*Ma. Alessandra Elisabeth Könst*  
Adviser for the Rotaract Club of Waling-Waling Davao • Membership Committee Member

"Autumn leaves falling down like pieces into place, and I can picture it, after all these days."  
- Taylor Swift, All Too Well

How the days have past us in a blur, and yet so much has happened. The year is almost ending, yet I can still remember a lot of things that happened throughout the months. This lyric in one of my most favorite songs depicts how our almost-perfect moments fit into our puzzle, and how we can remember it even after a long time, like photographs pinned to the cork board of our brains.

Whatever these memories are, I hope we don't forget them when we experience the lows of life. I hope I can do the same and look back at the cork board, seeing how much I've grown and changed, how much I've done, and how much love I have all around me from friends and family. Whatever pieces fall into place, I know they were decided by me, with fate playing coy by my side.

Cheers!  
*Alessandra Könst*

I was requested to be one of the panelists during the Rotary Community Corps Expo last November 6, 2021, and assigned to the entry of District 3850, The Red Moon Project, which was all about the concept of creating reusable, washable menstrual pads. Here I am, sharing my reaction to it.

In the age of women empowerment, gender sensitivity, and the No One Left Behind projects, one such project emerged that seemed to have it all.

The Red Moon's goal was for young girls among the "poorest of the poor" communities (as indicated in The Moon Catcher website) to be informed about the use of reusable and washable menstrual cloths. Knowing about it, they can use it and wouldn't have to miss school (caused by the stigma of having their menstrual cycle). It was well-received in parts of India and Africa.

The project is laudable because it promoted the tenets of raising environment-friendly adolescents and the idea of "savings" by using washable and reusable cloth as sanitary pads.

However, I must say this project takes us back perhaps a generation or two - when our grandparents (or even great-grandparents) used the *pasador*, made of sackcloth or a similar fabric. That version was devoid of waterproof barriers compared to the Red Moon model. Instead, the *pasador* was fastened to underwear with safety pins instead of a waist tie.

However, I must say this project takes us back perhaps a generation or two - when our grandparents (or even great-grandparents) used the *pasador*, made of sackcloth or a similar fabric. That version was devoid of waterproof barriers compared to the Red Moon model. Instead, the *pasador* was fastened to underwear with safety pins instead of a waist tie. In Philippine culture, however, even among the lowest economic classes, the monthly period does not spur as much of a stigma, enough for young girls to miss out on going to school.

The evolution of sanitary pads, from the *pasador* to disposable sanitary napkins, is astonishing. The prototype design of the Moon Catcher project, adapted by the Red Moon Project, seemed novel in its design because it took into consideration the scenarios where young girls may not even wear underwear. However, what works in one culture may not always be received the same way in another.

Online shops nowadays sell variations of reusable sanitary cloth pads, designed to prevent unsteadiness, overflow, and leaks, using snap buttons instead of adhesives. However, I think that the Red Moon project remains faithful to the idea of reusing and reducing waste and reducing monthly expenses. More importantly, the Red Moon reusable pads come with a kit to promote awareness of the menstrual cycle, the "safe" and "unsafe" days, the significance of hygiene and sanitation, and debunks the myths surrounding menstruation.

The Red Moon project is a worthy undertaking, with the certainty of achieving its objectives by making the sanitary cloth concept more culturally sensitive and convenient.

## Rotary Voices

### *ride to end polio*

The Ride to End Polio last November 19, 2021, was hosted by the Rotary Club of Sta. Ana. The Rotary Club of Waling-Waling Davao (RCWWD) hosted the Patak Polio Activity at the Municipality of Sto. Tomas, headed by PP Elayza Lapina. Bikers and non-bikers from the Davao clubs met at NCCC Victoria Plaza at 5 AM and started biking at 5:30 AM to meet with bikers from Tagum and Sto. Tomas to bike together to Sto. Tomas. PP Elayza, together with VP Maria Luisa Aportadera, PDir Cecile Diaz, and AG/IPP Armi Geralyn Espiritu, represented the RCWWD in this activity.

At Sto. Tomas, there were 100 mothers with their babies waiting to receive the polio vaccine. A short program, prepared by PP Elayza, welcomed all Rotarians present. Her staff presented a lively song number. RAG Art Galendez gave an informative history of how the polio vaccination started here in the Philippines.

After the program, all Rotarians participated and administered polio vaccine to all the babies present. The clubs from Area 2 who participated in this activity provided slippers, rice, and canned goods to all the mothers present. RCWWD sponsored the lunch of the bikers from Davao City and Sto Tomas.

PP Elay invited the RCWWD members present to lunch with her father, Mayor Ernesto Evangelista, at their office. The activity ended with a good lunch, a great talk, and an exchange of ideas from PP Elay and her staff.

### PANATANG MAKABATA

Ako, (ghiogutan nga ngalan), usa ka Pilipino, giila ang kinahanglanon sa mga bata sa katilingban.

Tungod niini, nagpasalig ako sa pag-abante, pagpanalipod, pagrespeto, ug pag-amping sa mga katungod sa malag bata sa tanan nga mga oras, bisan unsa pa iyang kolor, gender, kailwat, relihiyon, kultura, kahimtang sa katilingban, may kakulangan man o wala.

Aron masiguro ang kalipayon sa mga bata, nagtuo ako nga kinahanglanon nila tagamtaman ang:

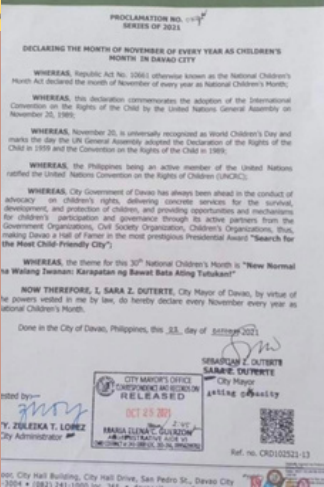

- \*Matawo ug matagaan og ligo nga kinahanglanon aron mabuhì nga maayo;
- \*Mapalambo ang kahibalo, kahanas ug talento;
- \*Mapanalipdan gikan sa bisan unsang matang sa pag-abuso, peligro, ug kapinsan;
- \*Maka-apil sa mga kalihokan nga adunay kalabotan sa mga bata; ug
- \*Mapanalipdan ug matabangan sa gobyerno sa bisan unsang orasa.

Sa tabang sa Ginoong Dios, kinasingkasing nga buhaton nako kining itatan tungod kay ang mga bata ang paglaum ug maoy nagpasuwag sa atong lungod.

Davao City Government Mayor Sarah "Inday" Duterte signed this Proclamation, which declares November every year as Children's Month in Davao City last October 22, 2021.

### **THE OBJECT OF ROTARY**

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

**FIRST.** The development of acquaintance as an opportunity for service;

**SECOND.** High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

**THIRD.** The application of the ideal of service in each Rotarian's personal, and community life;

**FOURTH.** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

## **ROTARY'S SEVEN AREAS OF FOCUS**

For more than 100 years, Rotarians have joined together from all continents, cultures and industries to take action in our communities and around the world. With a commitment to achieving lasting change, we work together to empower youth, enhance health, promote peace, and most important, advance the community.

While Rotarians can serve in countless ways, Rotary has focused its efforts in six areas, which reflect some of the most critical and widespread humanitarian needs:

- Peace and conflict prevention/resolution
- Disease prevention and treatment
- Water and sanitation
- Maternal and child health
- Basic education and literacy
- Economic and community development
- Supporting the Environment
