

# Issue No. 01

**PRESIDENT EDWARD GAISANO RY 2020 - 2021 Greetings to my fellow Rotarians!**

## PRESIDENT'S MESSAGE FROM THE MONTH OF JULY AND AUGUST

*1 - 88th RCC Virtual Hand-over and Induction Ceremonies*

### **1st E-Meeting: July 2, 2020**

- The recent induction of the new set officers and directors of RCC was a record breaker in terms of international attendance with no less than RI President Maloney as main speaker
- Pres. Ed cited IPP Mike Torres for leadership and PE Jacob for organizing the highly successful virtual meeting.
- Rotary has been in the forefront of support to the front-liners and social victims of the on-going pandemic and Pres. Ed encouraged the members to read his post of a detailed report found in the official RCC viber group-- a very moving document of quick response to a disrupting event, a testament to our club as a whole.
- The goal this year in the midst of the crisis is to look for CREATIVE ways to preserve, and enhance the Club, creative in all aspects, such as attendance, fellowships, civic actions so that it continues to attract new worthy members and generate more giving to project.

### **2nd E-Meeting: July 9, 2020**

- When Cebu was reverted to ECQ status on July 1 RCC immediately lost no time in restarting the food program for barangay Tinago together with the Philippine Navy, serving 1,000 hot meals a day starting July 4. This was headed by Doc Ed Tan Ting and Director George Paraoan.
- PP Bernard Sia and his committee have continued to produce and distribute PPEs to the front-liners since the very start of the first lock down. Its reach is now expanded southwards of Cebu City with the assistance of Rtn Mark Lotzof and Director Charles Ong.
- Equally impressive are the efforts of PP Bing Martinez who has secured a new Global Grant project-- the WASH for eight schools. This grant is close to \$100,000. PP Bing deserves commendation for pulling the Grants.

- All these are reminders for members to donate to TRF knowing that this matching program benefits club humanitarian efforts. Club's TRF chair PP Baba can provide any information you may need for this important contribution.
- The Club's different committees need warm bodies for its many activities. Members are free to contact any officer or board member for the purpose of dove-fitting their schedules and interests in these projects.

### 3rd E-Meeting: July 16, 2020

- The third meeting of the Rotary Year also marks the 4th month of Club's Covid-19 relief efforts in form of hot meals to affected communities and provision of PPEs to frontliners.
- The Club is confronted with the dilemma, given the limited resources, of choosing which areas are to be served first considering such factors as proximity, resources available, impact on the community, and others;

**A brief report of how the Rotary Club of Cebu started its initiatives to fight Covid 19. How it began as an effort to help health care workers in the city that quickly expanded to medical institutions and isolated communities in the city, province, and other areas of Visayas and Mindanao. More importantly, this is a message of hope and encouragement that anyone can make a difference by starting their own initiative to help others wherever they are. [#RCC](#) [#rotaryclubofcebu](#) [#fightcovid19](#) [#fighthunger](#) [#foodbank](#) [#PPE](#) [#rotarydistrict3860](#)**

#### 4th E-Meeting: July 23, 2020

- As suffering continues as a consequence of the pandemic, RCC continues to serve the community in pursuance of the rotary creed of Service Above Self for which various donations have been received.
- One of the Club members who does not want to be identified donated 400 water drums with an estimated value of P40,000 to answer the need for water receptacles in Barangay Tinago. Rtn Glenn Besañes provided his trucks for their transport while Community Service Chair George Paraoan coordinated the entire activity.
- Another member, Rtn. Ken Ngo deserves mention for continuing to give hot meals to the needy at the rate of 1200 meals a day four times a week
- On July 30, RCC will have its first Joint meeting with the Rotary Club of Fort San Pedro. This is a project of Doc Ed Tan Ting, Club administrator

#### 5th E-Meeting: July 30, 2020 (Joint virtual meeting with RC Cebu For San Pedro)

- Pres. Ed Gaisano welcomed Janel Obnimaga, president of the Rotary Club of Fort San Pedro, as well as its officers and members in virtual attendance.
- Pres. Ed exhorted the participants for a moment of prayer for the speedy recovery of Rtn Bobong Castillo who is hospitalized.
- Pres Ed expressed the gratitude of the Club to PP Bernard Sia and an anonymous person for donating Tulip water filter kits valued at P70,000 to Barangay Tinago.
- The Club's food kitchen continues to provide hot meals together with its Navy partners and the Hotel group of Club member Rtn Ken Ngo.
- The on-line fellowship organized by Dir Javi was attended by more than 20 members. Many more such fellowship will follow...

# COVID UPDATE

With our effort to Support Bgy. Tinago and Tejero, last Saturday, we handed over to the Phil. Navy Reserve and Bgy. Leaders 25 set of Tulip Water Filters that can filter any kind of water, even the most dirty.

15 of these were donated by PP Bernard and an additional 10 from an anonymous Rotarian from RCC

*"Service above self."*

Summary results:  
TULIP TABLE TOP WATER FILTER

"Testing investigated the ability of the Tulip Table Top Water Filter to reduce bacteria (*E. coli*) and viruses (coliphages MS2 and phiX174). Performance against protozoan cysts (*C. parvum*) was assigned based on the bacterial reduction achieved"

Product evaluation

Testing of the Tulip Table Top Water Filter followed requirements of the Filtration Batch System Technology Protocol. Testing investigated the ability of the Tulip Table Top Water Filter to reduce bacteria (*E. coli*) and viruses (coliphages MS2 and phiX174). Performance against protozoan cysts (*C. parvum*) was assigned based on the bacterial reduction achieved. Posttreatment silver and arsenic concentrations were collected and analysed.

"Service above self."

Tulip Table Top Water Filter

Manufacturer: Basic Water Needs B.V.

Manufacturer location: Netherlands

Treatment technology  
Ceramic candle filter

Product description\*

The Tulip Table Top Water Filter is a ceramic candle filter with activated carbon that is impregnated with colloidal silver. Microorganisms are physically removed from water as it filters through the ceramic candle under gravity. The assembled filter set comprises two 9 L buckets stacked on top of each other; these buckets serve as receptacles for raw and filtered water. The ceramic candle is screwed to the bottom of the raw water bucket. Water is filtered through the ceramic candle into the clean water bucket.

The full product description, illustrations and use instructions can be found on the manufacturer's website at [www.basicwaterneeds.com](http://www.basicwaterneeds.com).

	<b>Water quality conditions</b>	Includes a fabric prefilter that fits around the candle, to be used when treating turbid water
	<b>Fall-safe/indicator of treatment complete</b>	Includes a plastic tool to measure the diameter of the candle, since the plastic sensor fits around the thickest part of the candle, the candle must be replaced
	<b>Maintenance and lifespan</b>	Depending on the turbidity of the water, the filter candle should be cleaned regularly; the prefilter should be washed periodically The filter candle should be cleaned gently with the scrub pad included with the filter Treats up to 7000 L of water, depending on the turbidity of the untreated water
	<b>Integrated safe container/residual protection</b>	Yes
	<b>Energy requirements</b>	None
	<b>Estimated annual production (no. of units)</b>	45 000 complete Table Top water filters 80 000 Tulip filter elements Sold in more than 35 countries around the world

## RI PRESIDENT'S MESSAGE

September 2020

Rotary youth exchange — one of the many programs for youths and young adults that we celebrate this month — was my path into true engagement in Rotary. My wife, Susanne, and I began hosting exchange

students soon after I joined, and the experience helped me go from simply being a member of my Rotary club to being a true Rotarian. Now Rotary Youth Exchange is a family tradition, and a strong one: Over the past 24 years, we have hosted 43 students!

From the start, we loved it so much that, in addition to hosting students in our home, we became involved with the program by helping to organize student summer camps. During one such camp, I met Christine Lichtin, who was a German high school student at the time and whose father is a past president of my Rotary club. To try something new during this year of embracing change, I am turning this space, normally reserved for the president of Rotary, over to Christine so she can share her story.

*My first contact with Rotaract was about 13 years ago, when I was with Susanne and Holger at a barbecue for the summer youth camp. Holger turned to me and said: "Why don't you visit a Rotaract club? You'll meet a lot of great young people who come together to have fun and to make a difference."*

*A few years later, when I was at Trier University, his words came back to me and I decided to give it a try. That was more than eight years ago, and I'm still at it. Once you are in Rotaract, you just don't want to get out. Rotaract has accompanied me everywhere, starting with the Trier club and then on to a club in Bologna, Italy, during the year I studied there. When I was in Kiel for my master's degree, I got involved with Rotaract there before landing at the Rotaract Club of Hamburg-Alstertal as I began my career. Each of those clubs has its own identity and focus, but all have the same intrinsic motivation.*

*I am now taking on a senior advisory role in my Rotaract club, which I really enjoy. I carry Rotaract in my heart, and it shapes my values, even as my interests evolve. One day, as if she had sensed this evolution, Susanne knocked on my door, wanting to introduce me to a young, modern Rotary club located between Hamburg and Mölln, my hometown. The E-Club of Hamburg-Connect, which Susanne helped charter, holds e-meetings, all of them very relaxed and personal. With members of different ages, everything just seemed to fit, so I thought, why not try it out? After all, time is precious and should be filled with fun whenever possible; the rest happens by itself.*

*Now I am in both worlds — a proud member of Rotaract and a Rotarian. And my small personal goal is to build a bridge between these two parallel worlds. All of us have very similar reasons for being part of the Rotary family.*

It took some persistence to persuade Christine to become a member of Rotary, but it was well worth the effort. It is our duty to put in this kind of effort with youth program participants and Rotaractors so we can keep them in the family of Rotary. I hope you were inspired by her story. It's up to each of us to ensure that more young people like Christine can experience the many ways Rotary Opens Opportunities for us and for the people we serve.

## TRUSTEE CHAIR'S MESSAGE

*2 - K.R. Ravindran*

*Trustee Chair*

*2020-21*

### **September 2020**

In late 1914, Europe was divided by hundreds of miles of trenches. British and French forces on one side were within shouting distance of German troops on the other. The pope made a plea for a Christmas truce, but the shooting continued.

Then, on Christmas Eve, soldiers from behind British lines heard an unexpected sound — not gunfire, but singing. Next, they heard a single voice shout out, "English soldier, merry Christmas!" followed by "English soldier, come out to join us!"

Both sides cautiously emerged over the parapet into the no man's land between the trenches. Before long, the soldiers realized that it was a real truce. They fraternized, singing Christmas carols, exchanging souvenirs and whiskey, and even taking up a friendly soccer match.

The cease-fire continued only two days before the troops returned to their trenches, resuming bloodshed for nearly four long years. But the story of the Christmas truce reminds us that peace is possible, if we choose to accept it. If peace can last a few days, could it not also last months or years? And how do we prevent conflict in the first place?

In his Nobel Peace Prize lecture in 1964, American civil rights leader Martin Luther King Jr. said, "We must concentrate not merely on the negative expulsion of war, but on the positive affirmation of peace."

With Positive Peace, our society's structures, policies, and everyday attitudes and actions promote justice at all levels, sustaining a peaceful coexistence. It's an answer to the calls for justice and peace we have heard on the streets in protests from Minneapolis to Paris this year.

Positive Peace, studied at our Rotary Peace Centers around the world, is not just an academic idea for the Rotary Peace Fellows. Through Rotary's partnership with the Institute for Economics and Peace, the Rotary Positive Peace Academy offers free training to every Rotary member on how to wage Positive Peace in every project we do at the grassroots level, including Foundation grants.

Positive Peace resonates at all levels of The Rotary Foundation. Our literacy projects help children gain equal access to literacy, so opposing sides on an issue can understand each other better. Through our Foundation grants that provide clean water, communities gain stability, as more children stay in school rather than fetching water for hours on end.

Our role as civil society leaders who wage Positive Peace will continue to expand, not only through partnerships and more grants, but also through our hearts, minds, and hands as we offer our gifts to make the world a better place.

## WHAT HAPPENED LAST MONTH...

## RCC Goes Virtual

*By: Secretary Walter Cang*

When our club and the lives of every city-dwelling Cebuano fell into the chasm we now call quarantine, it seems to have thrown our lives in a loop. As a club, we took a month-long break from meetings and reemerged online. Our beloved Sugbuanon had fallen silent and I haven't had the need to write this article since.

So now we're back, albeit a monthly instead of a weekly publication. At first, I thought it was going to be easy since I need to write once a month instead of every week. But egad! Turns out I'm hard pressed to recall what were the occurrences and what had been spoken in the last 4 weeks. Dios mio! So I ask for your indulgence as I try to recall the snippets of our gatherings from the last 4 weeks.

*3 - Rotary Club of Cebu RY 2020-21 6th Weekly E-Meeting (6th of August 2020)*

Our first meeting saw the premiere (I think) our club's newest approach to fellowship singing. I have to hand it to our meeting admin Rtn. Edward Tan Ting and his team. They requested selected members to individually record themselves signing the same song (Lean in Me) and edited these into a single video with music laid in. It was a good formula and I hope we can use it in our future meetings. That day, PAG Stephen Chian presented the Paul Harris Society Chevron to Rtn. Fred Regottaz. He now joins the small but growing club of members who pledge to make an annual donate of \$1000 to TRF. Congrats to Rtn. Fred and let me add that with his impending departure back to France, RCC will miss you greatly. Rtn. Fred graciously said a few words of thanks to how Rotary has changed his life and outlook and that he will certainly take this with him on his journey back to his home country.

*4 - Song Cover :LEAN ON ME by - Dir George Chan, Rtn Mel Alejandro, Rtn Patrick Lopez & Rtn Joey Suaco*

During his president's time, Pres. Ed gave a quick update to our club's various projects. He also reported an extensive article published in Manila Times through the effort of Dir. Sam Chioson. (Press release thru CEBU DAILY NEWS : ["Rotary Club of Cebu Inducts New Set of Officers Online"](#) and RMA NEWS.NET: [Edward Gaisano to Lead the Rotary Club of Cebu in the New Rotary Year](#)) a "Service Above Self moment", he commended Rtn. George Paraoan who now heads our service projects and PP Bernard Sia in their effort to distribute supplies, food and PPEs to barangays and LGUs. He warmly congratulated Rtn. Fred on his commitment and wished him well as he takes the spirit of Rotary back to France.

```

That day we welcomed Seby Pelaez as our guest speaker. Seby had impressive credentials as he had worked at well-known internet firms like HonestBee and Food Panda during their formative years. He then joined another firm that operated in the food service industry called Eatigo. Somewhere along the way, he decided to strike out on his own and now runs an internet based firm called YumYum deals. His talk was supposed to be around Going Digital in the F&B Industry but it turned out to be more of a pitch for his new venture. He did start off by sharing some data on what's happening in the industry prior to this year. I was hoping to hear more about what's happening now and something close to the announced topic but I think he only dwelt on it for a few minutes at the end. In fact, I'm not sure now if it covered during his closing statement or in response to a question from the audience during Q&A. Maybe he ran out of time to do a deep dive but my takeaway (pardon the pun) was not what I expected. Nevertheless, I wish him well in his new venture. It's not easy to be a startup standing alongside giants. Perhaps we can hear back from him down the road as he shares more of his experiences and pitfalls in this venture.

The following week we found ourselves with the Rotary Club of Manila, our mother club, in a joint meeting. Being the first Rotary club in our country, we have always looked up to them and admired their rich history and vast number of heavy hitters in various industries and political landscape. Although the pandemic has forced us to change our lifestyle, it also made us realize the opportunities to meet others are now limited only by the time zones. If one plays their cards right, it would not be impossible to have a leader of a country or even a well-known personality be in our midst during our online meeting.

5 - Rotary Club of Cebu RY2020-2021 7th Weekly E-Meeting

During President's Time, Pres. Ed reported on the status of our GG projects in Tabuelan, Daan Bantayan and our last remaining patient for Gift of Life, Baby Calsona who is still in Manila since the start of the year awaiting his 3rd and last operation. He spoke about upcoming joint WASH projects with our sister clubs, our fit out projects at Daan Bantayan and Tabuelan, as well as 2 upcoming projects with Japanese clubs. He spoke at length about our various activities under our initiative to fight Covid 19 including the wrap up of our community kitchen with the Navy reservists and the donut program for frontliners. a "Service Above Self" moment when from baby Rtn. Ryan Yu donated 400 face shield in the name of our club to the IATF.

Embed://<iframe

src="https://www.facebook.com/plugins/post.php?href=https%3A%2F%2Fwww.facebook.com%2Frotarycebu%2Fposts%2F3517572264927751&show\_text=true&width=552&height=798&apld" width="552" height="798" style="border:none;overflow:hidden" scrolling="no" frameborder="0" allowTransparency="true" allow="encrypted-media"></iframe>

The guest speaker was PP Roy Lotzof and he was introduced by no less than his son, Rtn. Mark Lotzof. He spoke about The Rotary 4-Way Test, Energy Efficiency as a Service which I found very interesting since energy efficiency and reduction is one topic that has hucksters in various forms coming out of the woodwork. But when superimposed against the 4-Way Test, one can't get more truthful than that! PP Roy has been in the energy efficiency business for several years so he speaks with a level of authority. His message was well crafted and I thought he got through the audience very well. He shared one tidbit of info that few have considered in their migration to LED bulbs. Yes, it saves power, but don't hold your breath on the 10-year lifespan as our dirty power reduces it to a measly 2. He encouraged monitoring energy use in real time, not post hoc. Doing so allows one to modify usage or lifestyle ahead of your finish line.

I loved how he translated the Rotary's 4-Way Test into 4 pillars for his message. (Truth) Total transparency and reduced risk, (Fair) Sharing financial rewards using empirical data, (Goodwill & better friendship) Work together with a free flow of info to build trust and alignment of shared interest, (Beneficial to all concerned) – client, employees, financiers, minimize and fuel save, community.

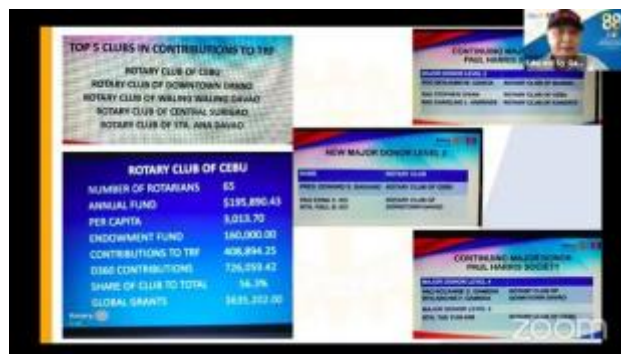

PP Roy's talk certainly drew lots of interest and received many positive feedbacks from the audience. It would be too long for me to continue writing about it but you can watch PP Roy's excellent presentation again, just go to our Facebook page where we have posted the recording of our meeting. Our third meeting in August, our fellowship singing was a hit! I've never seen so much raw talent in solo and group singing from our more senior members who sang Neil Diamond's version of Sweet Caroline. And the beauty of it was the singers had as much fun recording their song as the audience had watching their performance. Great job guys.

6 - The International Trio Song : SWEET CAROLINE 1. PP Cheling Sala 2. Rtn Fred Regottaz 3. Rtn Larry Stonebraker

Pres. Ed gave a rundown of our Initiatives against Covid 19 with rice and PPE to various groups and communities. About 50 sacks of rice were pledged by RCC members in a matter of hours and these will be given out over time to the residents of Barangay Tinago. He also reported on the field visits conducted by our GG PM Ernie Alix for the WASH projects in the hinterland schools of southern Cebu. Pres. Ed also shared a snapshot of our club's donations profile as extracted from the district report. In his "Service Above Self" moment, he cited PP Bernard Sia for his continuing effort to distribute PPEs around the city and PP Stephen Chian who recently donated over \$700 to cover a gap in funding for our GG WASH project, as well as donating food to the recent thanksgiving meal for the Navy Reservists.

That week, we saw Ravishankar Saravu in our midst. He is an Indian expat based in Cebu for the last 6 years and is managing the Mactan Cebu International Airport with over 21 years of experience in the industry. With Covid 19 having shut down flights both ways, the city's crown jewel for tourism has been sidelined so it was good to hear from Ravi.

7 - Rotary Club of Cebu RY2020-2021 8th Weekly E-Meeting

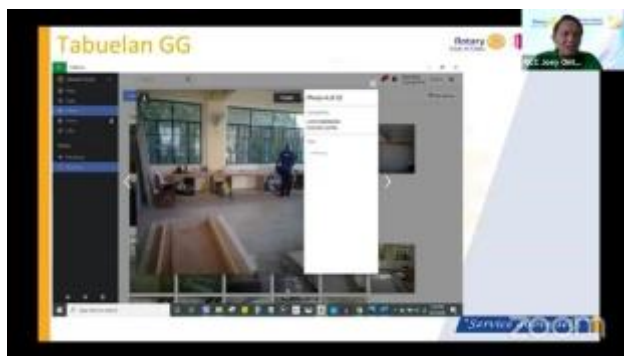

He shared the impact of the pandemic in his industry and likely long period of recovery still ahead. He also shared information on the new initiatives in place within the airport, in terms of facilities and

procedures to keep passengers safe. Plenty of aerosol barriers are now in place and footpaths and standing spots are now clearly outlined. Hand sanitizers abound and all tenants serving food now use QR codes for contactless payments. Even check ins can now be done by QR codes on your phone, ensuring an entire journey being undertaken under contactless conditions.

Ravi also shared what they have done for Covid 19 testing and shared what facilities they have constructed at the airport terminal and new protocols in place for arriving passengers. Overall I think the management has done a great job getting this facility ready to operate under post Covid 19 conditions. He also shared data on the number of passengers that passed through the terminals in the last 5 months, showing a steady increase in traffic driven by the departure and arrivals of stranded passengers.

But a bigger question exists in when we can see travel industry bounce back and my guess would be much like yours, one drawn from the air. As the infamous boxer Mike Tyson was to have said, “Everyone has a battle plan until you get punched in the face”.

Our last meeting of the month, Pres. Ed continued his report on the different activities undertaken by the club to fight Covid 19, the donation of vitamins to the children of CSYGC. He also shared the good news of the Rotaract of Cebu having won a plethora of awards from the district including Most Outstanding Club, District Officer and Citations in Club Administration, Membership, Public Image, TRF, District Participation, Service Project and Outstanding Achievement Award which landed them in the Elite Circle of Excellence award. Impressive and congratulations! He continued to encourage our member’s efforts in service and reminded everyone not to forget to donate soonest to the Rotary Foundation. We also heard from Rtn. Joey Ontanillas presenting his progress report of our GG projects in Tabuelan and Daan Bantayan. This was delayed due to GCQ but has once again gained traction with on-site visits being conducted and bids awarded to winning contractors. He was then followed by Dir. George Paraoan who gave us the latest update on our club’s service programs. First was a joint project with the Rotary Club of Fort San Pedro, donating school supplies, alcohol and face shields to the school. Dir. George also shared our club’s donation of books to Mind on Wheels, an NGO which aims to encourage reading as a means to fight illiteracy. He also reported a planned donation of the second batch of rice to the residents of Sitio Silangan in barangay Tinago. Our speaker was Atty. Eric Menchavez Jr., a returning speaker who had spoken to the club last year about the new law on one-person corporation. This time, he came with a new message that resonates among many of us, Downsizing Strategies for Establishments Affected by Covid 19. He began by presenting a number of questions likely to be asked by when it came to downsizing.

8 - Rotary Club of Cebu RY 2020-21 9th Weekly E-Meeting (27th of August 2020)

Atty. Eric shared some somber figures on the impact of Covid 19 in the employment landscape of our country. This led to his next topic which was define what downsizing is all about. The rights of an employer to undertake this and the limitations that go with this. Other subjects covered includes the kinds of employees hired by firms according to tenure. He then covered the ways be which an employer can end his relationship with an employee such as in a closure or retrenchment; and how one goes about undertaking this lawfully. Atty. Eric's practice revolves around labor laws and his expertise was clearly demonstrated in his talk. I think he covered a lot of subjects around the topic and the level of questions posted after his talk certainly showed a lot of interest from his audience.

## WEEKLY MESSAGE (By Rotarians for Rotarians)

### WHAT IS A ROTARY FOUNDATION GLOBAL GRANT SCHOLARSHIP?

Established in 1947, the original Ambassadorial Scholarship program, valued in excess of \$20,000 was designed to further international understanding and friendly relations among people of different countries. With the launch of the Rotary Grants model, scholarships are now used to fund study by graduate students whose career goals support an area of focus. The funding is the same as a Humanitarian global grant with a minimum scholarship amount of US\$30,000. Upon returning home, Rotary Scholars share with Rotarians and others their experiences that led to a greater understanding of

their host country, and what career they will go into in order to meet the six areas of focus and spread good will and understanding.

### **WHY DON'T YOU NOMINATE A GRADUATE STUDENT FOR A SCHOLARSHIP?**

10 - ROTARY CLUB OF CEBU AKS

## A Gift that Keeps on Giving

A gift that keeps on giving. How an athlete half a world away came to the Philippines and a chance encounter led to a story of saving lives, again and again. Kim Lee Hall, a Korean-American tech executive working for Google in Texas, had signed up to join the Ironman 70.3 race in Cebu in 2019. Arriving more than a week before the event, he went on a tour to swim with whale sharks in one of Cebu's southernmost towns, Oslob. To his horror, he later discovered his watch had detached while swimming and fallen somewhere in the vast sea. While these things do happen, to a triathlete, this is a painful loss. But for one who is a stranger in a foreign country, with a week left before Ironman, this was disaster. An athlete's watch is the only source of information to set his pace and get minute by minute information on how his body is performing in the 7-hours or more it takes to finish this interdisciplinary competition. Without one, he is literally racing blind. With nowhere to go for help, Lee, who is married to a Filipina, reached out to the Filipino triathletes stateside for help. One triathlete who met PP Bernard Sia when the latter competed in Ironman Texas passed the word and the two met up. PP Bernard not only lent him a watch, but played tourist guide for the duration of Lee's stay in Cebu. He brought him around the city and told him about Rotary. He shared his story about what we do, about Gift of Life, and invited him to our weekly meeting. Lee was so touched by the kindness he had experienced and by what he had heard and seen. It was then that he decided to donate \$2,500 to our Gift of Life program. Not only that, he promised that upon his return home, he will enroll our club in the Google Gift Matching program; a CSR program that allows Google employees to pick a beneficiary and their personal donations will be matched by Google. Lee not only kept his word, but has hasn't stopped giving. While we are most grateful for strangers and friends who donate to our cause, we have been blessed by those who stay in touch, who continue to thirst for news about our club and continue to support what we're doing. To date, Lee and Google together, have donated over ₱200,000 to help fund our Gift of Life Program. It has gone on to help us in our initiatives to fight Covid 19, despite his home state being a hotbed for the Covid 19 pandemic in his country; Lee has not forgotten our club and our community. It's not every day

that one loses a watch. But even rarer is how a kind soul lost a watch, and experienced an act of kindness that sowed the seed of giving to save lives, again and again. Rotary Club of Cebu is blessed to have received a gift in the person of Kim Lee Hall; and we are greatly humbled by his generosity and kind heart. We look forward to one day, when the dust of this pandemic has settled, to have the chance to give him the proper recognition he greatly deserves.

# Rotary

## THE FOUR-WAY TEST

of the things we think, say or do

- 1 Is it the **TRUTH**?
- 2 Is it **FAIR** to all concerned?
- 3 Will it build **GOODWILL** & **BETTER FRIENDSHIPS**?
- 4 Will it be **BENEFICIAL** to all concerned?

# Rotary

## OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- 1 The development of acquaintance as an opportunity for service;
- 2 High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- 3 The application of the ideal of service in each Rotarian's personal, business, and community life;
- 4 The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.
