A LETTER FROM THE

EDITOR-IN-CHIEF

**Ma. Alessandra
Elisabeth Könst**

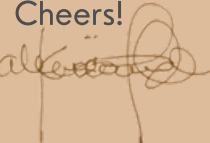

Adviser for the Rotaract
Club of Waling-Waling
Davao • Membership
Committee Member

On to the fourth week of September and we've had a jam-packed month! Projects have been implemented, and we still have so much in store before this month ends.

What used to be our everyday routine has now shifted - working from home instead of at the office (if at the office, we have to wear our masks and sanitize at all times), having food taken out or delivered to our doorstep instead of eating out, attending classes online instead of in schools, etc.

Now is not the time to be complacent, but the pandemic also shouldn't stop us from continuing to serve others. Let's do our part in getting vaccinated, having a cleaner environment, and protecting others while protecting ourselves, too.

It's easy to let our fears get the best of us, but we shouldn't allow it to control us.

Cheers!

SERVE TO CHANGE LIVES

**Pres. Jannette
Valderosa**
Club President

What has become "normal"? The lockdowns, quarantines, masks, hand-washing, taking vitamins and nutrient-rich food to nurture health, covering a coughing mouth and sneezing nose, and physical distancing have all become a part of our "new normal."

Last Thursday, our guest speaker's topic was "Learning in the New Normal." All schools in the Philippines are purely online courses. The impact of closed schools and children stuck at home with little or no access to learning is devastating.

Going back to the "normal" we're all accustomed to isn't going to happen anytime soon. Teachers have had to adjust and make this current situation work. The goal of online learning is to keep the students engaged academically to retain what they have learned.

Ixil Book Project: Learning to Read in Our Mother Tongue Written by Lynne Mischley (Midland Morning Rotary Club)

The William M. Botnan Experimental School serves approximately 130 preschool – sixth grade Mayan children, all of whom speak Cotzal Ixil as their first language. There are approximately 36 children in kindergarten and first grade. HELPS International partners with CONALFA (The Guatemala National Literacy Training Committee) and the community of Santa Avelina in supporting this experimental dual language (Cotzal Ixil and Spanish) school. Cotzal Ixil is an oral language and one of twenty-three indigenous languages of Guatemala. The challenge to teach literacy in Cotzal Ixil is multiplied by the lack of Ixil print material and societal pressure to forego the indigenous language altogether. Since 2009, the Cotzal Ixil Bookmaking Project is an effort by the Mayan teachers and first language Cotzal Ixil speakers to write and illustrate books for emerging readers. The goals of the project are as follows:

1. Produce quality, culturally appropriate books for emerging readers in Cotzal Ixil to promote early literacy in the indigenous language and increased success in second language acquisition.
2. Develop indigenous teachers' identity as writers and their written expertise in Cotzal Ixil.
3. Preserve the vibrant culture represented by the language, Cotzal Ixil.

During the Guatemala civil war, missionaries translated Cotzal Ixil into written form. When this bookmaking project began, the only print available for teaching was primers written by missionaries for use with adults. As of July 2021, teachers will have written and illustrated 70 books for beginning readers. The books are targeted for early grades, but all teachers, K-6, participate in the bookmaking workshops; therefore, all children at the school ultimately benefit as their teachers become more competent as writers and in teaching writing. Throughout the process of book writing, teachers debate, question, and work through the issues of standardizing their language. The teachers are thus positioned as Cotzal Ixil language experts.

Additionally, through this process, they are developing a new identity as writers since writing has not been part of the oral tradition of the community. The teachers write and illustrate the books, but the process of publishing the books relies upon approximately 100 hours of volunteer service. To keep the costs of publishing low, recycle mat board is repurposed, cut to size, with covers handglued. All pages and covers are hand-punched for coiling and volunteers' hand-coil all books.

We spend approximately \$2,500 a year to have the books printed on high-quality UV coated paper to preserve the vibrant colors over years of use. Many of the books are published electronically through the Pacific University, Oregon, website, CommonKnowledge. We now publish 55 copies of each title for The William M. Botnan Experimental School and they are made available to the public school in Santa Avelina and for a small public school in San Cotzal. The goal of the project is to publish 80 books. This provides approximately one title per week for kindergarten and first grade emergent readers. Since the presence of emergent reading books in Cotzal Ixil, second grade reading scores have improved, demonstrating the importance of learning to read in one's own language.

ROTARY CLUB HEALTH CHECK

Just as routine doctor's visits help us identify health risks before they become serious, a club health check can diagnose problem areas and prescribe remedies.

(Survey provided by Rotary International and completed by the Membership Committee)

Total Respondents: 27

- The results show that the members' **Club Experience** has an overall a high score. One statement, "Members sit at different tables each week to meet and talk to different people," shows that 10/27 ticked this box. As all meetings are done via Zoom, this may not be applicable for now. However, several members who answered have been a Rotarian for several years, and have made this observation. It was concluded that when face-to-face meetings can be done again, that members will be gently nudged to sit at different tables.
- The results show that the club's **Service and Socials** has an overall a high score. One statement, "We visit Rotary Ideas, an online project idea starter, before choosing a new project," shows that 16/27 ticked this box. Possible reasons raised about this were: the members were not aware of how to use the website, and ideas on the website don't match the projects the club wants to start. To help with this, a training session will be started on how to use the website, as well as a .pdf file of the booklet on how to use it.
- The results show that the club's **Members** has an overall a high score. Three statements stand out, which are the following: "Our club keeps in touch with alumni" (17/27), "Our club actively recruits Rotary alumni" (13/27), and "Our club actively recruits retired professionals" (10/27). For not keeping in touch with Rotary alumni and recruiting Rotary alumni, most of the alumni prefer to "lay low" after retiring from the club. As for recruiting retired professionals, this was taken into consideration and will be done in the future.
- The results show that the club's **Image** has an overall a high score. 3 statements stand out, which are the following: "Our club invites members of the media to cover our service work" (16/27), "We have a customized brochure that we give to community members and prospects" (12/17), and "We use Rotary showcase to promote our finished projects." For the first statement, the media used to cover the club's service work; however, due to the pandemic, this was discontinued. Contacting the media will resume once it is already safe. Providing customized brochures will also be considered for future projects. Using the Rotary Showcase as a platform was done before, but due to the pandemic, the location where the club used to meet as well as people who could read and view it could not be placed as there are currently no face-to-face meetings.
- The results show that the club's **Business & Operations** has an overall a high score. Three statements stand out, which are the following: "Our club board changes what isn't working well and updates club bylaws accordingly," (19/27), "Club officers conduct Rotary business using MyRotary or integrated club software" (15/27), and "We ask our members to complete a member satisfaction survey each year" (12/27). For the first statement, the bylaws is currently being updated. For the second statement, a possible reason raised about this was that the members were not aware of how to use the website. To help with this, we can start a training session on how to use the website, as well as a .pdf file of the booklet on how to use it. For the last statement, as this is not usually done, this will be started beginning this year.
- For **Others**, Most of the respondents answered "NA." One was to encourage members to explore Rotary Club Central (Learning Center), which will commence this year. While it's difficult to interact with members during online meetings, it was suggested to enter the meeting earlier or stay after the meeting to continue the interaction. GSE participants can interact with each other using Facebook, as there were FB groups created for this reason. They can also stay in-contact with other participants using the GSE website. As for the last statement, Rotary is, indeed, known for its service and fellowship, and will always continue to be a space for these.

Rotary

**CORE VALUES: SERVICE • FELLOWSHIP
DIVERSITY • INTEGRITY • LEADERSHIP**

ROTARIAN CODE OF CONDUCT

As a Rotarian, I will:

1. Act with integrity and high ethical standards in my personal and professional life
2. Deal fairly with others and treat them and their occupations with respect
3. Use my professional skills through Rotary to mentor young people, help those with special needs, and improve people's quality of life in my community and in the world
4. Avoid behavior that reflect adversely on Rotary or other Rotarians.

THE FOUR-WAY TEST

of the things we think, say or do

- Is it the **TRUTH?**
- Is it **FAIR** to all concerned?
- Will it build **GOODWILL** and **BETTER FRIENDSHIPS?**
- Will it be **BENEFICIAL** to all concerned

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST. The development of acquaintance as an opportunity for service;

SECOND. High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD. The application of the ideal of service in each Rotarian's personal, and community life;

FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

ROTARY'S SEVEN AREAS OF FOCUS

For more than 100 years, Rotarians have joined together from all continents, cultures and industries to take action in our communities and around the world. With a commitment to achieving lasting change, we work together to empower youth, enhance health, promote peace, and most important, advance the community.

While Rotarians can serve in countless ways, Rotary has focused its efforts in six areas, which reflect some of the most critical and widespread humanitarian needs:

- Peace and conflict prevention/resolution
- Disease prevention and treatment
- Water and sanitation
- Maternal and child health
- Basic education and literacy
- Economic and community development
- Supporting the Environment
