Rotary Opens Opportunities

## EDITOR'S NOTE :

**ARNOLD M. NICOLAS, PHF +8**  
EDITOR-IN-CHIEF

Rotary Opens Opportunities: this rotary years theme aims to lead and live as an inspiration to humanities. We connect passionate people with diverse perspectives to exchange ideas, forge lifelong friendship, and above all, take action to change the world.

The ROTAnews of Rotary Club of Tagum North provides information and activities of the club. This is also one of our avenue to provide latest information to people of the different activities and information about Rotary.

Similarly, in the human society, civilization can evolve only if people with the right thought and right action pool in their resources together to move towards the right direction. When an engineer take care of the construction of the new cellphone tower, he needs the cooperation of the associate engineers, product suppliers, transporters, people in the vicinity of the tower and of course, his friends and family. Once again, we are talking about togetherness making a difference.

When people come together for the right purpose and under the right leadership, what results is sheer magic. Right values are necessary if togetherness or unity is to yield the right results.

## Rotary's Endowment

More than 100 years ago, Rotarians took bold action to ensure your success and the empowerment of generations still to come — they established The Rotary Foundation to secure a better future.

200+peace fellow scholarships funded by Rotary's Endowment in the name of the donor or their honoree

\$195 mil the value of named donations made to Rotary's Endowment that continuously support our programs

Gifts to Rotary's Endowment ensure that future Rotarians will have the resources they need to design and implement sustainable projects year after year.

### Your gift at work

Rotary strives to increase the value of your gift to the Endowment by preserving and investing your initial contribution and spending only a portion of the earnings. This strategy supports Rotary's causes today while generating funds that will further the work of future Rotarians committed to Doing Good in the World.

### Your Legacy, Rotary's Promise

Give to the Endowment today and watch as the value of your gift grows and investment earnings improve communities.

Secure your vision for the future by including a commitment to the Foundation in your will or estate plan.

We all know Rotary's tremendous power to transform our communities and ourselves. However, in every community, people have been left out, and we have not made a strong enough effort to reach them.

The RI Board of Directors is taking action to make Rotary more welcoming and diverse. We formed a task force to promote diversity, equity, and inclusion to help clubs attract new members regardless of gender, race, religion, age, or other factors. This will help us speed up the change we all want and need. The selection of Jennifer E. Jones as Rotary president for 2022-23 — the first woman to lead our organization — is another step in this direction.

At the grassroots level, clubs drive inclusion and diversity. Alia Ali — who serves on the board of directors at the Big West Rotaract Multidistrict Information Organization and is a Rotary Youth Leadership Awards alumna and past president of the Rotaract Club of Surrey-Newton, British Columbia — offers her perspective.

I still remember the relief I felt as a RYLA participant four years ago. I had finally found my people: people who cared as much as I did. All over the world, Rotary has the same heart. We serve our communities and take action where others feel paralyzed by the size and scope of a problem.

Let's continue that spirit, especially when the conversation is difficult. Racism, prejudice, and discrimination take on different forms but exist in every country, in every city, and in every person. How do we root it out?

As a diversity, equity, and inclusion consultant, I help organizations create a culture that empowers and attracts everyone using the power of empathy. When we feel with others as if they were ourselves, we cannot hold prejudice in our hearts. When every child reminds you of your own child, when every woman or man reminds you of your mother or brother, you start seeing the world differently.

We can apply The Four-Way Test through the lens of empathy. Are we building goodwill and friendship with everyone in our area, including women? Are things fair and beneficial to people of all ages? Who has to make choices that you don't have to make?

I made a heartbreaking choice between Rotary and my religion when a Rotary convention was held during Ramadan. I wondered: When we ask if this is fair and beneficial to all concerned, did that not include me as a Muslim? Would the convention ever be held over Easter? Only by asking difficult questions can we begin the work of creating a more inclusive and diverse Rotary.

We already connect so many people across the world. Imagine the possibilities when we bring even more people along for the ride. That's the future of Rotary I want to see: one where we are unstoppable in our service, relentless in our kindness, and intentional in the change we want to see.

Rotary has a big enough heart. If we open our door wider, we might find a lot of interesting people with new voices and new perspectives. We already have a variety of clubs offering different styles, cultures, and opportunities — and those who do not feel welcome in any particular club might be great candidates for new clubs created on different models. It's important that we make sure every new Rotary member is a good fit for their club. Rotary Opens Opportunities through diversity.

## Trustee Chair's Message

In the early 1870s, a genius toiled in his laboratory, driven by a vision to improve life through technology. After many failed attempts, by 1880 Thomas Edison had perfected a new light bulb that could be produced on a mass scale.

When someone pointed out to him that he had tried and failed 10,000 times before succeeding, he responded that he had merely found 10,000 ways it wouldn't work!

Just like Edison, The Rotary Foundation is driven by a vision for a better world. And we, too, remain determined and creative in the face of setbacks.

Earlier this year, our vital polio immunization activities had to be temporarily paused to ensure that the polio eradication program did not contribute to the COVID-19 pandemic. And so we adapted: The polio-fighting infrastructure that Rotary helped build was enlisted to assist in the response to COVID-19 in many vulnerable countries, as we had done before during outbreaks of Ebola, yellow fever, and avian flu.

Thankfully, we resumed polio immunization activities in July, having first taken all precautions to protect frontline workers and communities.

During these challenging days, our business — reaching out to people in distress — is not business as usual. The way we prepare and deliver projects and the methodology we use need to change. And the way we communicate what we do also must change.

The success of our global grants model is unmistakable. At its introduction in 2013-14, the Foundation awarded 868 grants worth over \$47 million. By 2019-20, the number of approved grants had risen to 1,350, worth over \$100 million. While the number of grants shot up by more than 50 percent, and funding by 123 percent, corresponding Annual Fund contributions showed only a 5 percent increase, and that's troubling.

To reach those who need us, to spread the love that our Foundation brings, we will need to rise to this challenge and work together to meet our funding needs.

Mother Teresa once said that if we want a message of love to be heard, it has to be sent out. To keep a lamp burning, we have to keep putting oil in it.

The Rotary Foundation offers the best opportunity I know for us to invest in a better future for communities around the world. Your generosity today and throughout this year is the oil that keeps our grants burning bright, reaching the ones who need us most.

Greetings to RCTN Members and to all our Rotarian Friends!

Aside from the COVID 19 Pandemic, the Philippines has been visited by other calamities, such as typhoon, flood, and earthquake. However, with God's grace, we have remained steadfast in our will to overcome all these trials through prayers and willingness to reach out and help other people.

**ROTARY'S CORE VALUES**

**THIS IS WHAT WE ARE ALL ABOUT.**

Rotary PEOPLE OF ACTION

### Five Avenues of Service

For years, Rotary's commitment to Service Above Self has been channeled through the five Avenues of Service, which form the foundation of club activity. To get started on a project, think broadly about how your club and its members could contribute within each avenue.

#### Club Service

Club Service focuses on strengthening fellowship and ensuring the smooth functioning of Rotary clubs. Learn about effective club service in Membership and Training.

#### Vocational Service

Vocational Service involves club members serving others through their professions and aspiring to high ethical standards. Rotarians, as business leaders, share skills and expertise through their vocations, and they inspire others in the process.

#### Community Service

Community Service is the opportunity Rotary clubs have to implement club projects and activities that improve life in the local community.

#### International Service

International Service encompasses efforts to expand Rotary's humanitarian reach around the world and to promote world understanding and peace. It includes everything from contributing to PolioPlus to helping Rotary Youth Exchange students adjust to their host countries.

#### New Generations Service

The Avenue of New Generations recognizes the positive change implemented by youth and young adults involved in leadership development activities, community and international service projects, and exchange programs that enrich and foster world peace and cultural understanding.

## HISTORY OF ROTARY INTERNATIONAL

The first four Rotarians (from left): Gustavus Loehr, Silvester Schiele, Hiram Shorey, and Paul P. Harris, circa 1905-12.

The first four Rotarians (from left): Gustavus Loehr, Silvester Schiele, Hiram Shorey, and Paul P. Harris, circa 1905-12.

Paul P. Harris, an attorney, wanted to create a professional group with the same friendly spirit he felt in the small towns of his youth. On 23 February 1905, Harris, Gustavus Loehr, Silvester Schiele, and Hiram Shorey gathered at Loehr's office in Room 711 of the Unity Building in downtown Chicago. This was the first Rotary club meeting. They decided to call the new club "Rotary" after the practice of rotating meeting locations.

Within five years clubs had formed across the country, from San Francisco to New York.

In August 1910, Rotarians held their first convention in Chicago. The 16 clubs that existed at that time united to form the National Association of Rotary Clubs.

In 1912, the name changed to International Association of Rotary Clubs to reflect the addition of clubs in other countries. The name Rotary International was adopted in 1922.

By July 1925, Rotary had grown to more than 2,000 clubs and an estimated 108,000 members on six continents.

Rotary's reputation attracted presidents, prime ministers, and a host of other luminaries to its ranks — among them author Thomas Mann, diplomat Carlos P. Romulo, and composer Jean Sibelius.

As Rotary grew, members pooled their resources and used their talents to serve their communities. The organization's dedication to this ideal is best expressed in its motto: Service Above Self.

## ROTARY HYMN

I want to be a Rotarian for the world,  
Make the Rotary flag be a flag of peace unfurled;

I will serve my community,  
Help to seek international unity.  
Through Rotary, I will dedicate my all,  
World understanding shall be my cherished goal.

Refrain: With the Four Way Test  
I will pursue my quest  
And if I, in a way help obtain  
Peace in the world  
Then I won't have lived in vain.

I'll observe service above self,  
Lend a hand to all who need my help;  
I'll get my spouse to involve in Rotary  
And in Rotary ways I will train my family.

Refrain: With the Four Way Test  
We'll pursue our quest  
And if we, in a way help obtain  
Peace in the world  
Then we won't have lived in vain.

Build a bridge for tomorrow's youth,  
Strengthened by nothing but the truth;  
Let's join our hands, there's no reason to divide.

We shall all understand, while the good  
Lord is our guide.

Refrain: With the Four Way Test  
We'll pursue our quest  
And if we, in a way help obtain  
Peace in the world  
Then we won't have lived in vain.

Peace be achieved,  
So we won't have lived in vain.

# ROTARY HISTORY

## A Home for Headquarters

A.Z. Baker (center), who would serve as 1955-56 RI president, breaks ground for the new Rotary International World Headquarters building on Ridge Avenue in Evanston, Illinois, USA, in 1953. The headquarters remained there until 1987, when it moved to Sherman Avenue in Evanston.

The idea that Rotary should own its headquarters dates back at least to the 1920 convention, when Albert Adams, 1919-20 Rotary president, told attendees that he hoped to someday see the headquarters in a beautiful building of Rotary's own.

"It sounds like a dream, doesn't it?" he said. "But it can be done."

Rotary's worldwide presence, and the number of secretariat staff members working to support it, would grow considerably by the time the idea became a reality in the 1950s.

The Chicago years

The National Association of Rotary Clubs — now Rotary International — formed in 1910 and had its headquarters in the Chicago, Illinois, USA, office of its secretary, Chesley R. Perry. In March 1911, Rotary's headquarters moved to rented space in the First National Bank Building, one of many downtown Chicago rentals.

In 1914, Rotary set up its headquarters in the Karpen Building on South Michigan Avenue. During its nine years there, the staff grew to 78 people, and Rotary expanded beyond North America and Europe to Asia, South America, Africa, and Oceania. Citing increasing rent after World War I, Rotary moved to the Atwell Building in 1923, then to several more buildings after that.

After so many moves, some Rotary leaders began to call for a world headquarters that RI itself would own. Delegates at the 1921 convention attempted to pass a resolution to purchase a site for a building of Rotary's own, but they were unsuccessful. The 1928 convention delegates adopted a similar resolution, which had two notable conditions: There would be no increase in the per capita tax or assessment on clubs, and the site was to be in Chicago. A committee was formed and potential locations identified, but the Depression and the U.S. entry into World War II delayed any further action.

#### The search begins

Finally, in 1943, the debate over sites got underway when the RI Board appointed a headquarters committee consisting of 1939-40 RI Director Roy Weaver from Colorado, 1942-43 RI Director Fred Haas from Nebraska, and 1935-36 RI President Ed Johnson.

Around the time of his appointment, Johnson sent a letter to other past presidents sharing his vision for a building for Rotary in Evanston, a suburb north of Chicago and near the campus of Northwestern University. He appealed to the financial sensibilities of ownership and to the sentimental opportunity to dedicate a building to Paul Harris, Rotary's founder. He also proposed that sponsoring the building could become an objective of The Rotary Foundation, which at the time had no regular programs.

The 1944 convention delegates approved expanding the headquarters search beyond Chicago. Thirty clubs expressed interest in having the headquarters located in or near their cities. Committee members visited seven of the cities and ultimately recommended Denver, Colorado, USA, as the site for headquarters.

The recommendation surprised members and the Chicago community. The group representing Chicago met with the Board and highlighted the city's status as a financial and transportation center accessible by rail and air. Representatives also reinforced the connection between Rotary and the city, noting that "Chicago business and civic leaders have a justifiable pride centered in the fact that Rotary is an offspring of Chicago."

Proposals to relocate to Denver were debated at length and finally rejected at the 1946 and 1947 conventions.  
Making Evanston home

In January 1952, the Board decided to "immediately and energetically" begin looking for land or a building in Chicago or the vicinity. That August, a lot was purchased in Evanston. The November issue of *The Rotarian* (as Rotary magazine was then known) previewed sketches and details of the new three-story building, which was distinguished by a large granite staircase, monolithic columns, and angled building wings. Inside the building were modern systems and features, including an acoustic ceiling treatment and air conditioning.

Rotary leaders gathered at 1600 Ridge Avenue for a groundbreaking ceremony in 1953, and the building opened in August of the following year. In that first month, 250 Rotary members and friends visited to see it for themselves.

Despite initial room to grow and a later addition, Rotary eventually outgrew that space. In 1987, Rotary purchased the building on Sherman Avenue in Evanston from Baxter Travenol Laboratories. Known today as One Rotary Center, that building is still home to Rotary International World Headquarters and welcomes more than 2,000 visitors a year. Learn how to schedule a tour.

## WHY THE ROTARY YEAR BEGINS 1 JULY?

Ever wonder why the Rotary year begins 1 July? The international convention initially played a key role in determining the start date of our fiscal and administrative year.

Rotary's first fiscal year began the day after the first convention ended, on 18 August 1910. The 1911-12 fiscal year also related to the convention, beginning with the first day of the 1911 convention on 21 August.

At its August 1912 meeting, the Board of Directors ordered an audit of the International Association of Rotary Clubs' finances. The auditors recommended that the organization end its fiscal year on 30 June to give the secretary and treasurer time to prepare a financial statement for the convention and board, and determine the proper number of club delegates to the convention.

The executive committee concurred, and at its April 1913 meeting, designated 30 June as the end of the fiscal year. This also allowed for changes to the schedule for reporting club membership and payments. Even *The Rotarian* changed its volume numbering system to correspond to the fiscal year (beginning with vol. 5, July 1914).

Rotary continued to hold its annual conventions in July or August until 1917. Delegates to the 1916 event in Cincinnati, Ohio, USA, approved a resolution to hold future conventions in June, mainly because of the heat in cities where most of them occurred. The next one was held 17-21 June in Atlanta, Georgia.

The term "Rotary year" has been used to signify Rotary's annual administrative period since at least 1913. An article in *The Rotarian* that July noted, "The Rotary year that is rapidly drawing to a close has been signaled by several highly successful joint meetings of Clubs that are so situated as to assemble together easily and conveniently."

Since the executive committee's decision in 1913, the end of the Rotary year has remained 30 June.

## Mission

The mission of Rotary International is to provide service to others, promote integrity, and advance world understanding, goodwill, and peace through its fellowship of business, professional, and community leaders.

## Diversity and Rotary

Rotary International recognizes the value of diversity within individual clubs. Rotary encourages clubs to assess those in their communities who are eligible for membership, under existing membership guidelines, and to endeavor to include the appropriate range of individuals in their clubs. A club that reflects its community's diversity with regard to professional and business classifications, gender, age, religion, and ethnicity is a club with the key ingredients to its successful future.
