During 2019-2020, I am encouraging Rotarians and Rotaractors to grow Rotary. We must grow our service, we must grow the impact of our projects, but, most importantly, we must grow our membership so that we can renew more.

Let us try a new approach to membership, one that is more organized and strategic. I am asking every club to form an active membership committee consisting of people of different backgrounds who will look multiculturally at the leadership of the community.

Your club's membership committee will then apply Rotary's classification system — designed to ensure that the range of professions in your community is well represented — to identify potential leaders with the skills, the talent, and the character that will strengthen your club. If your club's membership committee is unsure how to proceed, look to the classification committee checklist on Rotary.org for clearly defined steps to organizing its work.

How else will we connect to grow Rotary? We will also form new types of clubs — other independent clubs or satellite clubs — with different meeting receptions and engaging service opportunities, not just where there is no Rotary, but also where Rotary is already thriving. No Rotary club in the world can possibly serve all segments of its community — therefore, we must regenerate new clubs to engage the community leaders who cannot connect with our existing clubs.

Creating Rotary is all about taking the connections that make our organization unique in the world and transferring and multiplying them. Let us commit ourselves to creating Rotary and to welcoming the next diverse generation of women and men as Rotary Connects the World.

When you see the Rotary logo, you know you are part of the Rotary family. The Rotary logo is a symbol of our organization's commitment to service and to the Rotary ideal.
