81 pumps and one Water Reservoir.

The Club was a recipient of the Rotary Foundation 3-H Grant that provided the opportunity to launch the "Kasama Project" 2002. It has afforded a PhP240,000.00 soft loan to local residents that help develop and modernize and indigent-family's farm in Asuncion, Davao.

Its commitment to hasten the productivity of the local farming industry, the "Cable-Lift" project in 2004 has provided an ingeniously cable cart system used to transport farmers and convey their produce from one side to another side of the river in Asuncion, Davao del Norte.

Another community development project that RCTN took part includes "Oplan Flip Flops para sa Indigenous People" which provided 148 pairs of slippers in Barangay San Jose, Municipality of Sto. Tomas.

YOUTH PROJECTS

The RCTN has constantly helped many schools and universities organize the Rotaract and Interact clubs in this received the "Hall of Fame-Outstanding Club" award. The club President during that time was Arnold Nicolas who later garnered the honor of "Hall of Fame-Outstanding President" in RY 1993-94. Another Outstanding President of the club, Karlene Lariosa and Cyril Muring, also became DRR. Recently, the Rotaract Club of Tagum North co-hosted with RC waling-waling & Pag-Asa Davao during the Mindanao Finals of the Voice of our Youth Impromptu Speaking Contest held at UM Davao City.

PROMOTION OF INTERNATIONAL UNDERSTANDING AND GOODWILL

The RCTN is acknowledge to have endorsed the most number of sponsored representatives of Zone 2-D to the Group Study Exchange program in D3860. The out-bound team members include: Dr. Nanette Perido (Florida, USA in 2000-01), Maricar Zamora Apsay (Canada and USA in 2001-2002 Lorenzo Mendoza (Kentucky, USA 2006-07), Dr. Glenn A. Pono (Virginia, USA in 2007-08), Mr. Stephen Manangan (Washington, USA in 2008-09) and Dr. Alvin Concha (British Columbia, Canada in 2009-2010), Atty. Ruel Cayetano Sydney, Australia 2010-2011.

In 2000, Marjorie Osorio was the RCTN's endorsed delegate who qualified for the Out-Bound ROTEX exchange student, in exchange with In-Bound ROTEX student, in Samantha Gordin of West Palm Beach, Florida, USA.

THE ROTARY FOUNDATION CONTRIBUTIONS

In 1999, the club achieved a 100% Paul Harris Fellow Rotary Foundation Sustaining Member Club and 2012 the club achieved 100% all Paul Harris Fellow Club. The club is proud to have (12) Multiple Paul Harris Fellows, (32) Paul Harris Fellows and thirty-five (35) Rotary Foundation is one of the Rotary clubs acknowledged by the Rotary Rotarian Every Year (EREY) program.

Tagum North has stood the test of time, remained strong, vibrant, and proud. The North will continue to dream and reach for greater heights. There is no doubt North is up!

ENVIRONMENT AND SANITATION PROJECTS

In harmony with the preservation of the countryside environment and natural resources, the club ventured on Mangrove Tree It is a continuing to rehabilitate the in the coastline its neighboring Through funded by the 2790 Chiba, Japan, the club initiated the program on "Tutok Kubeta" in order to facilitate empowerment and self-reliance in producing locally made water-sealed toilet bowls among the less fortunate families in Davao del Norte and Compostela Valley provinces. To date, the club handed out more than 6,000 units to these areas.

EDUCATIONAL PROGRAMS AND LITERACY DEVELOPMENT

The club has been supportive in promoting educational and skills development programs in the area. From the initiation of its Scholarship Program in 1999, the RCTN has administered Vocational Course Scholarship grants to at least 140 graduates at the Tagum National Trade School. The program has expanded into giving High School Scholarship grants to 10 students at the St. Augustine High School in 2002. The "Adopt A School Program" was commenced in 2008, identifying Rizal Elementary School as its beneficiary.

Its compassion for education its unstopable as its extended its coverage to 65 learners both out of school youths and young adults at Barangay New Balamban, Tagum City when the Alternative Learning System (ALS) was conceived in 2008.

Since 1998, RCTN helped in the promotion of a reliable livelihood program. The club organized its Basic Skills Training Program promoting Basic Electronics for "Differently-Abled" individuals; Cellular Phone, Radio and TV Repair and Basic Carpentry for the out-of-school youth. The club stretched its program to the women sector by conducting Livelihood Trainings in Meat Processing, Pillow Case and Curtain Making, Cosmetology and Basic Baking in 2008.

AVENUES OF SERVICE

We channel our commitment to service at home and abroad through five Avenues of Service, which are the foundation of club activity.

- **Club Service** focuses on making clubs strong. A thriving club is anchored by strong relationships and an active membership development plan.
- **Vocational Service** calls on every Rotarian to work with integrity and contribute their expertise to the problems and needs of society. Learn more in An Introduction to Vocational Service and the Code of Conduct.

Providing avenues of learning started to be the prime commitment in its literacy program. In 1999, the club's generosity was measured when it donated, through the help of the WCS Project, from Chiba, Japan, a Braille Typewriter to the Maguppo Pilot Imelda SPED School. The compassion was contagious when RCTN further initiated and provided a brand new computer unit with printer to the Nueva Fuerza Elementary School and Maguppo Pilot ALS, Tagum City; assorted Math & Physics books for the Pipisan Maug National High School, Tagum City; and a Library, Tagum City. The club also donated Php 5,000.00 for the "Lakbay Aral para sa mga batang Lumadng Talaingod".

COMMUNITY DEVELOPMENT

The club has dedicated numerous innovative services to help develop and improve the conditions of its nearby communities. As a first club project of RCTN in 1988, the construction of the Rotary Landmark structure at the corner of Pioneer and Rizal Streets has repeatedly caught the attention of anybody who comes to visit Tagum City for the first time or just pass by at one of the busiest junctions of the city.

HEALTH CARE PROGRAMS

The projects dedicated to Community Service brought the club an overwhelming recognition and praise from its neighborhood communities. Since its conception, the RCTN has incessantly conducted innumerable Surgical/ Medical Dental and Optical Missions to the less privileged members of the Tagum community, to the nearby underprivileged prisoners/ parolees, and even to its farthest neighborhood communities in Davao del Norte, Compostela Valley and Agusan del Sur Provinces. The club has established a program on "Botica sa Barangay" in Asuncion, Davao del Norte that helped a total of 26 remote barangays access to cheap but effective medicines.

In 1998, the club proudly launched the "Operation New Look" program. On its 14th year as a continuing project funded by Jerome Foundation, Inc., the program has generously provided sixty-nine (69) free cleft lip and cleft palate surgeries in addition to the previous indigent 600 patients.

"Hot Lunch Plus", a feeding program for malnourished elementary school pupils at the Rizal Elementary School II that was initiated in 1999, is another continuing project of the Club that became the recipient of United Nationals Millennium Development Award given by UNICEF in RY 2006-07. This year the program has extend its services to giving free medical consultation and PPD testing to the undernourished beneficiaries.

In 2001, the RCTN coordinated with the Pediatrics Department of Davao Regional Hospital and the City Government of Tagum City in carrying out the project - "Bantay Dengue Tagum", a dengue awareness and prevention campaign program that curbed the unprecedented and scaring rise of dengue cases in Davao del Norte Province.

The "Renal Care Foundation", another continuing program of the RCTN since 2003 enables indigent patients to avail of hemodialysis treatment at a very low and affordable cost of only PHP500.00 (~US 10.00) per session. Presently, the program is taking care of 15 End-Stage-Kidney Disease patients at the Davao Regional Hospital.

• **Community Service** encourages every Rotarian to find ways to improve the quality of life for people in their communities and to serve the public interest. Learn more in Communities in Action: A Guide to Effective Projects and this Community Service presentation (PPT).

• **International Service** exemplifies our global reach in promoting peace and understanding. We support this service avenue by sponsoring or volunteering on international projects, seeking partners abroad, and more.

• **Youth Service** recognizes the importance of empowering youth and young professionals through leadership development programs such as Rotaract, Interact, Rotary Youth Leadership Awards, and Rotary Youth Exchange.

The RC Tagum North has established its reputation in the district. It has likewise established linkages with other clubs in the local and international Rotary community by forging a Sisterhood Agreement with the Rotary Clubs of Acreage, Florida, USA; Port St. Lucie, Florida, U S A ; Nilai, Malaysia; Loyola Heights, Quezon City; DOWNTOWN Olongapo; Waling-Waling Davao, San Francisco and Pag-asa Davao. Recently, through the efforts of PP Arnold Nicolas, Tagum North is again expanding its horizon by building bonds of friendship with the Rotary Club of Tomioka, Japan.

The club received a manifold of matching grant projects and assistance from the various sponsoring international sister Rotary clubs of RC of Marine Sunrise, California, USAm, and from the RC of Port St. Lucie, Florida, USA. From these sister clubs, the RCTN received two (2) units of Neonatal Incubators and seven (7) units of Hemodialysis Machines which were donated to the Davao Regional Hospital, at tertiary Government Hospital in Tagum City. Through the assistance of the Rotaplast Foundation of the Rotary Club of Novato, California, USA, two (2) patients were successful beneficiaries of the Kidney Transplant Operations at the Davao Regional Hospital.

The club embarked on the Vitamin A Plus Seminar for Mindanao Rotary Clubs. Likewise, activities such as the Free Osteoporosis Screening Program, TB Screening by PPD Mantoux Testing at the Sagop Palad Foundation, Inc., Gloria Christi Regis Centers (homes for street and abandoned children), and at the Rizal Elementary School had been the main foci on disease prevention and management program.

Since 1998, the RCTN actively participated in the Anti-Drug Abuse Program for the youth through information dissemination and awareness campaign in layfara and assemblies throughout Davao Region.
