Rotary's Core Values

Rotary's core values represent the guiding principles of the organization's culture, including what guides members' priorities and actions within the organization.

Values are an increasingly important component in strategic planning because they drive the intent and direction of the organization's leadership.

Service

We believe that our service activities and programs bring about greater world understanding and peace. Service is a major element of our mission. Through the plans and actions of individual clubs, we create a culture of service throughout our organization that provides unparalleled satisfaction for those who serve.

Fellowship

We believe that individual efforts focus on individual needs, but combined efforts serve humanity. The power of combined efforts knows no limitation, multiplies resources, and broadens our lives and perspectives. Fellowship leads to tolerance and transcends racial, national, and other boundaries.

Diversity

We believe Rotary unifies all people internationally behind the ideal of service. We encourage diversity of vocations within our membership and in our activities and service work. A club that reflects its business and professional community is a club with a key to its future.

Integrity

We are committed to and expect accountability from our leaders and fellow members, both in the results of our efforts and in the processes we use to accomplish our goals. We adhere to high ethical and professional standards in our work and personal relationships. We are fair and respectful in our interactions, and we conscientiously steward the resources entrusted to us.

Leadership

We are a global fellowship of individuals who are leaders in their fields of endeavour. We believe in the importance of leadership development and in leadership as a quality of our members.

As Rotarians, we are leaders in implementing our core values.

All of these core values are reflected in the Object of Rotary and The Four-Way Test.

Whatever ROTARY may mean to us, to the world it will be known by the results it achieves.

Dear fellow Rotarians,

I am pleased to welcome you to the induction and turnover ceremonies being held in Rotary Club of Waling-Waling (Davao).

My path to Rotary first began with the payment of "civic rent," a concept I first learned from my father-in-law, Gilmer Blackburn. It was something he emphasized to Gay and me when we joined his law firm almost 40 years ago. It was something he never stopped teaching, by word and by example.

He considered paying your civic rent an obligation similar to paying your taxes or contributing to your place of worship. You benefit from being here, and those benefits are not free. You need to give something back for the privilege of being part of your community.

Rotary has allowed all of us to pay our civic rent to our local and global communities.

By joining Rotary, by giving back through Rotary with our abilities, our time, and our resources — we are declaring that we know that our presence in this world carries with it the obligation to serve.

All of the service that Rotary does, all of the lives we change, all of the children in the world who will never, ever get polio — all of this happens because we have joined together through our Rotary clubs. Because Rotarians, with the family of Rotary, have risen to the challenge, paid our civic rent, and strived to make our world a better place.

*I hope that during this event you will reflect on your own paths to Rotary and that you continue to serve the global and local communities as **Rotary Connects the World.***

Kindest regards,

A handwritten signature in black ink that reads "Mark Maloney".

MESSAGE

PHILIP N. TAN

District Governor
RY 2019 - 2020
District 3860

*My fellow "Champion" Club Officers and Rotarians,
This is going to be a very exciting Rotary journey for the
District and your Club.
I know that with our joined efforts, we **CAN** and **WILL** be able to
share each Rotarian's aspirations in life.
Let us work to achieve our goals and
make this Rotary year the most significant and memorable
one.*

*At our Governor's training held during the International
Assembly in San Diego, USA, I had the privilege of joining
more than five hundred of our Rotary leaders who lead
their respective Districts.
Together, we committed to the vision of our Rotary
International President Mark Maloney who encouraged us to
live by the theme: **"Rotary Connects the World"**.
Reflecting on it and our work as Rotarians throughout a century of
doing good, I realized that at the heart of our Rotary experience
is to make innovative and sustainable **CONNECTIONS** with our
members, people of different cultures, traditions and religions.*

*Once connected with our fellow partners in service,
they will be persevered to make a difference in our communities
and provide professional opportunities we would otherwise not
encounter if not through **Rotary***

*This year, we shall work towards four essential priorities:
First, is to grow Rotary – by strengthening membership, both
at the Club and Rotaract levels.*

*Secondly, is to allow Rotary meetings become more flexible, closer
to our homes and involve our Family in our service projects or
activities.*

*Third, is to develop leaders beyond the club level and provide
opportunities for them to grow.*

*And fourth, broadening projects related to the SIX Areas of
Focus in alignment and partnership with the United Nations.*

*By the end of the Rotary year, we hope to be able to address
Rotary's major priorities on supporting The Rotary Foundation (TRF)
through our personal and continuing contributions to the Annual
Programs Fund and the End Polio Campaign.*

*With greater emphasis to expand our presence, it is only
through our Public Image initiatives would our community be able
to value and appreciate the good deeds that we Rotarians have
been doing in the past 100 years*

*Thank you for being part of my Champion Team and May God
continue to bless us for our enduring love to
SERVE BEYOND OURSELVES.*

MESSAGE

Greetings to all Club Officers and Members of the Rotary Club of Waling Waling Davao on the occasion of your 29th Handover and Induction Ceremonies!

AMELIO P. BATOHANON

Assistant Governor
Area 2B
RY 2019 - 2020

*With the Rotary year's theme – **“ROTARY CONNECTS THE WORLD”**, we are again task to take an active role in keeping our promise of helping our communities by doing what we can to improve the lives of its constituents and serve as a connector in doing what is right and just.*

Being the connector to our communities is all about improving the lives of others, touching everyone's hearts, leading an example through sharing what we can and accepting the task at hand that as Rotarians we are here to serve others above ourselves.

Please allow me to congratulate the Club outgoing President and Officers for leading this Club with dedication and passion with able leadership during the RY 2018 – 2019.

I hope and pray that your club's dedication and perseverance in connecting and serving others during this Rotary Year will continue under the able and strong leadership of the Champion Team President Teresita dela Peña Yñiguez with the new set of officers for RY 2019 – 2020.

MESSAGE

MARILOU M. BAARDE

President
RY 2018 - 2019

malou64@gmail.com

The choice I made to become part of Rotary is the intention to serve and to pay it forward. The consequence of which is to meet people of varying backgrounds and enabling myself to experience a lot of things that mostly are relatively new to me since I exist in an environment that solely caters to my own reality.

The journey is undeniably full of challenges in every twist and turn, but that is how it should be.

Nevertheless, I gain what I wanted from this experience and that is--- wisdom!

The path to leadership was never easy.

The premise was not what I imagined it to be. I was indeed learning to become a good servant for the causes of the organization.

I realized that being a Rotarian is a choice that should imbibe the values and beliefs promoted by its founder.

The commitment toward its advocacies is unwavering and relentless all these years. The strong worldwide presence of Rotary can be felt that summons those who can meet up with the challenge of "service above self".

Personally, that's what I admire the most.

My encounter with various communities for which we serve are most memorable. The feeling of contentment for the gratitude extended by people who benefits from the service is so much rewarding.

The varying degrees of cooperation with various government agencies and other private entities for a successful implementation of various projects is indeed fulfilling.

Being able to represent my club is always an honor and with great pride. Equally satisfying are partnerships with other Rotary Clubs both domestic and international. It has allowed me to widen my horizon as I learned a lot about projects funded by district grant and global grant. The varying process and policies made me realized that Rotary is a highly structured organization.

As a sitting president, I learned by doing.

The leadership of Governor Bing Garcia for RY 2018-2019 has ushered the clubs under 3860 with great accomplishments.

I consider myself lucky because Gov. Bing's leadership style gave all of us the inspiration by giving his trust and confidence that allowed us to soar high in achieving our goals.

*His words still resonate in my ears telling us that we should enjoy giving service to the communities and by doing so will allow us to be inspired in all the things we think, say and do. He was like a father figure to all of the Rotarians in District 3860. **Kudos to my governor!***

The friendship I made with fellow Club Presidents and the District Officers will forever be cherished. The people I appreciated the most were those who genuinely extended their assistance and understanding during my term as President.

They are indeed true Rotarians. I had very little expectations thus, I was never disappointed. I took the advice of Gov. Bing to just enjoy doing service despite the challenges. The journey was traveled and lessons were learned. I just hope that I was able to fulfil the mission of becoming an inspiration.

For people to look at me and say, because of you I will never give up!

Greetings to my RCWWD Family and Rotary District 3860.

As we start a new Rotary Year I would like to begin with a note of thanksgiving to President Marilou "Melot" Baarde, the Club Officers, Board Members and Rotary Club of Waling Waling Davao Rotarians who made 2018-2019, a year of inspiration.

*This year, RI President Daniel Maloney has chosen the theme **"Rotary Connects the World"** to remind us that we are part of a global community of Rotarians who believe in the values of leadership, integrity, fellowship, diversity and service.*

RCWWD is deeply rooted in a culture of service through our projects in various under privileged communities, the handicapped, those without access to basic sanitation and water, livelihood opportunities and to living in peace.

I hope that in the coming year we will continue to serve and enjoy fellowship with other Rotarians as we make our world and its communities, better than we found them.

More power to Rotary and may God bless us all!

ROTARY YEAR 2018 - 2019

**Training in Plumbing:
Skills that Make a
Difference”**

Title of the Project:

Training in Plumbing: Skills that Make a Difference”

This project aims to provide skills training to enthusiastic young men and women, many of whom come from underprivileged families, most of them breadwinners.

The greater impact of this project is not only supporting education and training, providing clean water with good plumbing but also in growing local economies that composed three of Rotary’s Areas of Focus. Empowerment and Capacity Building are the cornerstones of this project that will **“feed men for a lifetime.”**

Location: TESDA Training Center, Tibungco, Davao City

Beneficiaries: Nineteen (19) Out of School Youth from RCWWD’s Rotary Community Corp (RCC) & Boystown.

Date: August 6, 2018 to September 28, 2018

The Mechanics,

The Process of Implementation of the Project

The Rotary Club of Waling Waling Davao (RCWWD), in its efforts to empower the different communities within Davao City, recognizes the need to train out-of-school youth residing in its four (4) Rotary Community Corps (RCC).

Davao City Water District (DCWD), a partner of RCWWD in previous projects, had been conducting trainings on plumbing as part of its Corporate Social Responsibility Program.

With this common goal, RCWWD and DCWD has again forged a partnership which includes Technical Education and Skills Training (TESDA), as in charge of the training proper for the skills training entitled

“TRAINING ON PLUMBING: SKILLS THAT MAKE A DIFFERENCE.

FUNDING:

DCWD -	Training service and materials	P 150,000.00
RCWWD -	Room accommodation (IN House) and meals 3x a day for 31 days and fare to and from trainees’ residences	P 130,000.00
TOTAL		P 280,000.00

(by: rmc)

RCWWD Project Coordinator:

PP Remie Calaguas

RCWWD Liaison with Partner in Service DCWD:

PP Malou Jacinto

During the 30 training days the students numbering 19 (all males) were housed at the TESDA Dormitory.

After the training, the participants then underwent a two-day assessment by TESDA.

All 19 scholars successfully passed the assessment and were awarded Plumbing NC II (Certificates of Competency).

After graduation, the participants then underwent a two-day assessment by TESDA.

All 19 scholars successfully passed the assessment and were awarded Plumbing NC II (Certificates of Competency).

**RCWWD Day Care Center
Tibungco Relocation Area
(sustaining project)**

Project Background

When the informal settlers living along the then open dumpsite area in Diversion Road in Maa, along with the other informal settlers and urban squatters from other areas, were relocated by the City Government of Davao in Tibungco, Bunawan District, the local Department of Social Welfare and Development and City Social Service Development provided the social services for this disadvantaged and depressed citizenry of the city. The end goal was to help this community become productive, self-reliant, and ultimately attain better quality of life.

To support this objective, the Rotary Club of Waling Waling Davao pursued to help this marginalized group. One specific concern that RCWWD identified, together with the new residents, was the need for a Day Care Center to address the early child development requirements of the new community. Specifically, the RCWWD Day Care will provide the opportunity for the young generation to develop into nation builders of the future.

Beneficiaries:

Every school year, the RCWWD Day Care Center accepts enrollees for about 75-80 pre school children with ages 4- 6 years old. The other sequential beneficiaries of this program are the parents, who are formally organized under the Parent-Teacher Association and the Rotary Village Corp. Responsible parenthood is key to child development. In the macrocosm, the entire residents of this relocation area have been invited to participate in Rotary-sponsored activities.

Since its start in 2000, an estimated 2000 + pupils have graduated from the RCWWD Day Care Center. Over the years, several students from the Center have received awards from inter-city contests, proof that the Center has been effective in providing basic learning and development training to the young members of the community.

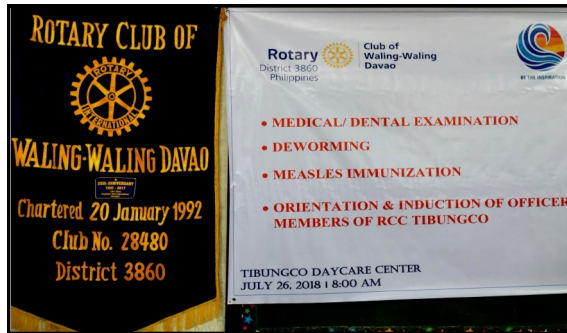

Among the annual activities conducted by RCWWD in the Center are:

- * Conduct of medical and dental check-up in July, including immunizations & anti-rabies vaccination of pets
- * Milk / Iugaw Feeding
- * Donation of school supplies, learning materials and books
- * Support in the celebration of Nutrition Month, and Family Month
- * Support in sports fest
- * Christmas Gift-giving
- * Support in Moving-Up Graduation Ceremonies

- * Covered and cemented Court
- * Friendship and Training Center that also serves as a mini public library and laboratory for TESDA-accredited income generating skills trainings

The birth of the Rotary Club of Waling-Waling Davao was a breakthrough in Rotary International District 3860 where membership was purely male until 1991. The Rotary Club of East Davao with then Extension Committee chairperson (now Past District Governor) Reynaldo "Boy" Reyes paved the way for the civic-minded women of Davao to become Rotarians. After only 2 provisional meetings in September 1991, thirty (30) professional and business ladies were inducted and swore commitment to Rotary Ideals.

On January 20, 1992, the Rotary International approved the club's membership with Ms. Sylvia Marfori as the Charter President
