**12th E-Meeting: September 17, 2020**

- The Club president announced that the Club would have its first business meeting for the Rotary year next Thursday focusing on how the Club can best position itself in pursuit of the Rotary ideals of service above self. He requested the officers and committee chairs to update the members on the activities of their respective projects with the view of enticing the new members of take interest.

**13th E-Meeting: September 24, 2020**

After welcoming the guest speaker-- Mr. Randy Nelson Cabahug-- Pres Ed profusely thanked Rtn. Joey Ontanillas, PP Mike Torres and Rtn. Bronson, for taking time and effort to deliver school items to Tongkay Elementary school situated in the remote area of trans-central part of Cebu hardly inaccessible by vehicles. Books, housekeeping supplies, and teaching supplies were given. The Saturday following, Rtn Joey Ontanillas would again lead a caravan for the Club projects in Tabuelan and Daan Bantayan.

The President advised the disposal of excess PPE's which the Club had fabricated and still held in inventory. Anyone who has a good idea on how to do this should coordinate with PP Bernard Sia.

## RI PRESIDENT'S MESSAGE

**October 2020**

During a recent Zoom meeting with Rotarians and Rotaractors, I looked at the smiling faces on my screen and realized how much our organization has changed in a short period. It is clear that there is no going back to the "old normal" in Rotary — and I see that as an exciting opportunity!

Innovation and change are happening at so many levels as we rethink and remake Rotary. Rotary's new flexibility is blending with digital culture to drive change in ways that many of us have never seen before. We can learn a lot from Rotarians like Rebecca Fry — who, at age 31, already has 15 years of Rotary experience.

*I see Rotary as a phenomenal platform to change the world. I believe I can have the greatest influence by empowering others to create the change they wish to see in the world. I've gained leadership insights through my experiences in RYLA and Rotaract, and now, as charter president of the Rotary Social Impact Network, a new e-club.*

*Engaging Rotary program alumni is key in forming new clubs. Our club is proof that Rotaractors and other alumni want to join Rotary — but sometimes they can't find the Rotary club that's right for them. Our club has 31 members, all between the ages of 23 and 41, and almost all of them are alumni of Rotary programs.*

*We need to be able to integrate and align Rotary with the other personal and professional goals we're pursuing. In chartering this club, we set out to design a personalized model of Rotary that is focused on added value for our members. We have also sought to leverage connections — through Rotary Fellowships, Rotary Action Groups, and other international partnerships — in order to elevate our members' experiences beyond the club.*

*Our club meets and manages most of its projects online, using Microsoft Teams to engage 24/7 in topics that interest our members. This also means our club is not geographically bound to any one location: Although many of us are in Australia, we also have members in Germany, Italy, Mexico, Tanzania, and the United States.*

*Also key for our club is measuring the impact of our projects. For Plastic Free July this year, we created an awareness campaign promoting ways that individuals could reduce their use of plastics, and we reached more than 6,000 people. It's a project with a tangible impact that anyone can take part in wherever they are. I'm proud that, through our club, we are bringing people together for a new type of Rotary experience. I am excited for our future.*

All Rotary clubs have the opportunity to be innovative clubs, just like Bec's club. Let's trust those clubs, learn from them, and lend them our support. Change in Rotary happens at the grassroots level, as clubs lead the charge, defining what this new Rotary can be.

Change is constant, and we have more work to do in many areas. It is important that we celebrate the contributions of people of all backgrounds and promote people from underrepresented groups so that they have greater opportunities to participate as members and leaders in Rotary.

The tools to make Rotary more inclusive, more relevant, and more fun for everyone are at our fingertips. Let's use them now, and we will see how *Rotary Opens Opportunities* for ourselves and for those yet to discover us.

## TRUSTEE CHAIR'S MESSAGE

*1 - K.R. Ravindran*

*Trustee Chair*

*2020-21*

### **October 2020**

In the early 1990s, polio was still a concern in my country. As the Sri Lanka PolioPlus Committee chair, I was part of a task force of Rotarians, government officials, and UNICEF representatives that drove all polio eradication efforts, including National Immunization Days (NIDs).

But those were difficult days; civil war was raging in Sri Lanka. The government said NIDs could happen only outside conflict zones. This meant one-third of the country's children would not be vaccinated — an unacceptable proposition.

Rotary stepped in with UNICEF to engineer a cease-fire. Establishing contact with one of the world's most feared and elusive rebel leaders was not easy, and we were careful to maintain Rotary's good name during negotiations.

A few weeks later, my secretary delivered a letter to my office, her hands shaking. Signed by the rebel leader himself, it read: "Dear Mr. Ravindran: If you can persuade your government to stop the war for two days, then we are willing to lay down our guns for two days too, for our war is not with children."

Soon the NID was on, and vehicles bearing the Rotary emblem traveled to the vaccination booths in the areas occupied by insurgents, receiving the same respect and courtesy as the Red Cross.

Obstacles can seem insurmountable until we overcome them.

In March 2020, the polio program made the tough decision to temporarily suspend polio immunizations while the polio infrastructure that Rotary members had helped build was used for COVID-19 response. But with the wild poliovirus now banished from the African region and circulating in just two remaining countries, we continue to move forward. Our history shows that we can overcome even the most difficult situations. But we can't do it without your help.

World Polio Day is 24 October, and it's the greatest opportunity we have to raise funds and awareness for Rotary's polio eradication efforts. Visit [endpolio.org/worldpolioday](https://endpolio.org/worldpolioday) to get tools for planning virtual events and fundraisers, and to register your club's event.

Please consider making a donation to End Polio Now, to be matched 2-to-1 by the Bill & Melinda Gates Foundation. In the face of a pandemic, there is a serious risk of further spread of polio. Your support is more important than ever, and it will ensure that together we can tackle the remaining obstacles and achieve a polio-free world.

## WHAT HAPPENED LAST MONTH OF SEPTEMBER 2020...

**RCC continues to be Virtual**

*By: Secretary Walter Cang*

Our weekly meeting this month kicked off with an experimental hybrid meeting via zoom. A few of us gathered at an outdoor area right outside Circa Dos to enjoy a meal in a social distanced setup. We then beamed our gathering on zoom to join the rest of our members for the meeting. There was only a handful of us but it was great to be able to see each other after all these months of meeting online, a refreshing change. As I have always declared, technology is awesome if it works but can cause the affairs to descend into chaos if it fails. So when mobile internet speeds became unstable, it was a mad scramble to switch devices. Fortunately, it worked so we were back in the game in short order. Fellowship singing was to be rendered by the handful at the meeting but with lag in internet and zoom, our timing was off and it became a dog's breakfast, albeit a hilarious one. Pres. Ed was on site and as an insurance, he appointed PE Jacob to deliver the President's message online.

Our guest speaker that day was PDG Ted Locson who shared his thoughts and updated us on the highlights of the Council of Resolutions and Council of Legislations. They pertain to how Rotary Clubs are governed in the conduct of club affairs across Rotary. Much of it would not have impacted an everyday Rotarian. But when you begin thinking of taking a step up in club affairs, it proved to be an interesting topic. It allows you to fully understand and appreciate the complexities and rationale of the things we do within our club and our District.

The following week, our meeting was back to full online and fellowship singing went smoothly, punctuated by laughter as several of our gen X members led by none other than Dir. Shige Onda belted out the theme song for a popular Japanese TV show in the 80s, Voltes IV. Well done guys. Pres. Ed. Shared his views on the state of affairs in our fight against covid 19. He cautioned us from being complacent as our infection numbers begin to go down. Citing other countries who are experiencing a challenges of “precaution-fatigue” which might lead to a second wave. He enjoined us to keep a reserve in resource and effort in case our country falls into that pattern.

Dir. Ken Ngo announced the start of our membership orientation in a series of 15 minute sessions after our weekly meetings. This annual activity is intended to help our new members get a more in-depth understanding of what being a Rotarian is all about. Dir. Ken then went on to introduce our guest speaker, Henry Motte-Muñoz who was invited to talk about his advocacy, Edukasyon.ph. Henry hails from Manila but student and worked abroad. He came back and founded Edukasyon.ph where he serves as CEO. Henry shared with us his vision and how their website is used as a resource by hundreds of educational institutions to connect with half a million registered students in our country. With over 8 million hits annually and 30,000 monthly inquiries through their platform, they are a significant enabler in connecting employers, educational institutions and students. He talked extensively about their target market, services their website offers and the landscape of the environment they operate in.

The following week we hosted our club's first business meeting of the year. We invited our different Committee Chairs to report on what they are doing and our officers also briefed the members on different matters involving our club. TRF Chair Baba Panopio gave an extensive briefing on TRF and how our club is performing for Foundation giving. The good news is that we continue to take a lead in the District and set a very positive example that other clubs can follow.

The last meeting of the month Pres. Ed presented his report on our club endeavors to fight Covid 19. He cited IPP Mike & Rtn. Joey Ontanillas and his team who delivered PPE supplies and book donations to

Tongkay Elem. They are also scheduling a trip to deliver supplies to Tabuelan. He informed our members that our club is now in the winding down mode for distribution of PPEs but will be keeping inventory so we can act quickly should the need arise.

Our speaker that day was Randy Nelson Cabahug, a resource speaker of EduChild Foundation for over 21 years. His talk centered around Parenting in Tough Times. Randy is a parent himself, married to a medical Doctor and his 2 boys have followed in his wife's footsteps in the medical field. Randy spoke briefly about the different programs offered by EduChild. He credits Faith, Family & Friends as the most influential things that matter in your life. He shared that children these days consider 3 things that matter to them. First is a Place in this world to give them recognition & acceptance, second their Peers, and third, to make a Point, being opinionated, vocal, even argumentative. In short, their mindset is very different from how we were expected to behave. He also shared some anecdotes on what to help keep in mind are important things we need to consider these days; time for each other, get involved and nurture their talent, and teach them how to handle finances so they can take care of their treasure. One exercise he shared was to have parents and their kids answer some questions to help determine your involvement and familiarity with each other. These include last movies watched as a family, child's favorite ice cream flavor, 2 close friends of your child, etc. He ended his talk with a saying, Family – we may not have it all together, but together we have it all.

## WEEKLY MESSAGE (By Rotarians for Rotarians)

# The Rotary Foundation

### WORDS FROM A PAST ROTARY FOUNDATION AMBASSADORIAL SCHOLAR:

“The Rotary Foundation’s programs are all the more important because we live in a world of sharp contrasts: fear and hope, illness and good health, poverty and wealth. Worse, we live in a world in which inequalities of income, unemployment –and presumably exclusion from well-being - have sensibly increased in the last fifteen years, not so much between countries, but with countries, developed and developing alike. In such situation, the role of The Rotary Foundation is of the utmost importance.”  
French Professor Rene Munier, 1967-78 Rotary Foundation Ambassadorial Scholar

## OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- 1 The development of acquaintance as an opportunity for service;
- 2 High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- 3 The application of the ideal of service in each Rotarian's personal, business, and community life;
- 4 The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.
