The Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular to encourage and foster:

FIRST. The development of acquaintance as an opportunity for service

SECOND. High ethical standard in business and profession; the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society.

THIRD. The application of the ideal of service in each Rotarian's personal, business and community life;

FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

**THE FOUR – WAY TEST
of the things we think, say or
do:**

1. Is it the **TRUTH**?
2. IS it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

President's Message
Dr. Haydee C. Cabasan
Club President 2020-2021

July 2021 – Valedictory Speech

After 365 sleeps, I have completed my term last June 30 and tonight is meaningful for me as this will be my last Bang as this club President. I wish to thank you all for the honor and privilege entrusted to me as your outgoing transforming president. To say that it was challenging to lead the club during this global pandemic would be an understatement. Yet, with all of your support, our club had a great year, if not the best, in terms of community service and projects that embody our motto of SERVICE ABOVE SELF. When I was confined in the hospital and tested positive for COVID 19, my doctor asked me, in a rather judgmental tone, which wasn't a comfort at all

given my symptomatic state, if I got the virus from clubs or night outs. I reflected on this and thought to myself: No, I didn't get the virus from meaningless social functions. A week before I experienced the symptoms, all I did was volunteer work. Had I died from that, it would have been okay with me knowing that I did something that gave more meaning to my life being in service for a greater cause to the community and to the world in general. And here I am, at the completion of my term as your President and ever so ready to assist our new President and the club in serving to change lives.

All achievements we had for the past year have been made possible with the significant contributions from all of you my dear Rotarians for the Rotary Club of Tubigon. First and foremost, a huge thank you to our very efficient Secretary, Rotarian Maribel Sumayang, from whom I learned so much in terms of juggling a mountain load of work. Thank you to our new PHFs. Rtn Venus, Nimfa, Ado, Baby, Cristy, Lita and Trina for being so generous in your contributions to The Rotary Foundation. You are a gift to the world! To all members of this club, each of your time, effort and resources shared to the club this past year is greatly appreciated.

I also would like to give credit to our Assistant Governor Romeo Balaba for the able leadership for all Bohol Clubs. Your gentle prodding and ideas kept us all engaged and active throughout the year. You remained steadfast in your will to serve and I admire that the most in you.

Lastly, thank you so much Immediate Past District Governor Rodel Riezl Reyes, for the all the support you have extended to our club. With your guidance, our club was able to produce a record-breaking number of PHF's. Ng dahil sayo, we were able to do Tiktok which was a first for most of us. Thank you so much Gov! All our district activities were unique and fun despite the circumstances and know that Rotarians from RC Tubigon cheered for you every step of the way.

Also to the district officers, district governors, past, present and future, thank you for selflessly doing what you are doing for the entire district. You all are an inspiration to me and all rotarians from our club.

My Rotary Club of Tubiogn family, I consider myself very fortunate to have the privilege of leading this prestigious club. As stewards in the business of humanity, I encourage all Rotarians of the Rotary Club of Tubigon to rally behind Pres. Delia Lasco and our new set of officers this year. Together, we all look forward to another fun, fulfilling year of meaningful service to our community. Let us all support and promote this year's theme "Serve to Change Lives".

Thank you so much from the bottom of my heart and Mabuhay ang Rotary Club of Tubigon!

"Rotary Hymn"

I want to be a Rotarian for the world,
Make the Rotary flag be a flag of
peace unfurled;
I will serve my community,
Help to seek international unity.
Through Rotary, I will dedicate my all,
World understanding shall be my
cherished goal.

Refrain: With the Four Way Test
I will pursue my quest
And if I, in a way help obtain
Peace in the world
Then I won't have lived in vain.

I'll observe service above self,
Lend a hand to all who need my help;
I'll get my spouse to involve in Rotary
And in Rotary ways I will train my
family.

Refrain: With the Four Way Test
I will pursue my quest
And if I, in a way help obtain
Peace in the world
Then I won't have lived in vain.

Build a bridge for tomorrow's youth,
Strengthened by nothing but the truth;
Let's join our hands, there's no reason
to divide..

We shall all understand, while the good
Lord is our guide

Peace be achieved, so we won't have lived in vain

HEALTH TIPS

FACTS OF THE MATTER

THE FACTS OF LIFE

This is a story about four people named **EVERYBODY**, **SOMEBODY**, **ANYBODY** and **NOBODY**.

There was an important job to be done and **EVERYBODY** was sure that **SOMEBODY** would do it.

ANYBODY could have done it, but **NOBODY** did it.

SOMEBODY got angry about that, because it was **EVERYBODY'S** job.

EVERYBODY thought **ANYBODY** could do it, but **NOBODY** realised that **EVERYBODY** wouldn't do it.

It ended up that **EVERYBODY** blamed **SOMEBODY** when **NOBODY** did what **ANYBODY** could have done.

EDITORIAL – Circuit breaker (The Phil. Star)

There is a marked increase in COVID transmission in Metro Manila, but it cannot be described yet as a surge, according to health officials. And without a surge, the officials see no need for a two-week “hard lockdown” that the OCTA Research Group is suggesting to nip in the bud the spread of the more virulent Delta variant.

The hard lockdown as a circuit breaker is supported by businessmen led by presidential adviser for entrepreneurship Joey Concepcion as well as the Department of Finance and National Economic and Development Authority.

On the other hand, the Department of Trade and Industry says the economy cannot bear a hard lockdown. The Philippine Chamber of Commerce and Industry, for its part, wants a one-week leeway to prepare for such a circuit breaker particularly for producers of essential goods.

As a compromise, President Duterte has reverted the National Capital Region to “heightened” general community quarantine for the first two weeks of August, from the current regular GCQ. He should hope the situation does not deteriorate into a crisis similar to the one that hit the NCR last summer, when the government was also slow in declaring a surge attributed to the more infectious variants from the United Kingdom and South Africa. As infections and swift deaths soared, the government was forced to revert the NCR and several provinces to modified enhanced community quarantine.

Delta, first detected in India, is several times more infectious than the other variants. The Philippines has seen how Delta rampaged in India and is now wreaking havoc in Indonesia and Thailand. Yesterday, 97 additional Delta cases were recorded nationwide, with 88 contracted locally, bringing to 216 the total. Eight Delta deaths have been recorded so far, with infections documented among ages ranging from less than a year to 79 years.

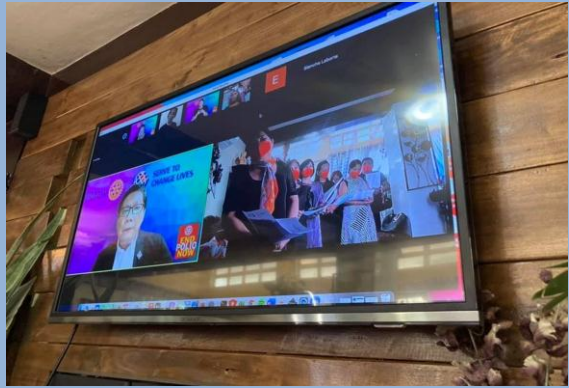

Proponents of the early circuit breaker lockdown say it is meant to save the Philippine economy in the fourth quarter – a peak period of consumption and production – from the impact of any COVID surge at this time. The government has ignored these arguments and chosen its course. The nation can only hope it is the right one.
