ROTARY

OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST:

The development of acquaintance as an opportunity for service;

SECOND:

High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD:

The application of the ideal of service in each Rotarian's personal, business, and community life;

FOURTH:

The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

Rotary Code of Conduct

As a Rotarian, I will

1. Exemplify the core value of integrity in all behaviors and activities
2. Use my vocational experience and talents to serve Rotary
3. Conduct all my personal, business and professional affairs ethically encouraging and fostering high ethical standards as an example to others
4. Be fair in all dealings with others and treat them with the respect due to them as fellow human beings.
5. Promote recognition and respect for all occupations which are useful to society
6. Offer my vocational talents: to provide opportunities for young people, to work of the relief of the special needs of others, and to improve the quality of life in my community.
7. Honor trust that Rotary and other Rotarians provide and not do anything that will bring disfavor or reflect adversely on Rotary or other Rotarians
8. Not seek from a fellow a privilege or advantage not normally accorded others in a business or professional relationship

THE FOUR-WAY TEST of the things we think, say or do

- I. Is it the TRUTH?
- II. Is it FAIR to all concerned?
- III. Will it build GOODWILL & BETTER FRIENDSHIPS?
- IV. Will it be BENEFICIAL to all concerned?

DECLARATION OF ROTARIANS IN BUSINESS AND PROFESSIONS

The Declaration of Rotarians in Businesses and Professions was adopted by the Rotary International Council on Legislation in 1989 to provide more specific guidelines for the high ethical standards called for in the Object of Rotary:

As a Rotarian engaged in a business or profession, I am expected to:

1. Consider my vocation to be another opportunity to serve;
2. Be faithful to the letter and to the spirit of the ethical codes of my vocation, to the laws of my country, and to the moral standards of my community;
3. Do all in my power to dignify my vocation and to promote the highest ethical standards in my chosen vocation;
4. Be fair to my employer, employees, associates, competitors, customers, the public, and all those with whom I have a business or professional relationship;
5. Recognize the honor and respect due to all occupations which are useful to society;
6. Offer my vocational talents: to provide opportunities for young people, to work for the relief of the special needs of others, and to improve the quality of life in my community;
7. Adhere to honesty in my advertising and in all representations to the public concerning my business or profession;
8. Neither seek from nor grant to a fellow Rotarian a privilege or advantage not normally accorded others in a business or professional relationship.

EDITORIAL

Ever wonder why 1 July is the beginning of the Rotary year? Initially, our conventions played a key role in determining the start date of our fiscal and administrative year.

Rotary's first fiscal year began the day after the first convention ended, on 18 August 1910. The 1911-12 fiscal year also related to the convention, beginning with the first day of the 1911 convention on 21 August.

Attendees at Rotary's first convention in Chicago in 1910. Rotary's first fiscal year began the day after the convention ended.

The next August, the Board of Directors ordered an audit of the International Association of Rotary Clubs' finances. The auditors recommended that the organization end its fiscal year on 30 June to give the secretary and treasurer time to prepare a financial statement for the convention and board, and to determine the proper number of club delegates to the convention.

The executive committee agreed and, in April 1913, designated 30 June as the end of the fiscal year. This also allowed for changes to the schedule for reporting club membership and payments. Even The Rotarian changed its volume numbering system to correspond to the fiscal year (beginning with Volume 5, No. 1, in July 1914).

Rotary continued to hold its annual conventions in July or August until 1917. Delegates to the 1916 event in Cincinnati, Ohio, USA, approved a resolution to hold future conventions in June, mainly because of the heat in cities where most of them occurred. The next one was held 17-21 June in Atlanta, Georgia.

The term "Rotary year" has been used to signify Rotary's annual administrative period since at least 1913. An article in The Rotarian that July noted, "The Rotary year that is rapidly drawing to a close has been signalized by several highly successful joint meetings of Clubs that are so situated as to assemble together easily and conveniently."

Since the executive committee's decision in 1913, the end of the Rotary year has remained 30 June.

Every month since I joined Rotary, I've looked forward to reading this magazine, especially the opening essay from our Rotary president. I'll admit that as much as I appreciate a digital copy, I still revel in the tactile sensation of sitting down and leafing through the glossy pages. They are a treasure trove of photos and memorable stories about our great organization — the one we all know and love. I have learned so much over the years about service projects and lives that each of you have transformed.

As a communications professional, I have longed for the day that our stories were a regular part of mainstream media and that our flagship magazine might populate doctor's offices, coffee shops, or anywhere else people sit, wait, and browse. It's great that Rotary members are better informed about all we do, and wouldn't it be that much better if more people knew our stories.

All this was top of mind as I thought about our plans for promoting Rotary worldwide in the upcoming year. Over the next 12 months, we are going to shine a light on projects that put Rotary service on display to the world, and we are going to do it strategically. Nick and I will focus on some of the highest impact, sustainable, and scalable Rotary projects from our areas of focus in what we call the Imagine Impact Tour.

We are inviting top-tier journalists, thought leaders, and influencers to use their channels to help us raise awareness by reaching people who want to serve but have not yet realized they can do it through Rotary.

But there was another important issue to consider — our carbon footprint. I take seriously Rotary's emerging leadership position on environmental issues. The example set by our members during the pandemic is fundamental to how we carve out our future.

That means we will harness digital technology to tell these stories — we will be tweeting, posting, and "going live" to anyone who will listen. We must consider our environment, and part of that means not always traveling but continuing to connect in meaningful ways as we have for the past two years.

Of course, we are social people, and we still need to be together. We simply need to be more mindful of our decisions and think about how we get together just a little bit differently. For example, if we travel to visit a project, we will plan successive visits in neighboring areas.

So, what are your stories and who can help tell them? I hope you might consider your own Imagine Impact efforts — your story might be something you can promote just as easily on social media or during a Zoom call. Think about ways to showcase notable projects in your clubs and districts.

We all feel the impact that Rotary service and values have on us. Now it's our opportunity to share that feeling with others.

Jennifer Jones
President Message
July 2022

"Time can be an ally or an enemy," author Zig Ziglar once wrote. "What it becomes depends entirely upon you, your goals, and your determination to use every available minute."

Every June, as we wind down another year in Rotary, I ask myself if we have used the past 365 days well. To answer, let's look at what we have accomplished.

Cases in the remaining wild-polio endemic countries, Afghanistan and Pakistan, are at their lowest level in history. Challenges to global eradication remain and our work is not yet finished, but we are making encouraging progress, which wouldn't be possible without your support.

Rotary needs to raise \$50 million each year for polio eradication, and doing so during a pandemic is no easy task. But Rotary clubs adapt quickly. When in-person events weren't possible, many clubs successfully raised funds online.

We hit another memorable mark during Giving Tuesday in November, when The Rotary Foundation got a boost by raising \$1.2 million. We reached out to more current and prospective donors than ever before — almost 500,000 members across 40 countries. Some of our most engaged clubs were located in the Bahamas, India, Singapore, Taiwan, and the United States. We thank all of those members who made Giving Tuesday a success.

Due to travel restrictions this year, Rotary representatives couldn't visit potential host universities as part of our ongoing effort to establish our next Rotary Peace Center in the Middle East or North Africa. But nothing stands in the way of our pursuit of peace; plans are still on for the Rotary Presidential Conference in Houston, 3-4 June, which will focus on peace, and I look forward to being there.

This year, Rotary made another contribution in our commitment to peace, approving more than 1,000 global, district, and disaster response grants to fulfill the needs of thousands around the world. For until hungry people are fed, families have access to clean water, and children everywhere are educated, we won't truly have peace in the world.

We have used our time well this year, but our work is never complete. We always need and welcome more Rotary and Rotaract members who bring their hands, minds, and gifts so that Rotary-led Foundation projects will create lasting change for those who need it most.

As we approach 1 July, let us heed Ziglar's words, remembering that how we spend the next 365 days largely depends on us and our determination to reach our goals. So let us do the best we can with the time we have been given, today. And let us begin again, every day.

Club President's Message

Pres. Jess M. Osorio, PHF

Every July 1st, the Rotary Year officially begins. It has long been customary for the Rotary Club of Tagum North to have the handover and induction of new sets of officers on the same day. My first day of official service therefore began on that day. Past District Governors, Assistant Governors, District officers, Club Presidents, members of other clubs, Rotary friends, as well as my fellow club members and with our guest speaker, District Governor-elect Rozzane C. Gamboa, were present at the ceremony. We had 11 new members, all under the age of 40, inducted in addition to completing one of the district challenges.

I'm incredibly grateful to my fellow Rotarians who helped make our event a success by giving their time, energy, and money out of their own pockets. We appreciate each and every one of you. Not because of me, but because you were Rotarized, which implies that you don't just see other people's needs but also allow them to experience your affection for them, I was aware that you were always there.

That evening also provides as a chance for senior Rotarians who haven't been together in a while to rekindle old friendships. The club's upcoming acquaintance party is something I'm looking forward to. I really believe that our Rotary experience doesn't end when we stop participating in it; rather, it expands outside of the club with the shared objective of "Service to the community." The members' relationship should continue in community-service, professional-development, and business opportunities. In celebration of the Rotary New Year, we held a One District, One Rotary New Year Children's Party at the St. Therese Crisis Center, Barangay Datu Abdul Dadia City of Panaboa. These young children suffered sexual assault primarily from members of their own families.

We had given away some reading glasses at Barangay Salvacion and Britania, San „Surigao del Sur, so that we could see some smiles a little farther away from our area. The grateful receiver thanked us joyously, not for the value of the glasses but for the love and value they had just felt from Rotary. We all took pleasure in that occasion because, after donning their spectacles, we were referred to as doctors or even as gorgeous or beautiful. We want to spread the word about more things that can make our less fortunate brothers and sisters smile.

Just recently on July 16, 2022 in celebration with the National Blood Donor's month, our District 3860 area 2D organized the Bloodletting activity in City Mall, Tagum City. We are really grateful to our 70 blood donors, who are the real program heroes.

We will continue IMAGINE and make the actions on how we can express our love to those communities that are less fortunate in our little own ways.

our commitment to diversity, equity, and inclusion

At Rotary, we understand that cultivating a diverse, equitable, and inclusive culture is essential to realizing our vision of a world where people unite and take action to create lasting change.

We value diversity and celebrate the contributions of people of all backgrounds, across age, ethnicity, race, color, disability, learning style, religion, faith, socioeconomic status, culture, marital status, languages spoken, sex, sexual orientation, and gender identity as well as differences in ideas, thoughts, values, and beliefs.

Recognizing that individuals from certain groups have historically experienced barriers to membership, participation, and leadership, we commit to advancing equity in all aspects of Rotary, including in our community partnerships, so that each person has the necessary access to resources, opportunities, networks, and support to thrive.

We believe that all people hold visible and invisible qualities that inherently make them unique, and we strive to create an inclusive culture where each person knows they are valued and belong.

In line with our value of integrity, we are committed to being honest and transparent about where we are in our DEI journey as an organization, and to continuing to learn and do better.

Rotary's Commitment to Diversity, Equity, and Inclusion

At Rotary, we're committed to treating everyone with dignity and respect, allowing everyone's voice to be heard, and providing equitable opportunities for fellowship, service, and leadership.

Our members want and expect Rotary to be a diverse, equitable, and inclusive organization. We're committed to creating supportive environments that foster open communication and shared learning. And although the Rotary experience may differ from country to country, the dynamics, histories, and structures that create inequality and bias can be found all over the world. Issues of diversity, equity, and inclusion are globally relevant.

The Rotary International Board of Directors and The Rotary Foundation Board of Trustees embrace the principles of diversity, equity, and inclusion, and Rotary is taking action to follow these principles in everything we do. We recognize that being a diverse, equitable, and inclusive organization will enhance the experience that members have in Rotary, allow us to carry out more meaningful and effective service efforts, and create open, welcoming environments that appeal to people who want to connect with us.

A guide for the future

The Rotary International Board convened the [Diversity, Equity, and Inclusion Task Force](#) to assess the state of DEI within Rotary and develop a comprehensive plan to establish these values even more firmly in our culture. To develop the plan, the task force used the responses from 31,000 members around the world who reported their experiences with DEI in Rotary through our first diversity, equity, and inclusion survey.

[Read](#) the highlights of the framework.

[View a snapshot of DEI at Rotary.](#)

Rotary's commitment statement

In 2021, the Rotary International Board, with guidance from the DEI Task Force, strengthened our [commitment statement on diversity, equity, and inclusion](#), which had been adopted in 2019.

DEI code of conduct

Rotary International's Board approved a new [DEI code of conduct](#) that reflects our core values. It provides a supportive framework for how Rotary members can create and maintain an environment that is collaborative, positive, and healthy for everyone.

The DEI code of conduct asks Rotary members to:

- Use respectful language
- Be supportive
- Foster a welcoming and inclusive environment
- Celebrate diversity

Although free expression is important, what we say and how we behave matter. Rotary does not tolerate speech or behavior that promotes bias, discrimination, prejudice, or hatred because of age, ethnicity, race, color, disabilities, religion, socioeconomic status, culture, sex, sexual orientation, or gender identity. All Rotary leaders, from club presidents and district governors to directors and trustees, are expected to apply the DEI code of conduct uniformly by taking responsibility for how their words and actions may affect others.

If you hear something or observe behavior that doesn't align with the DEI code of conduct, you have several options for addressing it:

- If the situation can be resolved through discussion, encourage the member or participant to talk to the person directly. Very often, a person who said something or acted in a way that made others feel excluded, marginalized, or targeted did not do so intentionally. Although there might be mistakes, missteps, and uncomfortable conversations along the way, the end result is a better, stronger Rotary.
- If a discussion is not possible or the situation involves someone in a leadership role or another club, contact [Club and District Support staff](#), who will review the information and follow up appropriately.
- If anyone is in danger or their safety is in doubt, contact local law enforcement and notify Rotary's [Club and District Support staff](#).

Support DEI in your club and community

You have access to many resources to help you advocate for DEI in your club and district. You can:

- Expand your knowledge and increase your ability to facilitate positive discussions about DEI issues with courses available in the Learning Center:
 - [DEI Basics](#)
 - [DEI Intermediate](#)
 - [DEI Webinar Series](#)

-Talk about the benefits of a diverse and inclusive club with your fellow club members and use the [Diversifying Your Club](#) assessment to create a member diversity and inclusion plan.

-Join a Rotary discussion group about a DEI-related topic:

-LGBT Diversity and Inclusion Affinity Rotary Group

-Gender Equity in Rotary

-DEI — Diversity, Equity, and Inclusion

-Celebrating Indigenous and Various Cultures, Peoples, and Places

-Rotarians Against Racism

-Agrupación Feminista de Rotary (Spanish)

You can take action to promote diversity, equity, and inclusion in your club:

-Invite local diversity, equity, and inclusion experts to speak to your club. Connect with organizations that support DEI efforts, and work with them on projects or events.

-Seek out new voices when you're making appointments and encourage people who have been underrepresented in these roles to take on leadership positions.

-Hold conversations about diversity, equity, and inclusion. Acknowledge that this can be uncomfortable and very personal. Establish the expectation that these conversations will allow everyone opportunities to learn and to be heard and will remain respectful.

-Create a club DEI committee that reflects the demographics of your community and works with residents to identify collaborative learning, sharing, and service opportunities.

NORTH is UP

by: PAG Arnold M. Nicolas , PAG Jim M. Osorio & PAG Glenn A. Pono

At 35, The Rotary Club of Tagum North (RCTN) stands strong and proud. Like a grown-up man, it has gained so much confidence, beaming, and always ready to face new challenges.

The Rotary Club of Tagum North is Club No. 26110 of Rotary International, District 3860, Area 2D. It is the second Rotary Club in Tagum City, Davao del Norte. To date , its membership strength of 38 Rotarian's.

In 1988 , the Rotary Club of Tagum, led by Pres. Arrel Olano, organized the Rotary Club of Tagum North. Barely three months from its first organizational meeting, the club was chartered on December 9, 1988. The club was nurtured under the caring hands of its "father" +PP Filemon Maloles, the Special Governor's Representative to District Governor Cesar Estallilla. Among the 27 charter members, the late Sing Beng "Danny" Lee was the elected charter president. Two of the charter members, namely PP Cock Chang F. Soo and PP Antonio Inguillo remain to be part of the current active members of RCTN. There are three Rotary Clubs in Tagum City. Being the first club extension, the Rotary Club of Tagum North brought in a new dimension of dynamism and aggressiveness of the Rotary Community in Tagum City. It rallied behind its birth-year Rotary theme: "Put Life into Rotary-Your Life (RY 1988-89)". As a young club, it supported the call to expand the Rotary Community and organized the Rotary Club of Nabunturan in RY 1991-92, and the Rotary Club of Tagum Golden L.A.C.E.S. (Ladies in Action Committed to Effective Service) in RY 1992-93.

The district formally recognized 20 of the 34 past presidents, as Outstanding Presidents (in different awarding categories), They include: PP Regino O. Vergara (RY 1992-93), PAG Jim M. Osorio (RY 1993-94), PP Samuel Raymundo (RY 1998-99), PP Joseph Nilo F. Parreñas (RY 2000-01), PAG Leopoldo D. Diamante (RY 2004-05), PP Martelino D. Briguez (RY 2005-200),PAG Jose Alvic P. Suaybaguio (RY 2006-2007), PP Reynaldo T. Salve (2007-2008), PAG Arnold M. Nicolas (RY 2008-2009), PP Saity F. Dalisay (RY 2009-2010), PAG Glenn A. Pono (RY 2010-2011), PP Antonio R. Gradually, the club earned its name not only in its locality but in the whole District as well. Peace & Conflict Prevention & Treatment

A Silver Lining at the Crossroad of Conflict

Situated along with the benches of the Pantaron mountain ranges and at the crossroads of Bukidnon, Agusan del Norte, and Davao del Norte, Sitio Tapayanon in Barangay Gupitan, Kapalong Davao del Norte is a remote and internally displaced indigenous people community. The area has limited access to basic education and literacy, health, sanitation, and maternal and child health care. Sitio Tapayanon was eventually relieved as the insurgents' strategic shelter spot and place of retreat in these regions after being explored and identified by forces from the 60th Infantry Battalion in 2019.

The "Tapayanons" of Mindanao's Ata-Manobo tribe endured a simple, modest way of life while preserving vibrant culture and tradition, attributed to their ingenuity and persistence. Although the community is now peaceful and thriving, problems continue to emerge as the community struggle to transform into a sustainable and developed rural community. Because the area is only accessible by helicopter, there are no essential services available. Provision of basic education and literacy are neglected due to a lack of resources and services. Through the initiative of the Provincial Government of Davao del Norte and the Local Government Unit of Kapalong, residents of Sitio Tapayanon are now relocated into Sitio Mondol, Barangay Gupitan in Kapalong, Davao del Norte that can be accessed by land transportation.

The Rotary Club of Tagum North has continued to be the "light of hope" in every Tapayanon child's goal of having access to basic education and literacy, thanks to a District Grant from The Rotary Foundation. WHY THE ROTARY YEAR BEGINS 1 JULY?

Ever wonder why the Rotary year begins 1 July? The international convention initially played a key role in determining the start date of our fiscal and administrative year.

Rotary's first fiscal year began the day after the first convention ended, on 18 August 1910. The 1911-12 fiscal year also related to the convention, beginning with the first day of the 1911 convention on 21 August.

At its August 1912 meeting, the Board of Directors ordered an audit of the International Association of Rotary Clubs' finances. The auditors recommended that the organization end its fiscal year on 30 June to give the secretary and treasurer time to prepare a financial statement for the convention and board, and determine the proper number of club delegates to the convention.

The executive committee concurred, and at its April 1913 meeting, designated 30 June as the end of the fiscal year. This also allowed for changes to the schedule for reporting club membership and payments. Even *The Rotarian* changed its volume numbering system to correspond to the fiscal year (beginning with vol. 5, July 1914).

Rotary continued to hold its annual conventions in July or August until 1917. Delegates to the 1916 event in Cincinnati, Ohio, USA, approved a resolution to hold future conventions in June, mainly because of the heat in cities where most of them occurred. The next one was held 17-21 June in Atlanta, Georgia.

The term "Rotary year" has been used to signify Rotary's annual administrative period since at least 1913. An article in *The Rotarian* that July noted, "The Rotary year that is rapidly drawing to a close has been signaled by several highly successful joint meetings of Clubs that are so situated as to assemble together easily and conveniently."

Since the executive committee's decision in 1913, the end of the Rotary year has remained 30 June.
