# A LETTER FROM THE EDITOR- IN-CHIEF

**MA. ALESSANDRA  
ELISABETH KÖNST**

Adviser for the Rotaract Club  
of Waling-Waling Davao •  
Membership Committee  
Member

Coming into the month of November, it feels like 2021 was a blur and 2019 only happened yesterday. In about 2 months, January will mark the dawn of another year, and it would be almost 2 years since the pandemic started. How strange and surreal is that? Even I haven't fully processed it yet, and we're already so close to 2022.

Who knows what else is in store for us? Unless we have a crystal ball or know how to use tarot cards to foretell the future, we would actually never really know. The future is for us to mold, based on the decisions we make in the present.

Even though this year is coming to a close, let us not wait for the new year to start afresh, or to take that step we've always wanted to take. The decision is ours to make, and to act upon. Fear holds us back, but we shouldn't let it control us.

Almighty Heavenly Father,  
We thank you for your guidance and wisdom for this world-wide organization of Rotary, especially our club RCWWD.  
May we continually devote ourselves to "Service Above Self," just the way You modeled it. May each one of us be inspired to respond to the opportunities so we can better serve our Rotary family, friends, partners, and most especially the community.  
Amen.

SERVE TO CHANGE LIVES

October is Breast Cancer Awareness Month. Globally, breast cancer is the most common cancer affecting women. Regular screenings help detect precancerous and cancerous breast tissue that may be present in otherwise healthy individuals.

Today, non-profit organizations, government agencies, and medical societies work together to promote breast cancer awareness. Rotary International is one of the most active organizations involved.

Spread the word. We can beat cancer if detected early. While it can't be prevented, the risk of developing the advanced disease can be greatly reduced.

## Rotary's World Polio Day program looks toward polio eradication's endgame

*Written by Ryan Harland*

Rotary's goal of ridding the world of polio is within reach, global health experts said during the 2021 World Polio Day Online Global Update on 24 October. The 30-minute program, "Delivering on our Promise of a Polio-Free World," provided encouraging information about the progress and remaining challenges in the fight to end polio.

So far in 2021, only two cases of wild polio have been reported — the lowest circulation of the disease ever — with one infection each in Afghanistan and Pakistan, the two countries where polio remains endemic.

During a Q&A session, Dr. Hamid Jafari, director for the World Health Organization's Eastern Mediterranean Region, attributed the low case count to several factors. He said these include mass polio vaccination campaigns resuming after the interruption caused by the COVID-19 pandemic, the natural immunity induced by the wild polio outbreaks of previous years, and the restrictions on travel and population movement that also were due to the pandemic.

"This is truly unprecedented that we are seeing this decline simultaneously in the two countries," Jafari said.

He added that the low case count provides a window of opportunity for health workers, but cautioned that a resurgence of the poliovirus is possible since summer is the high polio transmission season. "So this is the time to really press hard in making use of the opportunity that presents itself now," he told Q&A host Jeffrey Kluger, editor at large for Time magazine.

Jafari also addressed the challenges of political change and security concerns in Afghanistan and explained that the polio program there is used to adapting operationally during uncertainty. "Currently we do see opportunities coming up as well, so that we may have access to all parts of Afghanistan for implementing mass vaccination campaigns," he said.

According to the WHO and UNICEF, nationwide house-to-house polio vaccinations will resume in Afghanistan in early November, providing access to children in areas where campaigns had been banned for the last three years.

"You know with the evolving situation in Afghanistan, it is of course very, very important that we partners maintain our neutrality and impartiality of the polio eradication program," Jafari added. "As always, we will continue to work with all parties."

Mohammad Ishaq Niazmand, chair of Rotary's Afghanistan PolioPlus Committee, echoed Jafari's sentiments in a **video address** with his counterpart for Pakistan, Aziz Memon.

Niazmand said of Afghanistan, "Rotary and our partners are working with all stakeholders to ensure that polio eradication remains a top priority, even in the midst of change. Work is underway to ensure that children have access to lifesaving polio [vaccines] and other childhood vaccines."

Memon, a Rotary Foundation trustee and chair of the Pakistan PolioPlus Committee, said Rotary continues to build trust with government, community, and religious leaders. "By bringing broader health services to children and families alongside polio vaccinations, we're ensuring better health care and greater vaccine acceptance," he said.

## *Strategies for the future*

This year, the Global Polio Eradication Initiative (GPEI) announced a new five-year strategy for 2022-26 to end all polioviruses, including tackling the persistent transmission of circulating vaccine-derived poliovirus. Rotary and our GPEI partners identified the remaining obstacles to polio eradication and developed approaches to reaching the goal. The plan aims to achieve and sustain a polio-free world through a focus on implementation and accountability while using innovative methods and tools.

The emphasis will be on decreasing the response time to any outbreak, increasing vaccine demand, increasing access to health care and vaccines, transitioning toward government ownership of vaccination programs, and improving decision-making and accountability.

"Some of the most polio-endemic communities are also the ones that suffer from [a] lack of basic health and civic services," Jafari said. The goal, he said, is a "better alignment and integration with other basic health and civic services in a way that the polio program is seen as a more integrated approach to vaccination."

He added that in some communities, children are still missed because of gaps in the way vaccination campaigns are conducted or because of vaccine hesitancy. "This new strategy speaks to engaging the communities with new approaches, new strategies, partnering with communities, [and] building new alliances with these communities," Jafari said.

The World Polio Day program featured global health experts addressing the new strategy's tactic of broadening distribution of a new vaccine to address outbreaks of **cVDPV2**, a circulating vaccine-derived poliovirus. This **novel oral polio vaccine type 2 (nOPV2)** protects children against polio while being more genetically stable and less likely to regain strength and cause the vaccine-derived polio. It has already been introduced in several African countries, including Benin, Chad, Liberia, Niger, Nigeria, Republic of the Congo, and Sierra Leone.

This novel oral polio vaccine "is a powerful example of the polio program's innovation to overcome the toughest challenges," said Simona Zipursky, senior adviser to the polio director of WHO. "Partners, scientists, and leaders from around the world made nOPV2 possible. This is the kind of collaboration that will help end polio for good."

This year's program included a **powerful video** of polio health workers in Afghanistan and Pakistan, as well as Rotary members sharing their World Polio Day projects and events to raise awareness for polio eradication.

DIVERSITY • INTEGRITY • LEADERSHIP**

## ROTARIAN CODE OF CONDUCT

As a Rotarian, I will:

1. Act with integrity and high ethical standards in my personal and professional life
2. Deal fairly with others and treat them and their occupations with respect
3. Use my professional skills through Rotary to mentor young people, help those with special needs, and improve people's quality of life in my community and in the world
4. Avoid behavior that reflect adversely on Rotary or other Rotarians.

### THE FOUR-WAY TEST

of the things we think, say or do

- Is it the **TRUTH?**
- Is it **FAIR** to all concerned?
- Will it build **GOODWILL** and **BETTER FRIENDSHIPS?**
- Will it be **BENEFICIAL** to all concerned

### THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

**FIRST.** The development of acquaintance as an opportunity for service;

**SECOND.** High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

**THIRD.** The application of the ideal of service in each Rotarian's personal, and community life;

**FOURTH.** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

## ROTARY'S SEVEN AREAS OF FOCUS

For more than 100 years, Rotarians have joined together from all continents, cultures and industries to take action in our communities and around the world. With a commitment to achieving lasting change, we work together to empower youth, enhance health, promote peace, and most important, advance the community.

While Rotarians can serve in countless ways, Rotary has focused its efforts in six areas, which reflect some of the most critical and widespread humanitarian needs:

- Peace and conflict prevention/resolution
- Disease prevention and treatment
- Water and sanitation
- Maternal and child health
- Basic education and literacy
- Economic and community development
- Supporting the Environment
