## EDITOR'S NOTE:

**ARTEMIO IAN D. PALIJO III**  
EDITOR-IN-CHIEF

Rotary Connects The World: this rotary years theme aims to lead and live as an inspiration to humanities. We connect passionate people with diverse perspectives to exchange ideas, forge lifelong friendships, and, above all, take action to change the world.

The Rotanews of Rotary club of Tagum North provides information and activities of the club. This is also one of our avenue to provide information to people of the different activities and information about Rotary.

Similarly, in the human society, civilisation can evolve only if people with the right thought and right action pool in their resources together to move towards the right direction. When an engineer takes care of the construction of the new cellphone tower, he needs the cooperation of the associate engineers, product suppliers, transporters, people in the vicinity of the tower and of course, his friends and family. Once again, we are talking about togetherness making a difference.

When people come together for the right purpose and under the right leadership, what results is sheer magic. Right values are necessary if togetherness or unity is to yield the right results.

January is Vocational Service Month in the Rotary International Calendar

One of the most important aspects of Rotary is building relationships. Learning about professions and job involvement is one of those foundation stones to creating an environment in our Rotary Clubs which builds relationships. Often during the introduction of a new member there can be glimpses of what job choice has been made. And there are those occasional programs devoted to Rotary membership talks where a new member or a more seasoned member shares their life story and work experiences.

Intriguing, interesting and informative are words that will often describe these vocational talks.

New and innovative work positions are being created in our world. Vocational Service month is a great time to celebrate and learn about the life work of our members, whether it is a profession that has lots of history or newly established.

This month and in the months ahead, take some time during your club meetings to have Rotarians share their stories of what they do to impact their world. Relationships will be stronger and one of the reasons for the founding of Rotary will be expressed.

People from all over the world have multiple reasons for joining Rotary. Many new Rotarians each year join for the same reason I did — because Rotary is a great way to benefit your career. When I was a new attorney starting out in Alabama, Gay and I became partners in her father's firm. He instilled in us the value of joining Rotary as a way to build relationships and demonstrate to potential clients that we were serious professionals who held firm to values even more robust than what our profession required.

Rotary's commitment to vocational service is built on the highest ethical standards in business and professions, the recognition of the worthiness of all useful work, and the dignifying of each Rotarian's occupation as an opportunity to serve society. That last point is so important. No matter our profession, we all contribute mightily to the world when we conduct our work with integrity and always adhere to The Four-Way Test.

I have made balancing the demands of Rotary with professional and family commitments one of my priorities as president. No Rotarian should feel pressured to put in more time than a volunteer position should ever demand. This is true for several reasons, one of them being that the work we do in our day jobs is just as important to Rotary as the work we do in the organization. We carry our Rotary values everywhere, and our professional success helps build a case for Rotary every day we go into the office.

This is particularly important in our efforts to reach younger new members. We want to see a Rotary where no one is ever asked to choose between being a good Rotarian and being a good parent, business owner, manager, or employee. When we ask busy young people to join us, we should not be asking them to give up their time and freedom. We should be rewarding them with an experience that makes everything they already do even more inspiring.

Providing greater balance within Rotary will have another benefit as well: It will create opportunities for other Rotarians, including Rotaractors, to step up and take a leadership role on projects and committees. This will ensure that they remain engaged in our clubs and inspired to be Rotarians for life.

Throughout the world, Rotary is admired for its vocational service and for the time-honored values we instill in all business relationships. As we continue our work to grow Rotary, let us remember that vocational service remains a crucial selling point to potential members.

*Rotary Connects the World, and by making Rotary's vocational service work known to people in more professions and at different stages of their careers, we will help grow our organization and make it stronger and more diverse.*

## Trustee chair's message

Trustee Chair 2019-20

### January 2020

Something amazing happened in Vienna in October. A runner from Kenya named Eliud Kipchoge was the first person in history to run a marathon distance — 26.2 miles — in less than two hours.

For many years, experts thought this would be impossible. They said the human body was not capable of achieving this feat. But Kipchoge succeeded because he had an incredible team working with him. He had pacers who ran with him every step of the way, and people who made sure that he had the proper fuel and hydration. Every few miles, fresh runners were sent in to keep up the pace and help him reach his goal. Like Eliud Kipchoge, Rotary has a great support team as we approach the final mile in our marathon journey to rid the world of polio. So many amazing Rotarians have helped pace this effort along the way, donating their time and energies to bring us close to our goal.

The World Health Organization has certified type 3 of the wild poliovirus as eradicated. This is big news! We have also gone three years without any wild poliovirus on the continent of Africa. It may soon be certified polio-free.

The final mile of our journey is a difficult one. Pakistan and Afghanistan are great challenges for us — but we have met so many great challenges before. Every time a goal has seemed out of reach, Rotarians have stood together and answered the call.

This is no time to lose our focus or to think the race is already over. Can you imagine what would have happened to Eliud Kipchoge if all of the pacers had gone home for the final 2 miles? He might never have reached his goal.

It takes a special character to pursue a difficult task all the way to the end. These are the times that we need each other most. In the Tao Te Ching, Laozi wrote that the journey of 1,000 miles begins with one step. But it also ends with one step. And those final steps take just as much courage as the first.

Let's make history, Rotary — the finish line is within reach!

## President's Corner

During January, Rotarians are encouraged to focus on this important avenue of Rotary service. Discussions on vocational service can lead to projects that not only develop the ethical consciousness and vocational skills of Rotarians but also the talents within their communities. Vocational Service Month is an opportunity to begin year-long vocational service activities, ranging from Rotary discussions to awards to community projects. Following are some suggested activities to undertake during Vocational Service Month:

- Devote a meeting in January to examine the second Avenue of Service, including The Four-Way Test and The Declaration of Rotarians in Business and Professions. After expanding members' awareness, solicit their input in planning projects for the remainder of the year.
- Introduce a "mini-classifications talk" series in which each member gives a five-minute talk on his or her vocation. Schedule one speaker for the beginning of each meeting until everyone has made a presentation. The purpose of these talks is to promote vocational awareness among Rotarians and help them recognize the worthiness of all useful occupations.
- Present a vocational award to someone in the community who has exemplified outstanding professional achievement while maintaining very high ethical standards. Promote the presentation within the community, and consider making it an annual event.
- Invite experts to give a presentation on the vocational needs of the community and develop a project in response to those needs. Possible projects could focus on developing character, providing career information to youth, mentoring small businesses, or organizing workshops that provide employees with new skills.

Tonight we are fortunate that we have here with us our sister club from District 3620, Republic of Korea, The Rotary Club of Kodeok and Rotarians from Rotary Club of Doksan and Shinryewon. In behalf of the Rotary Club of Tagum North, thank you very much for the opportunity working service project together with your club.

Also, Thank you very much to all the donors of the Rotary Foundation as of now we have a total of US \$ 5,000.00 donations, our club already surpass our target of US \$ 4,400.00 for RY 2019-2020. But Im still encouraging other Rotarians to share at least \$ 25.00 to the foundation.

Thank you very much and Happy New Year.

## Rotary The Four Way Test

of the things we think, say and do

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

### Five Avenues of Service

For years, Rotary's commitment to Service Above Self has been channeled through the five Avenues of Service, which form the foundation of club activity. To get started on a project, think broadly about how your club and its members could contribute within each avenue.

#### Club Service

Club Service focuses on strengthening fellowship and ensuring the smooth functioning of Rotary clubs. Learn about effective club service in Membership and Training.

#### Vocational Service

Vocational Service involves club members serving others through their professions and aspiring to high ethical standards. Rotarians, as business leaders, share skills and expertise through their vocations, and they inspire others in the process.

#### Community Service

Community Service is the opportunity Rotary clubs have to implement club projects and activities that improve life in the local community.

#### International Service

International Service encompasses efforts to expand Rotary's humanitarian reach around the world and to promote world understanding and peace. It includes everything from contributing to PolioPlus to helping Rotary Youth Exchange students adjust to their host countries.

#### New Generations Service

The Avenue of New Generations recognizes the positive change implemented by youth and young adults involved in leadership development activities, community and international service projects, and exchange programs that enrich and foster world peace and cultural understanding.

## HISTORY OF ROTARY INTERNATIONAL

The first four Rotarians (from left): Gustavus Loehr, Silvester Schiele, Hiram Shorey, and Paul P. Harris, circa 1905-12.

The first four Rotarians (from left): Gustavus Loehr, Silvester Schiele, Hiram Shorey, and Paul P. Harris, circa 1905-12.

Paul P. Harris, an attorney, wanted to create a professional group with the same friendly spirit he felt in the small towns of his youth. On 23 February 1905, Harris, Gustavus Loehr, Silvester Schiele, and Hiram Shorey gathered at Loehr's office in Room 711 of the Unity Building in downtown Chicago. This was the first Rotary club meeting. They decided to call the new club "Rotary" after the practice of rotating meeting locations.

Within five years clubs had formed across the country, from San Francisco to New York.

In August 1910, Rotarians held their first convention in Chicago. The 16 clubs that existed at that time united to form the National Association of Rotary Clubs.

In 1912, the name changed to International Association of Rotary Clubs to reflect the addition of clubs in other countries. The name Rotary International was adopted in 1922.

By July 1925, Rotary had grown to more than 2,000 clubs and an estimated 108,000 members on six continents.

Rotary's reputation attracted presidents, prime ministers, and a host of other luminaries to its ranks — among them author Thomas Mann, diplomat Carlos P. Romulo, and composer Jean Sibelius.

As Rotary grew, members pooled their resources and used their talents to serve their communities. The organization's dedication to this ideal is best expressed in its motto: Service Above Self.

## ROTARY HYMN

I want to be a Rotarian for the world,  
Make the Rotary flag be a flag of peace unfurled;

I will serve my community,  
Help to seek international unity.  
Through Rotary, I will dedicate my all,  
World understanding shall be my cherished goal.

Refrain: With the Four Way Test  
I will pursue my quest  
And if I, in a way help obtain  
Peace in the world  
Then I won't have lived in vain.

I'll observe service above self,  
Lend a hand to all who need my help;  
I'll get my spouse to involve in Rotary  
And in Rotary ways I will train my family.

Refrain: With the Four Way Test  
We'll pursue our quest  
And if we, in a way help obtain  
Peace in the world  
Then we won't have lived in vain.

Build a bridge for tomorrow's youth,  
Strengthened by nothing but the truth;  
Let's join our hands, there's no reason to divide.

We shall all understand, while the good  
Lord is our guide.

Refrain: With the Four Way Test  
We'll pursue our quest  
And if we, in a way help obtain  
Peace in the world  
Then we won't have lived in vain.

Peace be achieved,  
So we won't have lived in vain.

## Experience different cultures and build international friendships through Rotary Friendship Exchange

Tagum City, Philippines

Godeok, South Korea

### What is Friendship Exchange?

Friendship Exchange is an international exchange program for Rotary members and friends that allows participants to take turns hosting one another in their homes and clubs. Participants may travel as individuals, couples, families, or groups, and may be Rotary members or not.

### Benefits of an exchange

- Broaden international understanding
- Explore a profession or job in a different context
- Build enduring friendships
- Establish a foundation for peace and service
- Gain opportunities for active project involvement and support
- Learn about a region's people, food, languages, customs, and history
- Find partners for grants

### Choose a destination

Explore our Exchange Finder Map to view current exchange locations and the districts that serve them. Connect with the district's Rotary Friendship Exchange chair for help finding potential international hosts and planning your itinerary.

### Define your purpose

Friendship exchanges are organized around at least one of three themes: culture, service, and vocation.

### Fund your exchange

All exchanges are paid for by the participants or their districts. Hosts are not expected to assume a significant financial burden. Club or district funds may be available to offset the costs of exchanges that have a vocational emphasis.

### Share your story

After your trip, submit a report to your district, as well as to [rotary.service@rotary.org](mailto:rotary.service@rotary.org). It's your chance to tell us about your experience, make suggestions, and share what you learned.

# WHY THE ROTARY YEAR BEGINS 1 JULY?

Ever wonder why the Rotary year begins 1 July? The international convention initially played a key role in determining the start date of our fiscal and administrative year.

Rotary's first fiscal year began the day after the first convention ended, on 18 August 1910. The 1911-12 fiscal year also related to the convention, beginning with the first day of the 1911 convention on 21 August.

At its August 1912 meeting, the Board of Directors ordered an audit of the International Association of Rotary Clubs' finances. The auditors recommended that the organization end its fiscal year on 30 June to give the secretary and treasurer time to prepare a financial statement for the convention and board, and determine the proper number of club delegates to the convention.

The executive committee concurred, and at its April 1913 meeting, designated 30 June as the end of the fiscal year. This also allowed for changes to the schedule for reporting club membership and payments. Even *The Rotarian* changed its volume numbering system to correspond to the fiscal year (beginning with vol. 5, July 1914).

Rotary continued to hold its annual conventions in July or August until 1917. Delegates to the 1916 event in Cincinnati, Ohio, USA, approved a resolution to hold future conventions in June, mainly because of the heat in cities where most of them occurred. The next one was held 17-21 June in Atlanta, Georgia.

The term "Rotary year" has been used to signify Rotary's annual administrative period since at least 1913. An article in *The Rotarian* that July noted, "The Rotary year that is rapidly drawing to a close has been signaled by several highly successful joint meetings of Clubs that are so situated as to assemble together easily and conveniently."
