# A Letter from the Editor-in-Chief

The New Year is upon us! Happy New Year to you all.

2021 was a strange year for all of us. We thought we'd be able to bounce back, but 2022 had other plans. Already, we're met with new and bigger challenges: the devastating aftermath of Typhoon Odette and the COVID-19 Omicron variant that has now invaded the Philippines.

We can only do so much. Both Rotarians and Rotaractors have been dedicatedly packing and sending donations to victims of Typhoon Odette. Meanwhile, we're informed by the Centers for Disease Control and Prevention on how to better keep ourselves safe from the new variant.

Let's hope that the year 2022 will be better, despite the way it started. For all of us. We desperately need it.

*Lord, we thank you that today, You have allowed us to begin a new year. Here in your presence, we make our resolutions for the days to come. We resolve to be faithful and true to those who love us, and loyal to those who are our friends so that we may never bring distress to their hearts; to live in forgiveness and in kindness, that we may go about ever doing good; to live in goodness and purity, that we may resist temptation and may be a strength to others who are tempted; to live in sympathy and gentleness, that we may bring comfort to the sorrowing, and understanding to the perplexed. Grant that we may find the strength to keep these resolutions all this year.*

SERVE TO CHANGE LIVES

*Pres. Jannette  
Valderosa*  
Club President

Cheers to 2022! Happy New Year! Wishing you all love, joy, and peace in the year ahead.

I know we have all been traumatized in 2021 by the COVID-19 virus, the economic collapse, and the super typhoon Odette. 2021 has been painful for us all, but undoubtedly for some much more than others. It has not been the year we expected.

The holiday season brought us needed respite and time to pause, reflect, and celebrate. We needed to regroup, recalibrate, reassess, and remind ourselves of what is important in our lives, like faith, family, and work. We have lost so much this past year, but the loss also reminds us of our abundant blessings, so many we take for granted daily, like food, clean water, a roof over our heads, good health, and meaningful work.

We have gone through life-changing events this past year. There's no "going back to normal" to the way things were. Life is different now. We have the scars to prove it.

The holidays were also opportunities to look forward to the future possibilities to come in the New Year. We will put the labor pains of 2021 behind us, and we will embrace, nurture, and cultivate the good seeds from 2021.

## THE OVERWHELMING DEVASTATION OF TYPHOON ODETTE

Ma. Alessandra

Elisabeth Känt

Adviser for the Rotaract Club of Waling-Waling Davao • Membership Committee Member

"Hanggang kailan pa ulit?"

News spread fast. Not as fast as the winds that Super Typhoon Odette brought to the Philippines.

Also known as Typhoon Rai internationally, Typhoon Odette did not spare the Philippines. With winds at 195km/h (120mph) (10-minute sustained) and 260km/h (160mph) (1-minute sustained), it left the Philippines in pieces.

"Hanggang kailan pa ulit?"

There have been 408 totalities. Over 83 are missing. The numbers don't stop there. It hit Surigao, Siargao, Southern Leyte, Dinagat Island, Bohol, Samar, Palawan, and Cebu, to name a few.

It was powerful. It was catastrophic.

"Hanggang kailan pa ulit?"

Talking to someone who was a victim of Typhoon Odette in Cebu, my older brother was one of many who experienced it firsthand. They were told the day before that Typhoon Odette would be a Signal No. 1 typhoon. On the day it hit the Philippines, they were informed it was going to be a Signal No. 5. This made people scramble for food, water, and shelter. No one saw it coming.

"Hanggang kailan pa ulit?"

It was an overwhelming devastation, with little to no news of its incoming destruction. There was no electricity, no way to charge their cellphones. No Internet data or signal to chat or text their loved ones to ask if they were okay or to say that they were alive. People lined for hours in cars just to get gasoline. Food and water were scarce. My older brother slept on the floor of his condominium unit as it was hot (there's always no wind after a typhoon hits). Everything was still, except for the people on the ground. Cebu, as he recalled, was pitch black at night, save for the full moon that showed itself one night, the headlights from cars, and the flashlights held by agitated and terrified people looking for ways to survive.

"Hanggang kailan pa ulit?"

Let's stop romanticizing the resilience of the Filipino people. Sure, we are strong-willed and always trying to look for the positive in every situation, but devastations such as this is (another) wake-up call as to how "prepared" we are for powerful natural calamities. We've had so many over the years. When will we ever be able to manage these disasters better? Donations are flooding from all over the Philippines to help our fellow countrymen and countrywomen. Aid flies in every few days or so. Sharing news and donation posts on social media are the best option for some people.

HEALTH EXPERTS ARE TELLING US IT'S TIME TO "UPGRADE" OUR MASKS

Ma. Alessandra Elisabeth Känst

Adviser for the Rotaract Club of Waling-Waling Davao • Membership Committee Member

The COVID-19 Omicron variant is upon us. Just last December, it arrived in the Philippines through a woman who arrived from the USA, and went against the COVID-19 quarantine protocols. She partied the night away at a club in Makati's Poblacion, spreading the virus to her friends, staff, strangers, and even to other people who were in separate clubs. It's an airborne disease, that's why it passes from person to person when you talk to one another or breathe the same air.

Because of this, the Omicron variant has spread, and who knows how long it'll take before it reaches us here in Davao City? Let's prepare and wear our face masks properly.

Also, always follow the COVID-19 health safety protocols to ensure minimal to no transmission.

photos and information taken from @latimes on Instagram and <https://www.reportr.world/news/poblacion-girl-whats-next-gwyneth-chua-viral-who-partied-outside-quarantine-a4833-20220101>

Since Omicron is twice as infectious "an encounter that you could have tolerated for Delta may well infect you [with] Omicron. Knowing this, it's worth upgrading the protection you get from your mask."

### THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

**FIRST.** The development of acquaintance as an opportunity for service;

**SECOND.** High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

**THIRD.** The application of the ideal of service in each Rotarian's personal, and community life;

**FOURTH.** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

## ROTARY'S SEVEN AREAS OF FOCUS

For more than 100 years, Rotarians have joined together from all continents, cultures and industries to take action in our communities and around the world. With a commitment to achieving lasting change, we work together to empower youth, enhance health, promote peace, and most important, advance the community.

While Rotarians can serve in countless ways, Rotary has focused its efforts in six areas, which reflect some of the most critical and widespread humanitarian needs:

- Peace and conflict prevention/resolution
- Disease prevention and treatment
- Water and sanitation
- Maternal and child health
- Basic education and literacy
- Economic and community development
- Supporting the Environment
