EDITOR'S NOTE

Hello, everyone!

What a treat it is for us Editors to share with you all this Bloomscoop issue.

We finally have APIC-MIN/PP Maribel "Baby" Vilela's article about their Hike to End Polio Now. As the Contributing Editor, too, this article couldn't have been more timely to share. You may read all about it on page 6.

Because we are so proud of what our Club has achieved (we were the lead Rotary Club of this awareness campaign), we made it our cover photo for this issue! Included in the picture (from left to right) are COS/DPIC-MIN Arlene Juele Adlawan, HM/Spouse Francisco "Dave" Vilela, and our very own APIC-MIN/PP Baby Vilela!

We congratulate all 28 climbers for a successful climb and for spreading awareness to END POLIO NOW.

Another important thing we included in this issue is the Notice of Annual Club Officers & Board of Directors Election R.Y. 2024-2025, found on page 9. To all our members, this is your time to vote for the next set of leaders of the Rotary Club of Waling-Waling Davao. To the members on the Eligibility List, thank you for voluntarily accepting to be a part of it.

Good luck, and may the odds be ever in your favor.

Cheers!

GUEST SPEAKER'S PROFILE

DS Vincent Edward Ang

Our TRF Speaker is a Rotarian from RC Sta. Ana Davao. Inducted in the year 2012, he was Rotarized in just a few months, deciding to become a Paul Harris Fellow. The year after, he was elected as the Vice-President and Service Chair. He then led his Club as President in RY 2016-2017 during the All-Star Team Year. Because of his performance and dedication, he immediately caught the attention of then DGND/DRFC Chair Philip Tan and was appointed as the Paul Harris Society Coordinator, serving for 2 consecutive years: RY17-18 and RY18-19. During these years, he increased the number of PHS members four-fold, making it a record-breaking history.

During RY 2019-20, he was appointed as the District Fundraising Subcommittee Chair. He made history yet again by attaining the total giving to the TRF by the District of USD 750,000. For RY20-21 and RY21-22, he continued to serve in the DRFC Team as Dist. Grants Subcommittee Chair and Dist. Fundraising Subcommittee Chair, continuing his record-breaking performance. It was during the RY22-23 that he asked for a break from the very taxing work in the DRFC.

Instead, he was appointed by IPDG Lilu as Assistant Governor for Area 2B where he continued to shine as one of the best AGs in the District.

A businessman by profession, he is blessed with 3 wonderful kids with his spouse Dahlie. His heart for service to humanity and dedication to TRF remains as he's a Major Donor Level 1, Endowment Benefactor, a Paul Harris Society Fellow, and a Polio Plus Society Fellow.

Pens against *POLIO*

A new anthology of crime fiction raises funds for polio eradication

Written by Etelka Lehoczky

Article taken from: <https://www.rotary.org/en/pens-against-polio>

Lorraine Stevens had the motive and the means. All she needed were accomplices in her plot: publishing a collection of original crime fiction to raise money for the fight to end polio.

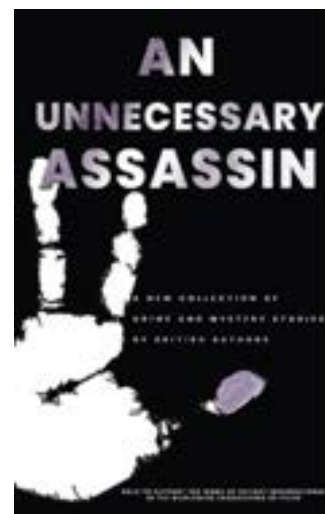

The idea for the anthology of short stories, published in July 2023 as “An Unnecessary Assassin,” came to Stevens last year at a literary festival in Yorkshire, England. She’d recently learned about the poliovirus reappearing in Great Britain and was talking with friends about how upset she was by the news.

“I happened to mention that polio had been found in the sewers of London,” says Stevens, a member of the Rotary Club of Scunthorpe, Humberside, England. “I found that quite disturbing. I had known polio was still around, but not as much as I went on to find out. One of my author friends said, ‘Well, you know enough authors, Lorraine. Why don’t you do an anthology and sell it for charity?’”

A former librarian who regularly attends crime-writing festivals, Stevens knew her friend was right. This was something she could do. She began asking authors she knew to donate stories for the book. Her first recruit was David Penny, the author of a well-regarded series of historical mysteries. He was eager to fight polio.

“Growing up in Wales in the ‘50s, polio was a major issue for us,” Penny says. “This was just prior to the vaccine coming out, and it was pretty much everywhere. As a kid of six or seven, it was always on your mind. I knew people who were in leg braces or iron lungs — or who died from the disease. That stays with you. It becomes almost an embedded fear in you.”

Penny helped Stevens assemble a diverse group of short stories and arranged to self-publish the book using Amazon’s print-on-demand program. The pair were excited to receive two submissions specifically about polio.

The cover of ‘An Unnecessary Assassin,’ a collection of crime fiction sold to raise money for polio eradication.

Gerralyn Ingram, who writes under the name G.L. Waring, used her story to channel her anger at both vaccine deniers and arrogant doctors. A former pediatric nurse, Ingram based the villain of “It Takes Three Drops” on doctors she’d encountered.

“They think they know everything, and their opinion is the only opinion that counts,” she says. “In the story, basically, here’s a doctor who thinks he’s God... [and] who doesn’t think that a woman can be equally as qualified and actually know better.”

A new anthology of crime fiction raises funds for polio eradication

Written by Etelka Lehoczky

Article taken from: <https://www.rotary.org/en/pens-against-polio>

Among the book's highlights are stories by Ann Cleeves and Lee Child. Cleeves' contribution, "The Habit of Silence," is a detective story set in a distinguished library. In Child's "Safe Enough," a contractor working on a suburban lot begins stalking the lot's previous owner. Child interweaves his menacing tale with a critique of economic policies that hurt the working class.

Other stories feature a wide range of situations. Chris McGeorge's "Box" is a locked-room mystery set in a glass box 820 feet (250 meters) underwater. Robert Scragg's "Revenge is Best Served Hot" and F.D. Quinn's "Best Served Cold" each give a culinary twist to crime. Judith O'Reilly's "A Face for Murder" combines a whodunit with a satire of YouTube makeup tutorials.

Penny was delighted by the diversity of the stories. "You don't want all the same thing," he says.

"There's some funny stories, and there's some poignant ones in there."

Penny's own contribution, written as DG Penny, was based on an idea he'd been thinking about for several years: What are the consequences of trying to do the right thing? In "Drive By," Penny's protagonist tries to protect a victim of human trafficking and soon comes to regret it.

"An Unnecessary Assassin" also includes two poems. That's unusual for a crime anthology, but one of them further cements the book's link to polio. In "Surviving Relations," Jim Taylor describes a man who had polio as a child and now embraces a succession of dangerous pastimes. "He would never run. It didn't stop him doing what he wanted," Taylor writes. "Look him in the eyes, and he would look straight back, unwavering."

The anthology also references polio in its cover art, which is shaded purple, and in an afterword explaining the significance of the color. It's what is used to tint children's fingers at mass vaccination events to show that they've received the vaccine. The title refers to the fact that polio is preventable with a vaccine.

"We came up with all sorts of different ideas. There were probably over a dozen potential titles," Penny says. "This one won because of the alliteration."

Stevens has also sold it at Rotary club meetings and crime-writing festivals all over Great Britain. It's raised more than USD 3,000 so far, and its proceeds will be matched 2-to-1 by the Bill & Melinda Gates Foundation.

ONE TEAM, ONE GOAL

Together, We End Polio Now

“No child will ever again suffer the devastating effects of polio. This is Rotary’s promise to the children of the world.”

Polio is a debilitating and life-threatening disease caused by the Poliovirus. The virus invades the central nervous system, causing nerve damage and paralysis that can lead to permanent disability, and worse, death.

Last October 27-29, 2023, 16 of us Rotarians from the many Rotary Clubs under Rotary International District 3860, together with our family and friends, climbed the Philippines’ highest mountain peak, Mt. Apo, to create awareness and raise funds to support Rotary’s fight to end polio.

Rotary is the founding partner of the Global Polio Eradication Initiative (GPEI) that has reduced polio cases to 99.9%. By raising awareness and funds for polio eradication, Rotary, the GPEI, and partners have achieved what many assumed to be impossible:

ONE TEAM, ONE GOAL

Together, We End Polio Now

The eradication of polio from all but a handful of countries.

As of October 2023, polio cases are only present in two countries: Pakistan (3 polio cases) and Afghanistan (6 polio cases).

We are so close to ending polio. No matter how hard it may seem, we continue with the fight to “End Polio Now.” Just like mountain climbing, the trail may be rough and challenging with obstacles in the way. But, if you stay focused and determined to fulfill a goal, nothing is impossible.

We have overcome significant challenges to get this far against polio. We continue what needs to be continued, and not wait for the virus to resurge globally.

I am grateful to all who supported the climb and donated to the cause to END POLIO NOW!

I am also very happy from the overwhelming responses from fellow Rotarians and friends. Donations have reached USD 954,750!

I also congratulate the 28 climbers, composed of 16 Rotarians (10 Rotarians from RC Tagum North, 4 from RC Central Davao, 1 from RC Tagum Golden Laces, and 1

ONE TEAM, ONE GOAL

Together, We End Polio Now

from RC Waling-Waling Davao) and 12 family members and friends, for conquering this challenge. I congratulate you for training with me every weekend for the past 2 months. Doing trail hikes for about 8-12 hours and approximately 5-13 kilometers was no easy feat!

All those hard and muddy trails, (rain or shine), the falls from miscalculated steps, and the scratches from protruding branches gave us more strength and perseverance to fulfill a cause.

I thank my All-Star Team DG, PDG Meanne Solomon, who gave us the idea to make my 11th Mt. Apo climb (done last November 2022) a climb for a cause to End Polio.

I am happy that I'm able to bring together my passion for the great outdoors and create awareness (while raising funds) to support Rotary's top priority to eradicate polio. We are One Rotary, One Team, One Goal! Together, we End Polio Now!

ROTARIAN CODE OF CONDUCT

As a Rotarian, I will:

1. Act with integrity and high ethical standards in my personal and professional life;
2. Deal fairly with others and treat them and their occupations with respect;
3. Use my professional skills through Rotary to mentor young people, help those with special needs, and improve people's quality of life in my community and in the world;
4. Avoid behavior that reflects adversely on Rotary or other Rotarians.

ROTARY'S SEVEN AREAS OF FOCUS

For more than 100 years, Rotarians have joined together from all continents, cultures, and industries to take action in our communities and around the world. With a commitment to achieving lasting change, we work together to empower youth, enhance health, promote peace, and most importantly, advance the community.

While Rotarians can serve in countless ways, Rotary has focused its efforts in seven areas, which reflect some of the most critical and widespread humanitarian needs:

1. Peace and conflict prevention/resolution
2. Disease prevention and treatment
3. Water and sanitation
4. Maternal and child health
5. Basic education and literacy
6. Economic and community development
7. Supporting the environment
