Presidential message

March 2020

March is the month we celebrate Rotaract — and this has been quite a year for our young partners in service.

Last spring, the Council on Legislation elevated Rotaract in our constitution: Rotary International is now the association of both Rotary clubs and Rotaract clubs. Then in October, the Rotary Board of Directors eliminated the artificial Rotaract age limit and took other steps to break down barriers that were preventing Rotaract from growing in some parts of the world.

These steps were long overdue, because Rotaract is a vision of what Rotary must become. Not only do we need to open our doors to our young colleagues, but we also have to open our ears and minds to the Rotary experience they find most engaging. That is one of the best ways we will meaningfully grow Rotary.

When I say grow Rotary, I mean it in many ways. We need to grow our service and to grow the impact of our projects. Most importantly, however, we need to grow our membership, so that we can achieve more. Rotaractors provide this opportunity, not only because they can transition to Rotary at the time that is right for them, but also because they understand what it will take to attract others like them. Business as usual will not work for us anymore. Bringing in more members to replace the ones we lose is not the answer. It is like pouring more water into a bucket full of holes. We need to address the root causes of member loss in many parts of the world: member engagement that is not what it should be, and our member demographic that skews steadily older.

It is time to make some fundamental changes. We already know what the barriers are to an engaged and diverse membership. It is time to act on what we know: creating new membership models, opening new paths to Rotary membership, and building new Rotary and Rotaract clubs where the existing clubs do not meet a current need. New club models represent an opportunity to connect with a more diverse group of individuals — particularly those who are unable or unwilling to join our traditional clubs. While new club models have been emerging for some time, it is up to district governors to make them a reality. In January at the International Assembly, our incoming district governors took part in an exercise called Build Your Own Club Model. It was a wonderful experience that put them in the right frame of mind for the work ahead.

Ultimately, however, it will be up to Rotaractors and young Rotarians to create new club models that are most meaningful to the next generation. We may think we know what young people want from Rotary clubs in the future, but I am confident that what young people say will surprise us. It will be our job to support their innovation, for it will help us grow Rotary as ***Rotary Connects the World.***

Celebrate Rotary Water and Sanitation Month!

By Azka Asif, Rotary Programs Staff (www.rotary.org)

Clean water is a basic human right that many are often denied. There are 2.5 billion people in the world that lack access to improved sanitation and 748 million people that don't have clean drinking water.

Nearly 1400 children die each day from diseases caused by lack of sanitation and unsafe water. When people have access to clean water, they live healthier and more productive lives.

In 2015, the United Nations introduced their new Sustainable Development Goals (SDGs) to end poverty and promote prosperity while protecting the environment and addressing climate change. Sustainable Development Goal (SDG) 6 on water and sanitation encourages us to address universal access to drinking water and sanitation along with improved water management to protect ecosystems and build resiliency. *

Rotary members are committed to reaching the water and sanitation SDG through projects like building wells, installing rainwater harvesting systems, and teaching community members how to maintain new infrastructure.

During March, Rotary Water and Sanitation Month, we're celebrating our commitment to create healthier communities by supplying clean water and sanitation facilities to prevent the spread of infectious diseases. Here are just a few examples of club service projects that are creating a lasting impact:

- The Rotary Club of Bangalore Metro in India installed a water purification plant in the village of Ramanahalli. Due to extensive mining, the ground water in this rural community is completely contaminated with fluorides and other contaminants. The new water purification plant provides reliable access to potable water.
- In the rural community of Bharat Pokhari in Nepal, villagers walk 25 km to fetch buckets of water every day. Oftentimes girls spend two hours a day bringing home water before and after school. In partnership with the Rotary Club of Williamson (USA), the Rotary Club of Pokhara installed a water tank in the village giving more than 500 families access to safe drinking water closer to home.

- The Rotary Club of Suna Migori in Kenya provided a source of clean rainwater to students at four schools and a clinic. At each location, Rotarians provided new latrines and hand washing stations. The project has impacted more than 1500 students and their families, hundreds of patients at the clinic, and increased school attendance especially among girls.
- In rural Ghana, seven million people are at risk from waterborne diseases. Rotarians are working with partners to address community water and sanitation needs.

ROTARIAN CODE OF CONDUCT

As a Rotarian, I will:

1. Act with integrity and high ethical standards in my personal and professional life
2. Deal fairly with others and treat them and their occupations with respect
3. Use my professional skills through Rotary to mentor young people, help those with special needs, and improve people's quality of life in my community and in the world
4. Avoid behavior that reflect adversely on Rotary or other Rotarians.

THE FOUR-WAY TEST

of the things we think, say or do

- Is it the **TRUTH**?
- Is it **FAIR** to all concerned?
- Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
- Will it be **BENEFICIAL** to all concerned

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST. The development of acquaintance as an opportunity for service;

SECOND. High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD. The application of the ideal of service in each Rotarian's personal, and community life;

FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

ROTARY'S SIX AREAS OF FOCUS

For more than 100 years, Rotarians have joined together from all continents, cultures and industries to take action in our communities and around the world. With a commitment to achieving lasting change, we work together to empower youth, enhance health, promote peace, and most important, advance the community.

While Rotarians can serve in countless ways, Rotary has focused its efforts in six areas, which reflect some of the most critical and widespread humanitarian needs:

- Peace and conflict prevention/resolution
- Disease prevention and treatment
- Water and sanitation
- Maternal and child health
- Basic education and literacy
- Economic and community development
