WHAT MAKES YOU PROUD TO BE A ROTARIAN ?

We use our knowledge of local issues to identify areas of need, then apply our expertise and diverse perspectives to find a solution. Rotary members likely are working in your community right now to feed the hungry, tutor disadvantaged children, maintain parks and playgrounds, and much more. WE can help.

A pipeline to clean water

Working with local community leaders, Rotary clubs piped clean water to remote villages in Ghana freeing women and children from spending hours searching for and fetching water.

Lighting the way to a better life

Since the installation of more than 175 solar lights, families living on the Navajo Reservation in Arizona, USA, can now read, work, and study long after the sun sets.

Teaching students independence

A mentoring project at the Andong Yeongmyeong School in Korea is preparing students with autism and Intellectual and emotional disabilities for careers in horticulture.

Lord bless this gathering of fellow Rotarians today.

Please help us to see those in need and give us the strength and wisdom to serve our community as we should.

Help us to lift the burdens of others while we maintain the dignity of humankind.

Soften our hearts to be sensitive and loving as we serve together as Rotarians.

Amen.

Fashion Tips from Chanel Muse Ines de la Fressange (excerpts from Parisian (Chic: A Style Guide)

Matching tights shoes and bags? A big no no

Matching shoes and bags immediately age you by 10 years.

Counterfeit is counter-fashion! Better a genuine straw bag than a FAKE luxury label.

Coordinated outfits are out. Buying matching blouse and skirt from the same store is a crime. A clever mix of cheap and chic hits the jackpot. Know how to mix styles and labels

The secret of great style is to feel good in what you wear. If you do not feel comfortable in skin tight jeans and killer heels, go home and change.

For women above 50 – some fashion faux pas:

Wearing ethnic print tunics and dresses.

Past a certain age, these look like costumes

No matter how big or small your bust, not wearing a bra is always a mistake.

Never never wear a big necklace and earrings at the same time. Not even at Christmas.

Never wear your 17 years old daughter's dress even if it looks good on you.

YUPI!

The **ONLY** disability in life is a **BAD ATTITUDE.**

Pres Impression

Last Thursday was the presentation of the plans and programs by the officers and board of directors. I would like to thank the directors who presented their plans.

To Director Maem, who prepared a video presentation about Public Image. I am just happy that she is very enthusiastic with her position right now. I wish this would lead her to be a leader for our club.

To Director Luchie, who added inputs and great ideas for our vocational service. For House of Hope we plan to sponsor a training program for the parents for them to earn extra income when they go back to their place of residency.

For our Youth Service Director Bai, she reiterated that we sustain our UIC Interact and RMC Rotarct clubs. In fact last Monday she has talked to the RMC Rotarct members and we now have an active online chat group with them.

Membership Director Ces has committed to recruit at least 2 new members for this rotary year. Treasurer Lorna suggested that she would closely work with Director Maem in recruiting and orienting prospective members.

International Director Teri will reach out to our international partners. We would reconnect with them, invite them to our Thursday weekly meeting.

PP Remie and PP Mae have many great ideas to be presented to the board of directors and be deliberated for implementation.

This week there was brainstorming of ideas for community projects. I am excited that all these projects would be implemented.

I wish to announce and thank Rtn Gina for accepting Chairmanship of the new Environment service. This avenue of service was added by our RI President.

Last July 16, PP Zony and myself received the donation of sacks of soap from the family of Mrs Leonora Lim of RDL Pharmaceutical Inc.

They donated 20 sacks of scrap soap for our community benefactors.

Kudos to the board members. I am so glad to be working with you. Love you all. Let us do our best to help our communities during this Covid times. Fighting!

Thank you ladies.

Thank you Honorary Member PP Nony Aquino for your generous contribution of USD 1000. to the Rotary Foundation

COVID-19 forces lockdown on public transportation in Manila. Rotary Members bring vans, accommodations for hospital and lab workers.

It didn't take long for members of the Rotary Club of Makati West to take action once the deadly coronavirus entered the country. Shortly after the local government announced the first case of COVID-19 in January, the club in Makati City, Philippines, called a series of emergency meetings to quickly assemble resources and direct aid.

"The pandemic was a battle cry for our club," says club president Enrico Tensuan. *"We are Rotary, and with that comes problem-solving. We focused our efforts on how to bring immediate assistance to frontline health workers."* A surge in cases of COVID-19, the disease caused by the coronavirus, led to a government-mandated lockdown starting 15 March. On the island of Luzon, home to half of the Philippines' population, the new rules closed most businesses and shut down public transit.

As a result, many health workers and other essential employees faced daunting commutes to their jobs — up to two hours each way on foot, Tensuan says.

In response to the need for safe transportation, club member Elmer Francisco — chief executive and chair of Francisco Motor Corp. and 1111 Empire Inc., which manufactures jeeps and other vehicles — donated 10 vans to transport frontline health workers to hospitals in and around Makati and the capital city, Manila.

Francisco coordinated with officials at the Department of Transportation to obtain permits to operate the fleet and plan the most convenient routes for riders.

Since March, the vans, which carry up to 30 passengers each, have operated 24 hours each day from four designated pickup spots and local hospitals, including the Philippine General Hospital, one of the country's biggest health care facilities.

The club paid for the fuel, and members handed out snacks to exhausted passengers. In addition, the initiative paid the salaries of 17 drivers, all of whom had temporarily lost their public utility jobs because of the transit shutdown.

Helping lab employees shelter near work Members of the Makati West club also worked to provide lodging for medical professionals. They helped secure 30 days of accommodations at area motels for nearly 50 lab technicians and workers at the Research Institute for Tropical Medicine, which conducts COVID-19 tests. The employees work long hours and the nearby facilities provide much-needed relief, Tensuan says.

The club planned to pay for the rooms, but local officials, inspired by the club's actions, funded the workers' monthlong stay. Members prepared bags of toiletries and snacks for institute workers and motel employees. *"They were small bags with just a few things, but they brought big smiles. At times like this, even the smallest of gestures can make a big difference,"* Tensuan says.

The club also raised funds for Fashion for Frontliners, an effort by a group of fashion designers in the Philippines who have produced thousands of items of much-needed personal protection equipment (PPE) for hospital workers. And club members have donated thousands of dollars' worth of PPE, including masks, gloves, and gowns, using Francisco's fleet of vehicles to deliver the equipment to hospitals. Tensuan, who leases properties, personally donated three laundry machines to the Philippine General Hospital so that workers can wash their clothes and PPE.

"I'm proud of how our club responded so far," Tensuan says. *"But we have a long way to go. We will use our club's resources for as long as the virus is a threat."*

Supporting the environment becomes a new area of focus

The Rotary Foundation Trustees and Rotary International Board of Directors have both unanimously approved adding a **new area of focus: supporting the environment**.

More than \$18 million in Foundation global grant funding has been allocated to environment-related projects over the past five years.

Creating a distinct area of focus to support the environment will give Rotary members even more ways to bring about positive change in the world and increase our impact.

IPRI President Mark Maloney says that during his travels around the world as a Rotary senior leader he encountered many Rotary members and Rotaractors who advocated for the environment to be an area of focus.

I believe strongly that our Rotary Foundation programs now have a valuable added dimension to our efforts," says, Maloney.

Past Foundation Trustee Chair Gary C.K. Huang says that with the global population reaching near eight billion, protecting the environment is increasingly important.

It is time for us to use our collective resources to invest in a smart and efficient way to protecting our environment," says Huang. *"We are qualified to take this initiative because we are a global group of problem solvers with diversified talents."*

In 1990-91, RI President Paulo V.C. Costa made the environment one of his primary causes, creating the Preserve Planet Earth subcommittee, which looked at ways clubs and members could conduct environmental initiatives.

"We have finally caught up to Costa [his vision]," says Past RI President Ian H.S. Riseley, chair of the Environmental Issues task force, which championed the new area of focus.

"As a lifelong environmentalist, I'm delighted that our great organization has recognized that the environment is a worthy and appropriate destination for our project activity," says Riseley. *"This is an exciting moment in Rotary history."*

Supporting the environment becomes Rotary's seventh area of focus, which are categories of service activities supported by global grants. It joins peacebuilding and conflict prevention; disease prevention and treatment; water, sanitation, and hygiene; maternal and child health; basic education and literacy; and community economic development.

More information about this new cause will be announced soon. (www.rotary.org/ July 2020)

ROTARIAN CODE OF CONDUCT

As a Rotarian, I will:

1. Act with integrity and high ethical standards in my personal and professional life
2. Deal fairly with others and treat them and their occupations with respect
3. Use my professional skills through Rotary to mentor young people, help those with special needs, and improve people's quality of life in my community and in the world
4. Avoid behavior that reflect adversely on Rotary or other Rotarians.

THE FOUR-WAY TEST

of the things we think, say or do

- Is it the **TRUTH?**
- Is it **FAIR** to all concerned?
- Will it build **GOODWILL** and **BETTER FRIENDSHIPS?**
- Will it be **BENEFICIAL** to all concerned

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST. The development of acquaintance as an opportunity for service;

SECOND. High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD. The application of the ideal of service in each Rotarian's personal, and community life;

FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

ROTARY'S SIX AREAS OF FOCUS

For more than 100 years, Rotarians have joined together from all continents, cultures and industries to take action in our communities and around the world. With a commitment to achieving lasting change, we work together to empower youth, enhance health, promote peace, and most important, advance the community.

While Rotarians can serve in countless ways, Rotary has focused its efforts in six areas, which reflect some of the most critical and widespread humanitarian needs:

- Peace and conflict prevention/resolution
- Disease prevention and treatment
- Water and sanitation
- Maternal and child health
- Basic education and literacy
- Economic and community development
